COMMUNICATIONS.

WASHINGTON, D. C., February 22, 1911.

Leroy A. Wright, Chairman of the Committee on Federal Relations, Sacramento, California.

In my opinion the proposed treaty fully and completely protects the interests of the people of the Pacific Coast and will continue the policy in reference to immigration now in force; the provision for setting aside the treaty on six months' notice is a further and absolute protection.

FRANK P. FLINT.

Also:

WASHINGTON, D. C., February 23, 1911.

Hon. Lester L. Wright, Chairman Federal Relations Committee, Sacramento, California.

Proposed Japanese treaty contains practically same provisions present one, difference being in our favor that it may be canceled upon six months' notice. Secretary State informs us declaration Japanese Ambassador gives every assurance that there will be no immigration laborers into United States, as they can not leave without Japanese passport, lacking which under our laws they may be deported. Think treaty will meet approval of our people when they understand all its provisions.

PETITION.

Senator Bills presented the following petition, which was ordered printed in the Journal:

REPRESA, SACRAMENTO CO., CAL., February 18, 1911.

Hon. Albert J. Wallace, President of the Senate, Sacramento, Cal.

DEAR SEN: The State Board of Prison Directors at its session to-day had under consideration Senate Bill No. 25, and are firmly convinced that, in its present form, it would be highly injurious to prison management and would place the board under the arbitrary control of another bureau. The members of the Board of Prison Directors derive their powers from the Constitution of the State, and the board is the only one, with the exception of the Railroad Commissioners, provided for by the Constitution.

We do not desire to enter into any legal controversy as to our rights or duties, and are perfectly willing to perform any duty the Legislature in its discretion may impose upon us. But we submit that some discretion should be allowed to us, and what we believe, from our experience as state officers, to be for the best interests of the prisons should not lightly be laid aside.

We have adopted the inclosed proposed amendments and believe that you will agree with us that, with the adoption of these amendments, all that any person can reasonably expect will be accomplished. The provisions making it a misdemeanor not to give all data that the Bureau of Identification may ask for, without limitation or definition, is particularly objectionable.

We urge upon you the amendment of the bill in the respects pointed out in the resolution and ask you to see that the bill is so amended.

Very truly yours,

STATE BOARD OF PRISON DIRECTORS.
By ROBT. T. DEVLIN, President

J. E. HOSIER, Clerk of Board.

PROPOSED AMENDMENT

WHEREAS, Senate Bill No. 25, creating a State Bureau of Criminal Identification, now pending in the State Legislature, provides that the wardens of the state prisons shall furnish weekly to said bureau certain photographs, descriptions, measurements, and finger prints, and also "such other data from their respective institutions as it, in the judgment of said board of managers of said bureau necessary to carry out the provisions of this Act;" and,

WHEREAS, Said bill contains the further provision that "any prisoner failing to comply with any of the provisions of this Act shall be deemed guilty of a misdemeanor;" and,

WHEREAS, Said provision, if enacted into law will tend to embarrass the proper management of the state prisons and the proper care and treatment of the prisoners therein; now, therefore, be it

Resolved, That the State Legislature be requested to amend said Senate Bill No. 25 as follows:

1. Strike out from line 5, Section 10, on page 6, of printed bill, the following words: "and such other data".

2. Strike out from lines 6 and 7, of Section 10, on page 6, of printed bill, the following words: "as is, in the judgment of such board of managers of said bureau necessary to carry out the provisions of this Act".

3. Strike out the whole of Section 16, on page 7, of printed bill.

Adopted by the affirmative votes of Directors Declin, Porter, Foster and Church.

Senator Larkins presented the following petition, which was ordered printed in the Journal:

BAKERSFIELD, CALIFORNIA, February 6, 1911.

To His Excellency, Hiram Johnson, Governor of the State of California, and to Members of the Senate and the Assembly:

The board of supervisors of Kern County is advised that a bill has been introduced in the Senate by Honorable E. O. Larkins, and the Assembly (by request) by Honorable Fred H. Hall, to provide an additional and third judge for Kern County.

As the governing board of said county, fully conversant with conditions in the public service and advised as to the county's needs, emphatic protest is herewith made to the enactment of the proposed law, and in furtherance of such protest we submit the following:

The two judges of the Superior Court of Kern County are able and conscientious, and always at their posts of duty to care for that department of the public service. But even so, the records of the court show that the cases actually submitted to them for hearing, during the year 1910, consumed less than one third of their time in actual trial.

The bane of progress in court procedure is the ever present tendency of attorneys to postpone the trial of cases. As an illustration: In the month of January just past, in the two departments of the court, there were twenty-three cases set for trial during that month. Fifteen were heard and determined, and eight—about 33 per cent—were postponed by the action of the attorneys. The records for 1910 disclose this same condition as to postponements, and while it is true that many civil cases were filed during that year, it is equally true that a very large percentage of these had to do with lands in the newly discovered oil fields, brought oftentimes for the purpose of effecting compromises, cases which were never brought to a conclusion, and probably never will be. The settling of conflicting claims in the oil fields, and the withdrawal of Government lands from entry will greatly decrease the number of civil cases in future.

But the few attorneys from whom comes the insistent demand for a third judge contend there is a congestion of criminal business which prevents the trial of court cases. The facts are:

During 1910 there were seventy-eight criminal cases filed. Eliminating those cases in which the defendants plead guilty, or in which there were dismissals, exactly twenty-five cases were tried during the twelve months, or at the rate of one a month for each judge. Five of these cases consumed in the aggregate six weeks of time. The remaining twenty were each disposed of in one day or two days. The court records show that only seventy days during the year were consumed in the trial of criminal cases.

In the month of January, 1911, just one criminal case was tried in each department, each case consuming two days.

For February, in one department, there was not a single criminal case set, and but one for the month of March. In the other department, the judge was ill for some weeks, and there are ten criminal cases set for February. An additional judge has been called in, as is wisely provided by law for just such emergencies, and the calendar, we are advised, will be cleared by the end of the month.

Now, as to the civil business, it happens that there are just nineteen cases on the calendar of the two departments set for trial in the month of February, and only two cases set beyond February—one in March, and one in April.

With this statement of facts, the board of supervisors of Kern County emphatically protests that there is no congestion by reason of the criminal business, and that the two established courts have ample time to take up all civil cases as fast as the contending attorneys can agree as to the hearing; and we call attention to the fact, and it is a significant one, that the present judges have not asked for, nor are they asking for, the assistance that some members of the local bar are laboring so assiduously to thrust upon them.

Voicing the sentiment of the taxpayers as it is known to us, the supervisors urge you to use your influence and good offices to defeat a measure that will impose a heavy expense upon this community and additional burdens on property holders, wholly without reason so far as efficiency in the public service is concerned.

Senator Welch presented the following petition, which was ordered printed in the Journal:

SAN FRANCISCO, February 7, 1911.

Hon. A. J. Wallace, President and Members of the Senate of California, Sacramento, California.

GENTLEMEN: Your attention is directed to the following resolution adopted by unanimous vote at the meeting of this council, held Friday evening, February 3, 1911:

WHEREAS, The State of California maintains a State University at a great expense to its taxpayers; and

WHEREAS, The State of California at this State University has undertaken to educate young men to be lawyers; and

WHEREAS, Traditional law as shown in English common law has protected property to the subordination of human rights and interests, has placed the interests of corporate organizations above the interests of the individual, and by the abuse of the injunction has betrayed the State and its people in the service and interests of corrupt wealth; and

WHEREAS, The lawyer who is trained to support these abuses, and reproduce and apply them is a menace to our community; therefore be it

Resolved, By the San Francisco Labor Council in regular session assembled, this third day of February 1911, that we instruct our representatives in the Legislature to make due and proper inquiry as to the condition of legal education in reference to the interests of the people, at the State University, and to make such provision as may be in their power to have the interests of the people duly protected and advanced in the education of the youth at the law school of the State University.

The above resolution deals with a vital principle of education and training, and we earnestly solicit the cooperation of the upper house of our Legislature, to the end, so far as the State University is concerned, at least it shall stand for progressive education, and be of greater service and credit to the State of California.

Trusting you will call this to the attention of the Senate, I beg to remain,

Respectfully yours,

ANDREW J. GALLAGHER.

Secretary San Francisco Labor Council.

Senator Gates presented the following petition, which was ordered printed in the Journal:

MEMORIAL TO THE GOVERNOR AND LEGISLATURE OF THE STATE OF CALIFORNIA.

WHEREAS, The Congress of the United States may not heed the facts and arguments advanced in the foregoing resolution, but may continue to disregard and to violate the rights of the merchant shipping in the foreign trade of California; therefore, be it

Resolved, That as citizens of California, the members of this association respectfully appeal to the Governor and Legislature of the State to intervene in behalf of the shipping trade and to protest and remonstrate to the Federal Government against continuance of its present policy of discouragement and unprotected which is to blame for the loss of our foreign carrying trade and the disappearance of our flag from the ocean, and to insist upon the specific performance of the compact of the Union for navigation laws in perpetuity, for the encouragement of shipping against each and every alleged disability of our citizens to compete with foreigners in carrying our foreign trade; and be it further

Resolved, That if the Federal Government will not return to its original policy and afford the desired and promised protection, then and in such event the State of California demands the alternative, that the right be restored to the State, to enact

and enforce such discriminative regulations as shall afford due protection of its shipping, under Article I, Section 10, Clauses 2 and 3 of the Constitution of the United States, in which provision is made that the consent of Congress shall be necessary for any state to lay any impost or duties on imports, or to lay any duty of tonnage, for any purpose; that is to say: The Federal Government should protect the marine of California in the foreign trade, according to compact, or Congress should consent and permit the State to do so, by duties laid on foreign goods and vessels.

Adopted by the Federation Improvement Association of Los Angeles, California, at its regular meeting in the city of Los Angeles, this the 16th day of February, A. D. 1911.

I, W. H. McGill, secretary, hereby certify that the above and foregoing is a true and perfect copy of the record entry of the above entitled matter as fully as the same appears of record in the minutes of the Federated Improvement Association, of Los Angeles, California.

WM. H. MCGILL,

Secretary Federated Improvement Association.

WHEREAS, The Japanese Government has, upon representations made by the President of the United States subsequent to the ratification of said treaty, acknowledged the necessity and adopted the policy of restricting the immigration to this country of its subjects of the laboring class, and is now enforcing regulations of its own for that purpose; and

WHEREAS, The people of California are greatly desirous of securing recognition by treaty of the restriction of immigration to our shores of such Japanese subjects in order that the principle thus established may receive the formal sanction of both high contracting parties and the relations of peace and amity now existing between said governments may be strengthened; now, therefore, be it

Resolved by the Senate and Assembly, jointly, That the Legislature of the State of California hereby expresses its entire confidence in our Federal Government, and earnestly urges the treaty-making power of the United States to obtain by treaty, in permanent and definite form, an assurance to the people of this country that such immigration will be effectively restricted and controlled.

"AND WHEREAS, The provisions of said treaty will soon expire and an entire new adjustment of treaty arrangements will have to be made; and

WHEREAS, The Japanese question is not a local or sectional question but threatens to affect the body politic of the entire nation both economically and ethnologically; and

WHEREAS, The attitude of some recent California officials and others in the East who were once high in authority has given the people of the Eastern states and the United States generally an erroneous impression as to the real sentiment of the people of the Pacific coast relative to the Japanese and other Asiatic questions; and

WHEREAS, The exclusion of Chinese laborers under the exclusion laws of the United States has tended to preserve the economic and social welfare of the people; and

WHEREAS, The interest of California can best be safeguarded by the extension of said exclusion laws by extending their terms and provisions to include Japanese, Koreans, Hindoos, and all other Asiatic people; and

WHEREAS, The influx from the over-populated nations of Asia, of people who are not fit for American citizenship and can not be assimilated with the Caucasian race has resulted and will result in the lowering of the standard of American life and ideals, and the dignity and wage-earning capacity of American labor; and

WHEREAS, We think it right and proper that the people of this country should be advised as to our true position on these great questions; therefore, be it

Resolved by the Senate and Assembly, jointly. That we favor the exclusion from the United States territories of Chinese, Japanese, Koreans, Hindoos, and all other Asiatics except certified merchants, students and travelers; and that all such merchants, students and travelers found performing any labor or engaging in any occupation other than that for which they were certificated be deported by the United States authorities;

Resolved. That we favor the passage of a law forbidding and prohibiting all Asiatics from owning and acquiring real property in any manner in the State of California;

Resolved. That we earnestly urge the treaty-making power of the United States to obtain by treaty with Japan in permanent and definite form provisions in conformity with the foregoing statements;

Resolved. That our Senators be instructed and our Representatives in Congress be requested to use all honorable means to carry out the above recommendations and requests, and to oppose the ratification of the treaty entered into by President Taft and the Japanese Government February 21, 1911;

Resolved. That the Governor of California be and he is hereby directed to transmit a copy of these resolutions to the President of the United States, the President of the United States Senate, the Speaker of the House, and to each of our Senators and Representatives in Congress."

Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not

less than thirty days nor more than sixty days after the completion of such publication, or after such posting: *provided*, that if a general election shall occur in said county not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, then such proposed charter may be so submitted at such general election. If a majority of said qualified electors voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the legislature if it be in regular session, otherwise at its next regular session, or it may be submitted to the legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the legislature, be made in duplicate, and filed, one in the office of the secretary of state and the other, after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held not less than thirty days nor more than sixty days after the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said county, *provided* that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public school house in each school district in said county. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of such proposed amendment or amendments, or any amendment or amendments proposed by petition as hereinafter provided, such amendment or amendments shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the Legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature, as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by ten per centum of the qualified electors of any county, computed upon the total number of votes cast in said county for all candidates for Governor at the last general election, at which a Governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendment or amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified by the county clerk, and if signed by the requisite number of qualified electors of such county, shall be presented to the said board of supervisors by the said county clerk, as heretofore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said board of supervisors, said board must submit the amendment or amendments set forth therein to the qualified electors of said county at a general or special election held not less than thirty days nor more than sixty days after the publication or posting of such proposed amendment or amendments in the same manner as heretofore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In submitting any such charter, or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

Every special election held under the provisions of this section, for the election of boards of freeholders or for the submission of proposed charters, or any amendment or amendments thereto, shall be called by the board of supervisors, by ordinance, which shall specify the purpose and time of such election and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance, prior to such election, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper printed, published and circulated in said county; *provided* that if no such daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted by the county clerk in three public places in such county and on or near the entrance to at least one public school house in each

school district therein. In all other respects, every such election shall be held and conducted, the returns thereof canvassed and the result thereof declared by the board of supervisors in the same manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any such proposed charter, or amendment or amendments thereto, submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors, shall be followed in so far as the same may be applicable thereto.

It shall be competent, in all charters, framed under the authority given by this section to provide, and the same shall provide, for the following matters:

1. For boards of supervisors and for the constitution, regulation and government thereof, for the times at which and the terms for which the members of said boards shall be elected, for the number of members, not less than three, that shall constitute such boards, for their compensation and for their election, either by the electors of the counties at large or by districts; *provided*, that in any event, said boards shall consist of one member for each district, who must be a qualified elector thereof, and

2. For district attorneys, auditors, assessors and superintendents of schools, for the election of said officers, for the times at which and the terms for which said officers shall be elected, and for their compensation, or for the fixing of such compensation by boards of supervisors; *provided*, that, whenever it is provided by the constitution that superintendents of schools shall be appointed, such charters may provide, for the manner in which, the times at which and the terms for which such superintendents of schools shall be appointed; and

3. For sheriffs, county clerks, treasurers, recorders, license collectors, tax collectors, public administrators, coroners, and surveyors, for the election or appointment of said officers, for the times at which and the terms for which said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and if appointed, for the manner of their appointment; and

4. For justices of the peace and constables and the number thereof for each township, for the election or appointment of said officers, for the times at which and the terms for which said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and if appointed, for the manner of their appointment; and

5. For the powers and duties of boards of supervisors and all other county officers, for their removal and for the consolidation and segregation of county offices, and for the manner of filling all vacancies occurring therein; *provided*, that the provisions of such charters relating to the powers and duties of boards of supervisors and all other county officers shall be subject to and controlled by general laws, and

6. For the fixing and regulation by boards of supervisors, by ordinance, of the appointment and number of assistants, deputies, clerks, attaches and other persons to be employed, from time to time, in the several offices of the county, and for the prescribing and regulating by such boards of the powers, duties, qualifications and compensation of such persons, the times at which, and the terms for which they shall be appointed, and the manner of their appointment and removal, either in accordance with the provisions of general laws establishing regulations for the civil service of counties, or in accordance with the provisions of such charters, establishing or providing for the establishment of such regulations, or otherwise; and

All elective officers of counties, and of townships, of road districts and highway construction divisions therein shall be nominated and elected in the manner provided by general laws for the nomination and election of such officers.

All charters framed under the authority given by this section, in addition to the matters hereinabove specified, may provide as follows:

For officers other than those required by the constitution and laws of the State, or for the creation of any or all of such offices by boards of supervisors, for the election or appointment of persons to fill such offices, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For the construction, care, maintenance, repair, inspection and supervision by counties of roads, highways and bridges, except intercounty bridges, and, subject to such regulations and conditions as may be imposed by the Legislature, for the construction, care, maintenance, repair, inspection and supervision of roads, highways and bridges for which aid from the state is granted to counties; *provided*, that for the care, maintenance and repair only of such roads, highways and bridges, such charters may provide, as an alternative method therefor, for the division of counties, exclusive of incorporated cities and towns, into road districts, and also for the organization, government and jurisdiction, and for the exercise of the powers thereof, for raising revenue therein for such purposes by taxation, upon the assent of a majority of the qualified electors of such districts voting at an election to be held for that purpose, and for granting aid by counties to such districts for said purposes; and *provided further*, that for the construction only of roads, highways and bridges, except intercounty bridges, such charters may provide, as an alternative method therefor, for the

organization and establishment of highway construction divisions in such counties, inclusive or exclusive of incorporated cities and towns, and for the organization, government and jurisdiction of such highway construction divisions, and for the manner of the exercise of the powers thereof. All highways and bridges constructed by highway construction divisions shall be maintained by the counties in which such divisions are situated, or by road districts, as such charters shall provide.

Each road district established and organized as provided by any charter framed under the authority given by this section, shall be entitled to have, and there shall be apportioned thereto annually by the board of supervisors of the county, its proper proportion of moneys from the road funds of the county derived from general or special taxes, and such county shall also contribute such other moneys toward the cost and expense of the care, maintenance and repair of roads, highways and bridges, exclusive of intercounty bridges, by road districts, as shall be determined by boards of supervisors, by ordinance, from time to time.

If any charter, framed under the authority given by this section, shall provide for the construction, care, maintenance, repair, inspection and supervision of roads, highways or bridges, except intercounty bridges, by the county, or for their care, maintenance and repair by road districts, or for their construction by highway construction divisions, as herein provided, it shall also be competent in such charter to provide for the incurring of bonded indebtedness by such county, road districts or highway construction divisions, for such purposes, respectively, and for the issuance and sale of bonds therefor by such county, districts and divisions, and for the expenditure of the proceeds of the sale of such bonds; *provided*, that no such indebtedness shall be incurred without the assent of two thirds of the qualified electors of such county, road district, or highway construction division, as the case may be, voting at an election to be held for that purpose, and the procedure prescribed by general laws for the incurring of bonded indebtedness by counties, shall govern the voting, issuance and sale of such bonds, so far as applicable.

Whenever any county has framed and adopted a charter, and the same shall have been approved by the Legislature, as herein provided, the general laws adopted by the Legislature in pursuance of sections four and five of this article, shall, as to such county, be superseded by said charter as to matters for which, under this section it is competent to make provision in such charter, and for which provision is made therein, except as herein otherwise expressly provided.

The Legislature may, by general laws, provide for the surrender and annulment of charters of counties, framed and adopted under the authority given by this section, and for the government of counties, the charters of which shall have been surrendered and annulled, under general laws enacted under the provisions of sections four and five of this article; *provided, however*, that no charter of any county shall ever be surrendered or annulled without the assent of two thirds of the qualified voters thereof voting at a special election to be held for that purpose.

MESSAGE FROM THE GOVERNOR—(OUT OF ORDER).

On motion of Senator Wright, the following message from the Governor was taken up and read:

STATE OF CALIFORNIA, EXECUTIVE OFFICE,
SACRAMENTO, February 23, 1911.

To the Legislature of the State of California.

Last night I transmitted to the President of the United States and the others to whom the matter was directed, the preamble and resolution adopted yesterday by the Senate relating to the contemplated treaty with Japan. This morning I am in receipt of the following telegram from the President:

"THE WHITE HOUSE, WASHINGTON, D. C., 23-11.

Governor H. Johnson, Sacramento, California.

Have the resolutions transmitted by you. The treaty and the assurances from Japan as to the continuance of the present arrangement are exactly such as you approved when the Secretary of State and I explained them to you here. Will you not explain this to the two houses of your Legislature to prevent action by reason of misunderstanding.

W. H. TAFT."

In explanation of this telegram, I convey to you that in December, while in Washington, in conversation with the President and subsequently with Secretary Knox, I stated that, in my opinion, the people of the State of California desired Japanese exclusion. The President and the Secretary declared the existing arrangement with Japan accomplished this purpose and that such arrangement would be continued in the future. I deemed the mode of accomplishing this was for the Federal Government alone; but that if accomplished, our people would be satisfied.

In response to the telegram of the President, which I have quoted, I have this day wired him as follows:

"February 23, 1911.

The President, Washington, D. C.

Have your telegram of this date. In Washington it was explained by you and Secretary Knox to me that the arrangement existing between our government and Japan gave to us exclusion, and it was this desideratum I stated was desired by our people. Am I at liberty to make the statement to the press and the Legislature that

the assurances and understanding with Japan are the same as heretofore existed and under which we have been assured exclusion has resulted. I have refrained thus far from making any public statement and will not do so except with your permission. There seems to be a belief here that the contemplated treaty will alter the arrangements and assurances that have heretofore existed. If this belief is unfounded, I should be very glad to do what is possible to correct the impression, and would greatly appreciate any statement you may wire me for transmission to our Legislature.

HIRAM W. JOHNSON, Governor of California."

I have also received this morning the following telegram from Senator Perkins:

"WASHINGTON, D. C., February 23, 1911.

His Excellency H. W. Johnson, Governor, Sacramento, California.

I am in receipt of the resolutions passed by the Senate of the State of California protesting against the ratification of the proposed treaty with Japan and will submit them to the Senate to-day for consideration in connection with the treaty. The present treaty is for twelve years while the provisions of the proposed treaty is for six months, cancellation provisions in treaty in our favor. Secretary State informs us Japanese Government gives every assurance that there will be no immigration Japanese labor into United States. Think treaty will meet approval our people when its provisions are understood.

GEO. C. PERKINS."

And the following telegram from Senator Flint:

"WASHINGTON, D. C., February 23, 1911.

Hon. Hiram Johnson, Governor of California, Sacramento, California.

I understand from the statements made by you to me when you were here that the continuance of the present arrangements for excluding Japanese laborers would, in your opinion, be satisfactory to the people of California. The treaty with the diplomatic notes assures the continuance of the agreement between the two nations to exclude laborers and in my opinion it is desirable that the treaty should be promptly ratified.

FRANK P. FLINT."

In reply to Senator Flint, I have wired the following:

"February 23, 1911.

Hon. Frank P. Flint, Senate Chamber, Washington, D. C.

When in Washington I was assured that the existing arrangement with Japan assured exclusion and this I stated was in my opinion the desideratum wished by the people of the State of California. I understand from your telegram that under the new treaty the same understanding exists between our Government and Japan, which results in exclusion. Is this correct?

HIRAM W. JOHNSON, Governor of California.

I am just in receipt of the following telegram from the President:

"THE WHITE HOUSE, WASHINGTON, D. C., 23-11.

Hon. Hiram W. Johnson, Sacramento, Cal.

Telegram received. If treaty is ratified as proposed by me, arrangements and assurances that have heretofore existed in respect to Japanese immigration will more certainly secure existing status than the old treaty and you are at liberty to say so on my authority.

WM. TAFT."

I transmit this telegraphic correspondence of to-day to you, so that you may be fully advised. The correspondence speaks for itself and the assurances of the President seem to me definite and conclusive.

Respectfully submitted.

HIRAM W. JOHNSON,
Governor of California.

MOTION.

Senator Boynton moved that Committee Substitute for Senate Joint Resolution No. 12, with pending amendments and the Governor's message, be referred to the Committee on Federal Relations.

Motion carried.

Committee Substitute for Senate Joint Resolution No. 12 with pending amendments and Governor's message, ordered referred to the Committee on Federal Relations.

COMMUNICATIONS.

Senator Wright presented the following telegram, which was ordered printed in the Journal:

THE WHITE HOUSE, WASHINGTON, D. C., February 23, 1911.

Leroy A. Wright, Chairman Federal Relations Committee, Sacramento, California.

Replying to your message of the twenty-second relative to the new Japanese treaty. This Government has assurance of Japanese Government that present arrangement with reference to labor immigration to the United States will be effectively maintained and this fully meets the condition suggested in your telegram.

WM. H. TAFT.

ARTICLE IV.

INITIATIVE, REFERENDUM AND RECALL.

Initiative. Procedure Relating Thereto.

SEC. 31. (1) Any proposed ordinance may be submitted to the council by a petition signed by registered voters of the city equal in number to the percentages hereinafter required.

(2) The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature, his place of residence, giving street and number.

(3) One of the signers of such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed.

(4) Within ten days from the date of filing such petition the city clerk shall examine, and from the great register ascertain, whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay.

(5) If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty per cent of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, and contains a request that said ordinance be submitted forthwith to a vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendary vote under the provisions of Section 32 of this charter), but if the ordinance shall fail of passage by the council, then, within five days after the determination that said ordinance shall have so failed of final adoption, the council shall proceed to call a special election, at which said ordinance, without alteration, shall be submitted to a vote of the people; or,

(b) Forthwith after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people.

(6) If the petition be signed by electors equal in number to at least ten per cent but less than fifteen per cent of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

(7) The ballots used when voting upon said proposed ordinance shall contain the words "For the Ordinance" (stating the nature of the proposed ordinance) and "Against the Ordinance" (stating the general nature of the proposed ordinance). If

a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a binding and valid ordinance of the city, and any ordinance proposed by petition, or which shall be adopted by a vote of the people can not be repealed or amended except by a vote of the people.

(8) Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section; *provided*, that there shall not be held under this section of the charter, more than one special election within a period of six months.

(9) The council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon, at any succeeding general municipal election; and should such propositions, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the ordinance or proposition to be printed, and he shall inclose a printed copy thereof in an envelope with a sample ballot, and mail the same to each voter, at least ten days prior to the election; but the city council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition, and of the sample ballot as first above provided.

The Referendum.

SEC. 32. No ordinance passed by the city council (except when otherwise required by the general laws of the State or by the provisions of this charter, respecting street improvements, and except an ordinance for the immediate preservation of the public peace, health, or safety, which contains a statement of its urgency, and is passed by two thirds vote of the council but no grant of any franchises, shall be construed to be an urgency measure, but all franchises shall be subject to the referendary vote herein provided), shall go into effect before thirty days from the time of its final passage and its approval by the mayor; and if during said thirty days a petition signed by electors of the city, equal in number to at least twenty-five per cent of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance, and if the same is not entirely repealed, the council shall submit the ordinance as is provided in Section 31 of this charter, to the vote of the electors of the city, either at the next general election or at a special municipal election to be called for that purpose, and such ordinances shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of said Section 31, except as to the percentage of signers, and be examined and certified by the clerk in all respects as is herein provided.

The Recall.

SEC. 33. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows:

(1) A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty-five per centum of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding the election of a successor of the person sought to be removed, shall be filed with the city clerk; *provided*, that the petition sent to the council shall contain a general statement of the grounds for which the removal is sought.

(2) The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed.

(3) Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors and, if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination.

(4) If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate.

(5) The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect.

(6) If the petition shall be found to be sufficient the clerk shall submit the same to the council without delay.

(7) If the petition shall be found to be sufficient the city council shall order, and

fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

(8) The city council shall make, or cause to be made, publication of notice and all arrangements for holding of such election; and the same shall be conducted, returned, and the result thereof declared, in all respects as are other city elections.

(9) The successor of any officer so removed shall hold office during the unexpired term of his predecessor.

(10) Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise in writing, the clerk shall place his name on the official ballot, without nomination. In any such removal election the candidate receiving the highest number of votes shall be declared elected.

(11) At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor.

(12) In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant.

(13) If the incumbent receives the highest number of votes he shall continue in office.

SENATE CONSTITUTIONAL AMENDMENT No. 23.

A resolution, to propose to the people of the State of California an amendment to the Constitution of the State by adding a new article thereto to be known as Article XXIII, providing for the recall by the electors, of any officer of the State.

The Legislature of the State of California, at its regular session, convened on the second day of January, 1911, the Honorable and the honorable members of the two houses of said Legislature voting in favor thereof, hereby proposes that a new article be added to the Constitution of the State of California to be known as Article XXIII thereof, to read as follows:

ARTICLE XXIII.

SECTION 1. Every officer, public officer of the State of California may be removed from office at any time by the electors entitled to vote at a successor of such incumbent, through the procedure and in the manner herein provided for, and the procedure shall be known as the recall, and is in addition to any other method of removal provided by law.

The procedure hereunder to effect the removal of an incumbent of an elective public office shall be as follows: A petition, signed by electors entitled to vote at a successor of the incumbent sought to be removed, equal in number to at least one per cent of the entire vote cast at the last preceding election for all candidates for the office where the incumbent sought to be removed occupies (provided that if any officer sought to be removed is a state officer who is elected in any primary subdivision of the State, said petition shall be signed by electors entitled to vote at a successor of the incumbent sought to be removed, equal in number to at least twenty per cent of the entire vote cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies) deposited at election day, and signed by the officer named in said petition, shall be addressed to the Secretary of State, and filed with the clerk, or register of voters, of the county or city and county in which the petition was circulated; provided that if the officer sought to be removed was elected in the State at large, said petition shall be circulated in not less than five counties of the State, and shall be signed in each of such counties by electors equal in number to not less than one per cent of the entire vote cast, in each of said counties, at said election, as above estimated. Such petition shall contain a general statement of the grounds on which the removal is sought, which statement is intended solely for the information of the electors, and the sufficiency of which shall not be open to review.

When such petition is certified as is herein provided to the Secretary of State, he shall forthwith send the said petition, together with a certificate of its sufficiency, to the Governor, who shall thereupon order and fix a date for holding the election, not less than sixty days nor more than eighty days from the date of such certificate of the Secretary of State.

The Governor shall make or cause to be made publication of notice for the holding of such election, and officers charged by law with duties concerning elections shall make all arrangements for such election and the same shall be conducted, returned, and the result thereof declared, in all respects as are other state elections. On the official ballot at such election shall be printed, in not more than two hundred words, the reasons set forth in the petition for demanding his recall. And in not more than three hundred words there shall also be printed, if desired by him, the officer's justification of his course in office. Proceedings for the recall of any officer shall be deemed to be pending from the date of the filing with any county, or city and county clerk, or register of voters, of any recall petition against such officer; and if such officer shall resign at any time subsequent to the filing thereof, the recall election shall be held notwithstanding such resignation, and the vacancy caused by such resignation, or from any other cause, shall be filled as provided by law, but the person appointed to fill such vacancy shall hold his office only until the person elected at the said recall election shall qualify.

Any person may be nominated for the office which is to be filled at any recall election by a petition signed by electors, qualified to vote at such recall election, equal in number to at least one per cent of the total number of votes cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies. Each such nominating petition shall be filed with the Secretary of State not less than twenty-five days before such recall election.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?", following which question shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote cast shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "No",

said incumbent shall continue in said office. If a majority shall vote to recall said incumbent shall thereupon be deemed removed from such office, upon the expiration of his successor. The canvassers shall canvass all votes for candidates for recall and declare the result in like manner as in a regular election. If the vote at such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected, for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.

Any recall petition may be presented in sections, but each section shall contain a full and accurate copy of the title and text of the petition. Each section of the petition shall bear the name of the county, or city and county, in which it is circulated, and only qualified electors of such county or city and county shall be competent to sign such section. Each section shall have attached thereto an affidavit of the person soliciting signatures to the same stating his qualifications and that all the signatures to the attached section were made in his presence and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name it purports to be, and no other affidavit or certificate shall be required. The affidavit of any person soliciting signatures to the petition shall be verified free of charge by any officer authorized to administer oaths. Such petition so verified shall be prima facie evidence that the signatures thereon are genuine and that the persons signing the same are qualified electors. It shall not be until it is otherwise proven upon official investigation. It shall be a condition that the petition presented contains the signatures of the requisite number of electors. Each section of the petition shall be filed with the clerk, or registrar of voters, of the county or city and county in which it was circulated, but all such sections shall be filed in any county or city and county shall be filed at the same time. A petition shall be deemed to be filed with the Secretary of State upon the date of the receipt by him of a certificate or certificates showing the said petition to be signed by the requisite number of electors of the State.

No recall petition shall be circulated or filed against any officer until he has actually held his office for at least six months; save and except it may be filed against any member of the State Legislature at any time after five days from the convening and organizing of the Legislature after his election.

If at any recall election the incumbent whose removal is sought is not recalled, he shall be repaid from the state treasury any amount legally expended by him as expenses of such election, and the Legislature shall provide appropriation for such purpose, and no proceedings for another recall election of said incumbent shall be initiated within six months after such election.

Senate Constitutional Amendment No. 23 ordered engrossed and transmitted to the Assembly.

EXPLANATION OF VOTE.

By Senator Curtin.

MR. PRESIDENT: I voted "No" on this amendment because there is included in it the right to recall the judiciary. I would have voted for this amendment if the judiciary was not included in the amendment. I regard the inclusion of the judiciary in this amendment, as one of a most dangerous character, and strikes a serious blow at the independence of the courts, and such a condition jeopardizes the liberty of the citizen, and the security to him of his property.

February 23, 1911.

By Senator Estudillo:

MR. PRESIDENT: I desire to explain my vote on Senate Constitutional Amendment No. 23. I am on principle in favor of the recall of all elective and appointive officers, excepting judicial officers.

I am conscientiously opposed to the recall of judicial officers for the reason that I believe that no good cause exists for it. I believe that there is a difference between the status of judicial officers, and that of other officers. I am opposed to the recall of the judiciary, for the further reason that I believe it will eventually destroy the independence and stability of that institution that has been, and should be, the guardian of the liberty of the people.

But as the two propositions, viz.: the recall of the judiciary, and that of other officers are so interwoven, that I am not given the privilege of voting against the one, and voting for the other, and as I consider the collective judgment of the electors of this State wiser than mine, I am willing to submit the whole question to them.

Also:

By Senator Boynton:

MR. PRESIDENT: I voted for the proposed amendment to Senate Constitutional Amendment No. 23, because I firmly believe that there is an honest and conscientious difference of opinion in the minds of the people of California, relative to the merits of the recall of judicial officers.

For several weeks I earnestly urged the author of the constitutional amendment, to separate the question, so that two amendments would be submitted to the electors—one applicable to all public officers except the judiciary—the other applicable to the judiciary alone. Such separation would allow the electors of the State of California

a fair opportunity to express their frank and honest views on each of these two important questions. I believe they are entitled to, and should have, that opportunity. The separation was not made. Had it been made I would have supported both measures.

The only way open to me, therefore, to give expression to my belief, was to vote to except judicial officers from the proposed constitutional amendment, in the hope and conviction that if such exception were made, the companion measure in the Assembly would be amended to apply to judicial officers only, and that both constitutional amendments would be adopted by this Legislature and submitted to the electors of California.

We join in the foregoing statement.

LESLIE R. HEWITT.
N. W. THOMPSON.

EXPLANATION OF VOTE.

By Senator Juilliard:

MR. PRESIDENT: We voted for Senate Constitutional Amendment No. 23, which includes the recall of all officers. As there is considerable doubt and difference of opinion as to the advisability of including the judiciary therein, it would seem that it would have been the better course to have divided the question and thus have permitted the people to express themselves upon the recall as applicable to the judiciary, in a separate proposition or prepared amendment, and also to express themselves as to the recall of all other officers in another and separate proposed amendment.

It would have been fairer to the people, and to the recall, had the question been divided, and in such condition caused the same to be submitted to the voters for consideration and action. Though not divided, but as friends of the recall and against our better judgment, we still voted for the amendment as presented because no alteration was afforded us.

We join in the foregoing statement.

THOS. F. FINN.
JOHN J. CASSIDY.

To the President of the Senate of the State of California.

ESTEEMED FRIEND: At Orange Grove monthly meeting of Friends of Pasadena, California, held second month, twelfth, 1911, the following minute was unanimously united with and the clerks were authorized to sign on behalf of said meeting:

We most respectfully protest against that portion of Senate Bill No. 595 introduced by Senator Larkins which includes compulsory military training, drill and tactics in the high schools of this State; for the reason that it will be demoralizing to the youthful minds to teach the art and science of killing human beings. Such training and teaching is contrary to, and subversive of, the religion which we profess, and our society has always had conscientious scruples against it, believing that there are better ways of settling international questions.

Very truly, thy friends,

KETURAH E. YEO, Clerk.

ELLA M. HUNT, Assistant Clerk.

Public streets defined.

SECTION 1. All streets, lanes, alleys, places or courts, in the municipalities of this State now open or dedicated, or which may hereafter be open or dedicated to public use, shall be deemed and held to be opened public streets, lanes, alleys, places or courts, for the purpose of this Act, and the city council of each municipality is hereby empowered to establish and change the grades of said streets, lanes, alleys, places, or courts, and fix the width thereof, and is hereby invested with jurisdiction to order to be done thereon any of the work mentioned in this Act under the proceedings hereinafter described.

What work may be done.

SEC. 2. Whenever the public interest or convenience may require, the city council is hereby authorized and empowered to order the whole or any portion, either in length or width of any one or more of the streets, avenues, lanes, alleys, courts, places or public ways of any such city graded or regraded to the official grade, planked or replanked, paved or repaved, macadamized or remacadamized, graveled or regraveled, piled or repiled, capped or recapped, oiled or reoiled, and to order the construction or reconstruction therein of sidewalks, cross-walks, culverts, bridges, gutters, curbs, steps, parkings and parkways, sewers, ditches, drains, conduits and channels for sanitary and drainage purposes or either or both thereof, with outlets, cesspools, manholes, catch basins, flush tanks, septic tanks, connecting sewers, ditches, drains, conduits, channels and other appurtenances, pipes, hydrants and appliances for fire protection, tunnels, viaducts, conduits and subways, breakwaters, levees, bulkheads and walls of rock or other material to protect the same from overflow or injury by water, and poles, posts, wires, pipes, conduits, lamps and other suitable or necessary appliances for the purpose of lighting the same, the planting of trees thereon, and the construction or reconstruction in, over or through property or rights of way owned by such city, of tunnels, sewers, ditches, drains, conduits, and channels for sanitary and drainage purposes or either or both thereof, with necessary outlets, cesspools, manholes, catch basins, flush tanks, septic tanks, connecting sewers, ditches, drains, conduits, channels and other appurtenances, pipes, hydrants and appliances for fire protection and breakwaters, levees, bulkheads and walls of rock or other material to protect the streets, avenues, lanes, alleys, courts, places, public ways and other property in any such city, from overflow by water, and to order any work to be done which shall be deemed necessary to improve the whole or any portion of such streets, avenues, sidewalks, lanes, alleys, courts, places, or public ways or property or rights of way of such city.

Resolution of intention.

SEC. 3. Before ordering any work done or improvement made, which is authorized by this Act, the city council shall pass a resolution of intention so to do referring to the street by its lawful or official name or the name by which it is commonly known, and describing the work, which shall be posted by the clerk conspicuously for two days on or near the chamber door of said council, and published twice in one or more daily, semi-weekly, or weekly newspapers published and circulated in said city, and designated by said council for that purpose. The city council may include in one resolution of intention and order any of the different kinds of work mentioned in this Act and may include any number of streets and rights of way in one proceeding and one contract, and it may except therefrom any of said work already done upon a street to the official grade. The lots and portions of lots fronting upon said excepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made, *provided*, that this shall not be construed so as to affect the special provisions as to grading contained in subdivision nine of section twenty of this Act.

When chargeable on a district.

SEC. 4. Whenever the contemplated work or improvement, in the opinion of the city council, is of more than local or ordinary public benefit, or whenever, according to estimate to be furnished by the city engineer, the total estimated costs and expenses thereof would exceed one half the total assessed value of the lots and lands assessed, if assessed upon the lots or land fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment roll whereon it was assessed for taxes for municipal purposes, and allowing a reasonable depth from such frontage for lots or lands assessed in bulk, the city council may make the expense of such work or improvement chargeable upon a district, which the said city council shall, in its resolution of intention, declare to be the district benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof.

Notice of improvement.

SEC. 5. The street superintendent shall also cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, or when the work to be done is only upon an entire crossing or intersection or any part thereof, in front of each quarter block or irregular block liable to be assessed, notices of the passage of said resolution. In case the work is chargeable upon a district as hereinafter provided, copies of said notice shall be posted along the street frontages of all the real property within such district.

Said notice shall be headed "Notice of Improvement," in letters of not less than one inch in length, and shall, in legible characters, state the fact of the passage of the resolution, its date, and briefly, the work or improvement proposed, and refer to the resolution for further particulars.

After said notices have been posted the street superintendent shall cause to be published once in one or more daily, semi-weekly or weekly newspapers published and circulated in said city and designated by the council for that purpose, a notice that said notices of improvement have been posted as herein provided: upon the publication of said notice said posting shall be deemed to be completed.

Protest and hearing.

SEC. 6. At any time within fifteen days after the publication of the notice of the posting of said notices, any owner of property liable to assessment may make written protest against the proposed work or against the assessment district, or both thereof, which protest must be in writing and be delivered to the clerk of the city council, who shall endorse thereon the date of its reception by him. At the regular meeting of the city council next succeeding the expiration of the time within which protests may be made hereunder, the city council shall proceed to hear and pass upon all protests so made and its decision thereon shall be final and conclusive; *provided, however*, that when the protest is against the proposed work and the city council finds that it is made by the owners of a majority of the frontage of the property abutting upon the proposed work, the doing of said work shall be carried for a period of six months from the date at which such majority protest is filed, unless the said protest be overruled by an affirmative vote of two-thirds of the members of the city council. The city council may adjourn the hearing from time to time.

Jurisdiction when acquired.

SEC. 7. At the date in this Act fixed at which protests will be heard, when none have been made, or when made have been overruled as herein provided, immediately thereupon the city council shall be deemed to have acquired jurisdiction to order the proposed work.

Plans and specifications.

SEC. 8. Before passing any resolution for the construction of improvements, plans and specifications and careful estimates of the costs and expenses thereof shall be furnished to said city council, if required by it, by the city engineer of said city; and for the work of constructing sewers, specifications shall always be furnished by him.

Description by reference.

SEC. 9. In all resolutions, notices, orders and determinations subsequent to the resolution of intention, it shall be sufficient to describe the work or the assessment district or both thereof, by reference to the resolution of intention therefor.

Inviting sealed proposals.

SEC. 10. Before the awarding of any contract by the city council for doing any work authorized by this Act, the city council shall pass a resolution ordering the work, and cause notice, with specifications, to be posted conspicuously for five days on or near the council chamber door of said council, inviting sealed proposals or bids for doing the work ordered, and shall also cause notice of said work inviting said proposals, and referring to the specifications posted or on file, to be published twice in a daily, semi-weekly, or weekly newspaper published and circulated in said city, designated by the council for that purpose, and in case there is no newspaper published in said city, then it shall only be posted as hereinbefore provided. The time fixed for the opening of bids shall be not less than ten days from the time of the first publication or posting of said notice. All proposals or bids offered shall be accompanied by a check payable to the city, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or by a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council, and said council shall, in open session publicly open, examine and declare the same; *provided, however*, that no proposal or bid shall be considered unless accompanied by said check or bond satisfactory to the council. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent and unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid.

If the bids are rejected or no bids are received the city council may within six months thereafter readvertise for proposals or bids for the performance of the work as in the first instance, without further proceedings, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the respective checks and bonds corresponding to the bid so rejected. But the checks accompanying such accepted proposals or bids shall be held by the city clerk of said city until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder or by the owners of three-fourths part of the frontage, whereupon said certified check shall be returned to said bidder. But if said bidder fails, neglects or refuses to enter into the contract to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned, shall be declared to be forfeited to said city and shall be collected by it and paid into its general fund, and any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund.

Notice of awarding contract.

SEC. 11. Notice of such award of contracts shall be posted for five days in the same manner as hereinbefore provided for the posting of proposals for said work, and shall be published twice in a daily newspaper published and circulated in said city and designated by said city council, or in cities where there is no daily newspaper, by one insertion in a semi-weekly or weekly newspaper so published, circulated and designated: *provided, however,* that in case there is no newspaper printed or published in any such city, then such notice of award shall only be kept posted as hereinbefore provided.

Owners may take contract.

SEC. 12. The owners of three fourths of the frontage of lots and lands liable to be assessed, or their agents, and who shall make oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but may, within ten days after the first publication of said notice of such award, elect to take said work and enter into a written contract to do the whole work at the price at which the same has been awarded. Should the said owners fail to elect to take said work, and enter into a written contract *therefor* within ten days, or to commence the work within fifteen days after the first publication of said award, and to prosecute the same with diligence to completion, it shall be the duty of the superintendent of streets to enter into a contract with the original bidder to whom the contract was awarded, and at the prices specified in his bid.

Re-advertising for bids.

SEC. 13. But if such original bidder neglects, fails or refuses, for fifteen days after the first publication of the notice of award, to enter into the contract, then the city council, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and award the contract for said work to the then lowest regular bidder. Should no bids be received in response to this second call for proposals, the council may again advertise for bids under the same proceedings at any time within six months from the time set for the last reception of bids, and let the contract to the then lowest bidder, and such delay shall in no way affect the validity of any of the proceedings or assessments levied thereunder. The bids of all persons and the election of all owners, as aforesaid, who have failed to enter into the contract, as herein provided, shall be rejected at any bidding or election subsequent to the first for the same work.

Delinquent contractors.

SEC. 14. If the owner or contractor, who may have taken any contract, does not complete the same within the time limited in the contract, or within such further time as the city council may give him, the superintendent of streets shall report such delinquency to the city council, which may reject the unfinished portion of said work, after pursuing the formalities prescribed hereinbefore for the letting of the whole in the first instance.

Bond for faithful performance.

SEC. 15. All contractors, contracting owners included, shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the superintendent of streets of said city, with two or more sureties and payable to such city, in a sum not less than twenty-five per cent of the amount of the contract, conditioned for the faithful performance of the contract, and the sureties shall justify before any person competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions.

Protesting erroneous proceedings.

SEC. 16. At any time within ten days from the date of the first publication of the notice of award of contract, any owner of, or other person having any interest in any lot or land liable to assessment, who claims that any of the previous acts or proceedings, relating to said improvement are irregular, defective, erroneous or faulty, may file with the clerk of the city council a written notice specifying in what respect said acts and proceedings are irregular, defective, erroneous or faulty. Said notice shall state that it is made in pursuance of this section. All objections to any act or proceeding occurring prior to the date of the first publication of the aforesaid notice of award, in relation to said improvement, not made in writing and in the manner and at the time aforesaid, shall be waived, provided the resolution of assenting to do the work has been actually published and the notices of improvement posted as provided in this Act.

Advancing incidental expenses.

SEC. 17. Before being entitled to a contract, the bidder to whom the award was made, or the owners who have elected to take the contract, must advance to the superintendent of streets, for payment by him, the cost of publication of the notices, resolutions, orders and matters required under the proceedings prescribed in this Act, and of such other notices as may be deemed requisite by the city council, together with all other incidental expenses: *provided, however,* that all contracts entered into between the owners of any property and the contractor or his agents performing

the work of improvement on any street, alley, lane, avenue, place, court, shall be in duplicate and shall contain all items of expense and the total contract price therefor, and no other payment shall be allowed to or recovered by such contractor, other than as itemized and set forth in said contract. The original of such contract to be held by the contractor or his agent, and the duplicate to be held by the owner, who must receipt to the agent or contractor therefor. And in case the work is abandoned by the city before the letting of the contract, the incidental expenses incurred previous to such abandonment shall be paid out of the city treasury.

Conditions in contract.

SEC. 18. The superintendent of streets is hereby authorized, in his official capacity, to make all written contracts, and to receive all bonds authorized by this Act, and to do any other act, either express or implied, that pertains to the street department under this Act; and he shall fix the time for the commencement, which shall not be more than fifteen days from the date of the contract, and for the completion of the work under all contracts entered into by him, which work shall be prosecuted with diligence from day to day thereafter to completion, and he may extend the time so fixed from time to time, under the direction of the city council. The work must, in all cases, be done under the direction and to the satisfaction of the superintendent of streets and the materials used shall comply with the specifications and be to the satisfaction of said superintendent of streets, and all contracts made therefor must contain a provision to that effect, and also express notice that, in no case, except where it is otherwise provided by law or the city charter with the city, or any officer thereof, be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The city council may, by ordinance, prescribe general rules directing the superintendent of streets and the contractor as to the materials to be used, and the mode of executing the work, under all contracts thereafter made. The assessment and apportionment of the expenses of all such work or improvement shall be made by the superintendent of streets in the mode provided by this Act.

Bond for labor and material.

SEC. 20. *Subdivision One.* The expenses incurred for any work authorized by this Act (which expense shall not include the cost of any work done in such portion of any street as is required by law to be kept in order or repair by any person or company having railroad tracks thereon, nor include work which shall have been declared in the resolution of intention to be assessed on a district benefited) shall be assessed upon the lots and lands fronting thereon, except as hereinafter specifically provided; each lot or portion of a lot being separately assessed, in proportion to the frontage, at a rate per front foot sufficient to cover the total expense of the work.

Main street crossings.

Subdivision Two. The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot of the quarter blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of a lot having any frontage in the said blocks fronting on said main streets, halfway to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter blocks and irregular blocks.

Main street terminations.

Subdivision Three—Where a main street terminates in another main street, the expenses of the work done on one half of the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Alley and main street crossings.

Subdivision Four—Where any alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street, if it does not meet another.

Alley crossings.

Subdivision Five The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, half way to the next street, place or court, on either side, respectively, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision Eight—Whenever any lot, piece or parcel of land belonging to the United States or to the State of California, or to any county, city, town or district, mandatory of a government, school district, educational, penal or reform institution or institution for the feeble minded or the insane, and being in use for the performance of any public function, fronts upon the proposed work of improvement or is included within the district declared by the city council in the resolution to be the district to be assessed to pay the cost and expenses thereof, the city council may, in its discretion, in the resolution of intention, declare that said lots, pieces or parcels of land so owned and in use, or any of them, shall be omitted from the assessment to be made to cover the costs and expenses of said work or improvement. In the event that said lots, pieces or parcels of land, or any of them, shall, by said resolution be omitted from the assessment, then the total expense of all work done shall be assessed on the remaining lots fronting on the work or improvement or lying within the limits of the assessment district without regard to such omitted lots, pieces or parcels of land. In the event that the city council shall, in its resolution of intention, declare the said lots, pieces or parcels of land so owned and in use, or any of them, shall be included in the assessment, or in the event that no declaration is made respecting such lots, pieces or parcels of land, then such sum or sums as thereafter may be assessed against such lots, pieces or parcels of land, so owned and used, shall be payable by the city out of the General Fund.

When owners may grade.

Subdivision Nine—It shall be lawful for the owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the city council, to perform, at his or their own expense (after obtaining permission from the council so to do, but before said council has passed its resolution of intention to order grading inclusive of this), any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon to procure, at his or their own expense, a certificate from the city engineer, setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter to file said certificate with the superintendent of streets, which certificate the superintendent shall record in a book kept for that purpose in his office.

Subdivision Ten—Whenever the resolution of intention declares that the cost and expenses of the work and improvement are to be assessed upon a district, the city council shall direct the city engineer to make a diagram of the property affected or benefited by the proposed work or improvement, as described in the resolution of intention, and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each such lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district; and when said diagram shall have been approved by the city council, the clerk shall, at the time of such approval, certify the fact and date thereof. Immediately thereafter the said diagram shall be delivered to the superintendent of streets of said city, who shall, after the contractor of any street work has fulfilled his contract to the satisfaction of said superintendent of streets or city council, on appeal, proceed to estimate upon the lands, lots or portions of lots within said assessment district, as shown by said diagram, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece, or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the costs and expenses of such work, and in so doing shall assess said total sum upon the several pieces, parcels, lots, or portions of lots, and subdivisions of land in said assessment district benefited thereby, to wit: Upon each respectively, in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. In other respects the assessment shall be as provided in the next section, and the provisions of subdivisions two, three, four, five, six and seven of this section shall not be applicable to the work or improvement provided for in this subdivision.

Railroad property.

Subdivision Eleven—The terms, lot, lots, lands, piece or parcel of land wherever mentioned in this Act shall be deemed to include and shall include properly owned or controlled by any person, firm or corporation as a railroad street or interurban railroad right of way, and whenever a railroad street or interurban railroad right of way shall front on or abut or parallel or be included within or divide longitudinally any street improved under the provisions of this Act or shall be included within any district to be assessed for the cost of any improvement provided in this Act, such railroad right of way (whether the same is owned in fee or as an easement) shall be included in the warrant, assessment and diagram and shall be assessed in the manner and with the same effect as other lots, lands or pieces or parcels of land are assessed as provided in this Act, and such railroad street or interurban railroad right of way shall be subject to sale for non-payment of assessments as in this Act provided.

Making the assessment.

SEC. 21. After the contractor of any street work has fulfilled his contract to the satisfaction of the street superintendent of said city, or city council on appeal, the street superintendent shall make an assessment to cover the sum due for the work performed and specified in said contract (including any incidental expenses), in conformity with the provisions of the preceding section according to the character of the work done; or, if any direction and decision be given by said council on appeal, then in conformity with such direction and decision, which assessment shall usually refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, if the assessment be made per front foot, the amount of each assessment, the name of the owner of each lot, or portions of a lot (if known to the street superintendent); if unknown the word "Unknown" shall be written opposite to the number of the lot, and the amount assessed thereon, the number of each lot or portion or portions of a lot assessed, and shall have attached thereto a diagram exhibiting each street or street crossing, lane, alley, place or court, on which any work has been done, and showing the relative location of each district, lot or portion of lot to the work done, numbered to correspond with the numbers in the assessments, and showing the number of feet fronting, or number of lots assessed, for said work contracted for and performed.

Warrant.

SEC. 22. To said assessment shall be attached a warrant, which shall be signed by the superintendent of streets, and countersigned by the mayor of said city. The said warrant shall be substantially in the following form:

FORM OF WARRANT

By virtue hereof, I (name of the superintendent of streets), of the city of _____, county of _____ (or city and county of _____), State of California, by virtue of the authority vested in me as said superintendent of streets, do authorize and empower (name of contractor) (his or their) agents to demand and receive, the several assessments upon the assessment and diagram hereto attached, and this shall be (his or their) warrant for the same.
(Date) _____ (name of superintendent of streets)

Countersigned by (name of mayor), _____

Recording warrant, etc.

SEC. 23. Said warrant, assessment, and diagram, together with the certificate, if any, of the city engineer of the quantity and character of the work done, shall be recorded in the office of said superintendent of streets. When so recorded the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessment, diagram and certificate, all persons mentioned in section twenty-six of this Act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, diagram, and certificate are recorded, the same shall be delivered to the contractor, or his agent, or assigns, on demand but not until after the payment to the said superintendent of streets of the incidental expenses not previously paid by the contractor, or his assigns, and by virtue of said warrant said contractor, or his agent or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in said contracts and assessments.

Demanding payment.

SEC. 24. The contractor or his assigns, or some person in his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made the contractor, his assigns, or some person in his or their behalf, shall receipt the same upon the assessment in presence of the person making such payment, and shall also give a separate receipt if demanded. Whenever the person so assessed, or their agents, can not conveniently be found, or whenever the name of the owner of the lot is stated as "Unknown" on the assessment, then the said contractor, or his assigns, or some person in his or their behalf, shall publicly demand payment on the premises assessed.

Contractor's return.

SEC. 25. The warrant shall be returned to the superintendent of streets within thirty days after its date, with a return indorsed thereon, signed by the contractor, or his assigns, or some person in his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid, in whole or in part, and the amount thereof. Thereupon the superintendent of streets shall record the returns so made, in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not

already been recorded at full length in a book to be kept for that purpose in his office, and shall sign the record. The said superintendent of streets is authorized at any time to receive the amount due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor; *provided*, that no such payment so made after suit has been commenced, without the consent of the plaintiff in the action, shall operate as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff; and he may release any assessment upon the books of his office, on the payment to him of the amount of the assessment against any lot with interest, or on the production to him of the receipt of the party or his assigns to whom the assessment and warrant were issued, and if any contractor shall fail to return his warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed; *provided, however*, that in case any warrant is lost, upon proof of such loss a duplicate can be issued, upon which a return may be made, with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of ten per cent per annum until paid, said interest to be computed from the date of the recording of the return.

Final objections.

SEC. 26. The owners, whether named in the assessment or not the contractor, or his assigns, and all other persons directly interested in any work done under this Act, or in the assessment, feeling aggrieved by any act or determination of the superintendent of streets in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the superintendent of streets, shall, within thirty days after the date of the warrant, appeal to the city council, as provided in this section, by briefly stating their objections in writing, and filing the same with the clerk of said city council. Notice of the time and place of the hearing, as fixed by the council, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations, or proceedings objected to or complained of, shall be posted conspicuously by the clerk, on or near the chamber door of the council chambers, for five days. Upon such appeal, the said city council may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the superintendent of streets relative to said work; may confirm, amend, set aside, alter, modify or correct the assessment in such manner as to them shall seem just, and require the work to be completed according to the directions of the city council; and may instruct and direct the superintendent of streets to correct the warrant, assessment, or diagram in any particular, or to make and issue a new warrant, assessment, and diagram, to conform to the decisions of said city council in relation thereto, at their option. All the decisions and determinations of said city council, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities, and irregularities which said city council might have avoided, or have remedied, during the progress of the proceedings, or which it can at that time remedy. No assessment, warrant, diagram or affidavit of demand and non payment, after the issue of the same, and no proceedings prior to the assessment, shall be void or invalid by any court for any error, informality, or other defect in the same, where the resolution of intention of the council to do the work, has been publicly published as herein provided, and said notices of improvement have been posted along the line of the work, as provided in section four of this Act, before the passage of the resolution ordering the work to be done.

Contractor's suit.

SEC. 27. At any time after the period of thirty-five days from the day of the date of the warrants, as herein provided, or if an appeal is taken to the city council, as provided in section twenty-six of this Act, at any time after five days from the decision of said council, or after the return of the warrant or assessment, after the same may have been corrected, altered, or modified, as provided in said section twenty-six, but not less than thirty-five days from the date of the warrant, the contractor or his assignee may sue, in his own name, the owner of the land, lots, or portions of lots, assessed on the day of the date of the recording of the warrant, assessment, and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of ten per cent per annum until paid. And in all cases of recovery under the provisions of this Act where personal demand has been made upon the owner or his agent, but not otherwise, the plaintiff shall recover such sum as the court may fix in addition to the taxable cost as attorney's fees, but not any percentage upon said recovery. And when suit has been brought, after a personal demand has been made and a refusal to pay such assessment so demanded, the plaintiff shall be entitled to have and recover the sum of fifteen dollars as attorney's fees in addition to all taxable costs, notwithstanding that the suit may be settled or a tender may be made before a recovery in said action, and he may have judgment therefor. Suit may be brought in the Superior Court within whose jurisdiction the case in which said work has been done, and in case any of the assessments are made against lots, portions of lots, or lands the owners thereof can not, with due

diligence, be found, the service of each of said actions may be had in such manner as is prescribed in the Codes and laws of this State. It shall be competent to bring a single action under any such assessment (respective of the number of lots assessed where the parties defendant are identical and where separate acts are brought the same may be consolidated by order of the court. The said warrant, assessment, certificate and diagram, with the affidavit of demand and non payment shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the superintendent of streets and city council upon which said warrant, assessment, and diagram are based, and like evidence of the right of the plaintiff to recover in the action.

New assessment permitted.

SEC. 28. Whenever, in any suit, the lien of an assessment or reassessment, or of a bond issued for the cost of such work, shall be held invalid for any cause arising subsequent to the publication and posting of the resolution of intention and the posting of the notices of improvement along the line of work, or because the work or any part thereof is not sufficiently described in the resolution of intention, the contractor or his assigns, or the holder of such bond shall have the right, within sixty days thereafter, to apply for and receive a new assessment for the cost of the work done and sufficiently described in the resolution of intention, or specification on file, such cost to be assessed upon the property and in the same manner as provided in sections twenty and twenty-one of this Act, and the street superintendent shall, within twenty days after such application, make and deliver to said applicant a new assessment, warrant and diagram in accordance with the law governing the issuance of originals of such documents, and the mayor shall in like manner countersign the said warrant, which reassessment shall be a lien on the property so assessed for two years from the date of the recording of said reassessment, warrant and diagram, and be enforced in the same manner as an original assessment would be enforced. If an appeal be taken from the judgment by which such an assessment is held invalid, the time herein provided for making application for a new assessment shall not begin until such case be in some manner finally disposed of.

Selling premises in execution.

SEC. 29. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution, as in other cases of the sale of real estate by the process of said courts, and on appeal, the appellate courts shall be vested with the same power to adjudge and decree a lien and to order such premises to be sold on execution or decree as is conferred on the court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In all suits now pending, or hereafter brought to recover street assessments, the proceedings therein shall be governed and regulated by the provisions of this Act, and also, when not in conflict herewith, by the Codes of this State.

Partial assessment.

SEC. 30. The city council, instead of waiting until the completion of the improvement, may, in its discretion, and not otherwise, upon the completion of two blocks or more of any improvement, order the street superintendent to make an assessment for the proportionate amount of the contract completed, and thereupon proceedings and rights of collection of such proportionate amount shall be had as provided in the preceding sections.

Repairs.

SEC. 31. When any portion of any improved street, avenue, lane, alley, court, or place in said city, or any sidewalk constructed thereon shall be out of repair, or needing reconstruction, and in condition to endanger persons or property passing thereon, or in condition to interfere with the public convenience in the use thereof, it shall be the duty of said superintendent of streets to require, by notice in writing, to be delivered to them or to their agents personally, or left on the premises, the owners or occupants of lots or portions of lots fronting on said portion of said street, avenue, alley, lane, court, or place, or said portion of said sidewalks so out of repair or needing reconstruction as aforesaid, to repair or reconstruct, or to do both, forthwith, said portion of said street, avenue, lane, alley, court, or place, to the center line of said street in front of the property of which he is the owner, or tenant, or occupant; and said superintendent of streets shall particularly specify in said notice what work is required to be done, and how the same is to be done, and what material shall be used in said repairs, or reconstructions, or both. All of said bids shall be preserved in his office and open at all times after the letting of the contract to the inspection of all persons, and such owner, tenant, or occupant shall be liable to pay said contract price. Such work shall be commenced within twenty-four hours after the contract shall have been signed, and completed without delay to the satisfaction of said street superintendent. Upon the completion of said repairs, or reconstruction, or both, by said contractors as aforesaid, to the satisfaction of said superintendent of streets, said superintendent of streets shall make and deliver to said contractor a certificate to the effect that said repairs, or reconstruction, or both, have been properly made by said contractor to the grade, and that the charges for the same are reasonable and just, and that he, said superintendent, has accepted the same.

SEC. 32. If the expenses of the work and material for such improvement, after the completion thereof, and the delivery to said contractor of said certificate, be not paid to the contractor so employed, or his agent or assignee, on demand, the said contractor, or his assignee, shall have the right to sue such owner, tenant, or occupant, for the amount contracted to be paid; and said certificate of the superintendent of streets shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the said superintendent of streets in a book kept by him in his office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien, the same as provided in section twenty-three of this Act, and may be enforced in the same manner.

Additional penalty for neglecting repairs.

SEC. 33. In addition, and as cumulative to the remedies above given, the city council shall have power, by resolution or ordinance, to prescribe the penalties that shall be incurred by any owner or person liable, or neglecting, or refusing to make repairs when required, as provided in section thirty-one of this Act, which fines and penalties shall be recovered for the use of the city by prosecution in the name of the people of the State of California in the court having jurisdiction thereof, and may be applied, if deemed expedient by the said council, in the payment of the expenses of any such repairs not otherwise provided for.

Partial expenses from treasury.

SEC. 40. The city council may, in its discretion, order, by resolution, that the whole or any part of the cost and expenses of any of the work mentioned in this Act be paid out of the treasury of the municipality from such fund as the council may designate, in which case it shall be so stated in the resolution of intention. Whenever a part of such cost and expenses is so ordered to be paid, the superintendent of streets, in making up the assessment heretofore provided for such cost and expenses, shall first deduct from the whole cost and expenses such part thereof as has been so ordered to be paid out of the municipal treasury, and shall assess the remainder of said costs and expenses proportionately upon the lots, parts of lots and lands fronting on the streets where said work was done, or liable to be assessed for such work, and in the manner heretofore provided.

City engineer.

SEC. 41. The city engineer, or where there is no city engineer, the county or city and county surveyor, shall be the proper officer to do the surveying and other engineering work necessary to be done under this Act, and to survey and measure the work to be done under contracts for grading and macadamizing streets, and to estimate the costs and expenses thereof; and every certificate signed by him in his official character shall be prima facie evidence in all courts in this State of the truth of its contents. He shall also keep a record of all surveys made under the provisions of this Act, as in other cases. In all those cities where there is no city engineer, the city council thereof is hereby authorized and empowered

to appoint a suitable person to discharge the duties herein laid down as those of city engineer, and all the provisions hereof applicable to the city engineer shall apply to such person so appointed. Said city council is hereby empowered to fix his compensation for such services.

Inspection.

SEC. 42. The superintendent of streets shall, when in his judgment it is necessary, appoint a suitable person to take charge of and superintend the reconstruction and improvement of each and every sewer constructed or improved under the provisions of this Act, and of piling and capping sidewalks, or of the paving of whatever character heretofore mentioned, in whole or in part, or one block or more, whose duty it shall be to see that the contract made for the doing of said work is strictly fulfilled in every respect, and in case of any departure therefrom to report the same to the superintendent of streets. Such person shall be allowed for his time actually employed in the discharge of his duties such compensation as shall be just, but not to exceed five dollars per day. The sum to which the party so employed shall be entitled shall be deemed to be incidental expenses, within the meaning of those words as defined by this Act.

PART II.

Change of grade.

SEC. 43. The city council is hereby empowered to change or modify the grade of any public street, lane, alley, place or court, and to regrade or amend the same, so as to conform to such modified grade, in the manner as hereinafter provided. Before any change of grade is ordered the city council shall pass a resolution of intention to make such change or modification of grade, and it shall have power at the same time and in the same resolution to provide for the actual cost of performing the work of regrading, repaving, sewerage, sidewalking, or curbing of said street or portion of street, with the same or other material with which it was formerly graded, paved, sewered, sidewalked, or curbed, and that the cost of the same shall also be assessed upon the same district which is declared to be benefited by such changed or modified grade. One or more streets or blocks of streets may be embraced in the same resolution. Such resolution shall be published twice in the newspaper in which the official notices of the city council are usually printed and published, to be designated in such resolution and shall describe the proposed change or modification of grade or regrading, and shall designate and establish the district to be benefited by such change or modification of grade or regrading, and to be assessed for the cost of the same. The superintendent of streets shall also cause to be conspicuously posted within the district designated in the resolution, notice of the passage of said resolution. Said notice shall be the same in all requirements of contents and posting as the "notices of improvement" provided for in section four of this Act. If no objection to said proposed change or changes, or modifications of grade, shall be filed with the clerk of the council within thirty days from the first publication of the resolution of intention hereinbefore mentioned or, if objections are presented and after due notice and hearing are overruled by the council, the city council shall have power to order and declare such grades to be changed and established in conformity to said resolution, which order shall be posted by the clerk on the chamber door of the council for five days.

Claiming damages.

SEC. 44. Within thirty days after the first posting of said order as aforesaid, any person owning property fronting upon said portions of the street or streets where such change of grade is made, may file a petition with the clerk of the city council showing the fact of such ownership, the description and situation of the property, its market value, and the estimated amount of damages over and above all benefits which the property would sustain by the proposed change if completed. Such petition shall be verified by the oath of the petitioners or their agents.

Commissioners.

SEC. 45. Whenever such petition or petitions have been filed, the mayor, engineer or surveyor, and superintendent of streets of the city, or city and county, or board of public works if there be such board, acting as a board of commissioners, shall assess the benefits, damages, and costs of the proposed change of grade upon each separate lot of land situated within such assessment district showing the same by a plat as said lot appears of record upon the last city, or city and county assessment roll. The commissioners shall be sworn to make the assessments of benefits and damages to the best of their judgment and ability, without fear or favor. The commissioners shall have power to subpoena witnesses to appear before them to be examined under oath, which any one of said commissioners is authorized to administer.

Damages and benefits.

SEC. 46. The commissioners having determined the damage which would be sustained by each petitioner, in excess of all benefits, shall proceed to assess the total amount thereof, together with the costs, charges, and expenses of the proceedings, upon the several lots of land benefited within the district of assessment, so that each

of the lots shall be assessed in accordance with its benefits caused by such work of improvement; and during the progress of their work shall make a report to such city council as often as it may be required.

Report of commissioners.

SEC. 47. The commissioners shall make their report, in writing, and said report shall be filed with the city council. In their said report they shall describe separately each piece of property which will sustain damage, stating the amount of damages each will sustain over and above all benefits. There shall also be given a brief description of each lot benefited within said assessment district, the name of the owner, if known, and the amount of benefits in excess of damages assessed against the same. In case the three commissioners do not agree, the matter assessed upon by a majority of them shall be sufficient. In designating the lots to be assessed, reference may be had to a diagram of the property in the district, and such diagram to be attached to and made a part of the report of the commissioners. If in case the commissioners find that conflicting claims of title exist in relation to an ignorance or doubt of the ownership of any lot or land, or any improvement thereon, or any interest therein, it shall be set down as belonging to and owned by the person in the designation of the owner or owners of any land or improvements, or particulars of their interest, shall not affect the validity of the assessment.

Notice of hearing report.

SEC. 48. On the filing of said report, the clerk of said city council shall give notice of such filing by publication twice in one of said daily newspapers, or in a weekly or semi-weekly newspaper so published and circulated; and said notice shall require all persons interested to show cause, if any, why said report should not be confirmed, before the city council, on a day to be fixed by the city council and stated in said notice, which day shall not be less than twenty days from the first publication thereof.

Objections to report.

SEC. 49. All objections shall be in writing and filed with the clerk of the city council, who shall, at the next meeting after the date fixed in the notice to show cause, lay the said objections, if any, before the council, when, and at a time for hearing the same; of which time the clerk shall notify the persons in the said manner as are notified objectors to the original resolution of intention. At the time set, or at such other time as the hearing may be adjourned, the city council shall hear such objections and pass upon the same, and at such time shall proceed to pass upon such report, and may confirm, correct, or modify the same, or may order the commissioners to make a new assessment, report, and map, which shall be filed, notice given and had, as in the case of an original report.

Advertising for bids.

SEC. 50. In case the resolution of intention also provides for the assessing upon the district the cost of regrading or repaving such street or streets to such changed or modified grade, after the report of the commissioners as to the damages caused by such change of grade has been passed upon by the city council, it shall then advertise for bids to perform the work of regrading, repaving, severing, sidewalk, or curbing such street or streets with the same or other material work which the same had been formerly graded, paved, severed, sidewalked, or curbed; first causing a notice, with specifications, to be posted conspicuously for five days on or near the council chamber door, inviting sealed proposals or bids for doing such work, and shall also cause notices of said work, inviting said proposals and referring to the specifications posted or on file, to be published twice, in a daily, semi-weekly, or weekly newspaper published and circulated in said city, and designated by the city council for that purpose. All proposals or bids offered shall be accompanied by a check, payable to the city, and certified by a responsible bank, which shall not be less than ten per cent of the aggregate of the proposals, or by a bond for said amount, signed by the bidder and two sureties, who shall justify under oath in double said amount over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council, and said council shall in open session publicly open, examine and declare the same; *provided, however*, that no proposal or bid shall be considered unless accompanied by a check or a bond satisfactory to the council. The city council may reject any and all bids, and may award the contract to the lowest responsible bidder. If not accepted the city council may readvertise for proposals or bids as in the first instance, and thereafter proceed in the manner in this section provided. All checks accompanying bids shall be held by the clerk until such successful bidder has entered into a contract, as herein provided; and in case he refuses so to do, then the amount of his certified check shall be declared forfeited to the city, and shall be collected and paid into its general fund, and all bonds so forfeited shall be prosecuted, and the amount thereof collected and paid into such fund. Notice of the awards of the contracts shall be published and posted in the same manner as hereinbefore in this section provided for the posting of proposals for said work.

Making assessment.

SEC. 51. After such contract has been awarded and entered into, the clerk of the city council shall certify to the city council that fact, together with the total amount of the cost of the same, whereupon the city council shall cause to be forwarded to the commissioners a copy of such certificate; whereupon such commissioners shall proceed to assess the cost of doing such work upon all the lots and land lying within the district to be assessed, distributing the same so that each lot will be assessed for its proportion of the same, according to the benefits it receives from the work, and in the same manner in which the damages caused by the change of grade were assessed upon the same. Such commissioners in making such assessment shall show the total amount for which each lot or tract is assessed, in excess of all benefits, for the total cost of changing and modifying the grade of the street, as well as the regrading, repaving, sewerage, sidewalking, and curbing of the same, and costs or damages connected therewith. The provisions of Part I of this Act in regard to the mode or manner of the assessment of the cost of such work shall not apply to the work in this part contemplated; neither shall the provisions of this Act in regard to the issuing of bonds to represent the cost of the same, nor the provisions in regard to the right of protest against the work apply.

Assessment roll.

SEC. 52. The clerk of said city council shall forward to the street superintendent of the city a certified copy of the report, assessment, and plat, as finally confirmed and adopted by the city council. Such certified copy shall thereupon be the assessment roll, the cost of which shall be provided for by the commissioners, as a portion of the cost of the proceedings therein. Immediately upon receipt thereof by the street superintendent, the assessment therein contained shall become due and payable, and shall be a lien upon all the property contained or described therein.

Collecting assessments.

SEC. 53. The superintendent of streets shall thereupon give notice, by publication twice in one or more daily newspapers published and circulated in said city, or city and county, or in a weekly or semi-weekly newspaper so published and circulated, that he has received said assessment roll, and that all sums levied and assessed in said assessment roll are due and payable immediately, and that the payment of said sums is to be made to him within thirty days from the date of the first publication of said notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will be declared to be delinquent, and that thereafter the sum of five per cent upon the amount of such delinquent assessment, together with the cost of advertising each delinquent assessment will be added thereto. When payment of any assessment is made to said superintendent of streets, he shall write the word "Paid" and the date of payment opposite the respective assessment so paid, and the name of the person by or for whom said assessment is paid, and shall give a receipt therefor. On the expiration of said thirty days, all assessments then unpaid shall be and become delinquent, and said superintendent of streets shall certify such fact at the foot of said assessment roll, and shall add five per cent to the amount of each assessment so delinquent. After the date of said delinquency no assessment shall be received unless said five per cent together with all costs be paid therewith.

Sale of property.

SEC. 54. The said superintendent of streets shall, within five days from the date of such delinquency, proceed to advertise the various sums delinquent, and the whole thereof, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece or parcel of land separately assessed. Said list of delinquent assessments, with a notice of the time and place of sale of the property affected thereby, shall be published twice in one or more daily newspapers published and circulated in such city, or in a weekly newspaper so published and circulated before the day of sale for such delinquent assessment. Said time of sale must not be less than seven days from the date of the first publication of said delinquent assessment list, and the place must be in or in front of the office of said superintendent of streets. If any assessment together with said penalty and costs be not paid before the time of sale the street superintendent shall proceed to sell and shall sell each lot, piece or parcel of land separately assessed at public auction to the bidder offering to pay the amount due for the least portion of such lot, piece or parcel of land so offered for sale, and shall issue a certificate therefor. If there be no bidder said property shall be struck off to the municipality.

Redemption within year.

SEC. 55. All property sold shall be subject to redemption for one year by the payment of the amount of the assessment, penalty and costs and interest thereon at the rate of ten per cent per annum from the date of sale. The superintendent of streets shall, if there is no redemption, make and deliver to the purchaser at such sale, or his assignee, a deed conveying the property sold, and shall collect for each deed one dollar. The deed of the street superintendent, made after such sale, in case of failure to redeem, shall be prima facie evidence of the regularity of all proceedings hereunder, and of title in the grantee.

Separate funds.

SEC. 56. The superintendent of streets shall from time to time pay over to the city treasurer all moneys collected by him on account of any such assessments. The city treasurer shall, upon receipt thereof, place the same in a separate fund, designating each fund by the name of the street, square, lane, alley, court, or place for the change of grade for which the assessment was made. Payments shall be made from said fund to the parties entitled thereto, upon warrants signed by the commissioners or a majority of them.

Notice of damages awarded.

SEC. 57. When sufficient money is in the hands of the city treasurer, in the fund voted for the proposed work or improvement, to pay the total cost for damages, as well as for the cost of doing the work, and all other expenses connected therewith, it shall be the duty of the commissioners to notify the owner, possessor, or occupant of the premises damaged, and to whom damages have been awarded, that a warrant has been drawn for the payment of the same, which can be received at the office of such commissioners. Such notification may be made by depositing a notice, postage prepaid, in the postoffice, addressed to his last known place of residence. If, after the expiration of three days after the service or deposit of the notice in the post-office, he shall not have applied for such warrant, the same shall be drawn and deposited with the city treasurer, to be delivered to him upon demand.

Condemnation proceedings.

SEC. 58. If the owner of any premises damaged neglects or refuses, for ten days after the warrant has been placed in the hands of the city treasurer, subject to his demand, to accept the same, the city council may cause proceedings to be commenced, in the name of the city, to condemn said premises, as provided by law under the right of eminent domain. The resolution of intention shall be conclusive evidence of the necessity of the same. Such proceedings shall have precedence, so far as the business of the court will permit, and any judgment for damages therein rendered shall be payable out of a special fund in the treasury for that purpose. At any time after the trial and judgment entered, or pending appeal, the court may order the city treasurer to set apart in the city treasury a sufficient sum from said fund to answer the judgment, and thereupon may authorize or order the municipality to proceed with the proposed work or improvements. In case of a deficiency in said fund to pay the whole assessed judgment and damages, the city council may, in its discretion, order the balance thereof to be paid out of the General Fund of the treasury, or to be distributed by the commissioners over the property assessed by a supplementary assessment; but in the last named case, in order to avoid doing, the city council may advance such balance out of any available fund in the treasury, and reimburse the same from the collection of assessments. The treasurer shall pay such warrants in the order of their presentation, *provided*, that warrants for damages and for costs of performing the work shall have priority over warrants for charges and expenses, and the treasurer shall see that sufficient money remains in the fund to pay all warrants of the first class before paying any of the second. The provisions of section one thousand two hundred and fifty-one of the Code of Civil Procedure, requiring the payment of damages within thirty days after the entry of judgment, shall not apply to damages rendered in proceedings under this Act. All provisions contained in Parts I and IV of this Act, which provisions are not in conflict herewith, shall apply to all matters herein contained.

PART III.

Serial bonds may be issued.

SEC. 59. The city council of any municipality in this state shall have the power, in its discretion, to determine that serial bonds shall be issued in the manner and form hereinafter provided to represent the cost of any work or improvement authorized in Part I of this Act.

When and where payable.

SEC. 60. Said serial bonds shall extend over a period not to exceed ten years from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date, until the whole is paid, and the interest shall be payable semiannually, by coupon, on the second days of January and July, respectively, of each year, at the rate of not to exceed ten per cent per annum on all sums unpaid, until the whole of said principal and interest are paid.

Said bonds and interest thereon shall be paid at the office of the city treasurer of said municipality, who shall keep a fund designated by the name of said bonds, into which he shall receive all sums paid him for the principal of said bonds and the interest thereon, and from which he shall disburse such sums, upon the presentation of said coupons; and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said city treasurer shall keep a register in his office, which shall show the series, number, date, amount, rate of interest, payee and indorsers of each bond, and the number and amount of each coupon or principal or interest paid by him, and shall cancel and file each coupon so paid.

Notice in resolution of intention.

SEC. 61. When said city council shall determine that serial bonds shall be issued to represent the expenses of any proposed work or improvement under this Act, it shall so declare in the resolution of intention to do said work and shall specify the rate of interest which they shall bear. The like description of said bonds shall be inserted in the resolution ordering the work, in the resolution of award, and in all notices of said proceedings required by this Act to be either posted or published; and also a notice that a bond will issue to represent each assessment of twenty-five dollars or more remaining unpaid for thirty days after the date of the warrant, or five days after the decision of said council upon an appeal, shall be included in the warrant provided for in section twenty-two of this Act.

Notification to treasurer.

SEC. 62. After the full expiration of thirty days from the date of the warrant, or if an appeal be taken to the city council as provided in this Act, then five days after the final decision of said council, and after the street superintendent shall have recorded the return, as provided in section twenty-five thereof, the street superintendent shall make and certify to the city treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars or over, upon any assessment or diagram number; and said treasurer shall thereupon make out, sign, and issue to the contractor, or his assigns, payee of the warrant and assessment, a separate bond, representing upon each lot or parcel of land upon said list the total amount of the assessments against the same, as therein stated. And if said lot or parcel of land is described upon said assessment and diagram by its number or block, or both, and is also designated by its number or block, or both, upon the official map of said municipality, or upon any map on file in the office of the county recorder of the county in which said municipality is situated, then it shall be in said bond a sufficient description of said lot or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map.

Form of bond.

SEC. 63. Said bond shall be substantially in the following form:

STREET IMPROVEMENT FUND.

Series (designating it), in the city (or other form of the municipality) of (naming it).

\$ _____ 100.

No. _____

Under and by virtue of an Act of the Legislature of the State of California (title of said Act), I, out of the fund for the above designated street improvement bonds, series _____, will pay to _____, or order, the sum of _____ dollars (\$ _____) with interest at the rate of _____ per cent per annum, all as is hereinafter specified, and at the office of the _____ treasurer of the _____ of _____, State of California. This bond is issued to represent the cost of certain street work upon _____, in the _____ of _____, as the same is more fully described in assessment number _____, issued by the street superintendent of said _____, after his acceptance of said work, and recorded in his office. Its amount is the amount assessed in said assessment against the lot or parcel of land numbered therein, and in the diagram attached thereto, as number _____, and which now remains unpaid, but until paid, with accrued interest, is a first lien upon the property affected thereby, as the same is described herein, and in said recorded assessment with its diagram, to wit: the lot or parcel of land in said _____ of _____ county of _____, State of California.

This bond is payable exclusively from said fund, and neither the municipality nor any officer thereof is to be held for payment otherwise of its principal or interest. The term of this bond is _____ years from its date, and at the expiration of said time the whole sum then unpaid shall be due and payable; but on the second day of January of each year after its date an even annual proportion of its whole amount is due and payable, upon presentation of the coupon therefor, until the whole is paid, with all accrued interest at the rate of _____ per centum per annum.

The interest is payable semiannually, to wit: on the second days of January and of July in each year hereafter, upon presentation of the coupons therefor, the first of which is for the interest from date to the next second day of _____, and thereafter the interest coupons are for semiannual interest, except the last, which is for interest from the semiannual payment next preceding and to the date of the final maturity of this bond.

Should default be made in the annual payment upon the principal, or in any payment of interest from the owner of said lot or parcel of land, or any one in his behalf, the holder of this bond is entitled to declare the whole unpaid amount to be due and payable, and to have said lot or parcel of land advertised and sold forthwith, in the manner provided by law.

At said _____ of _____ this _____ day of _____, in the year one thousand _____ hundred and _____.

City treasurer of the _____ of _____.

Limitation of twenty-five dollars.

SEC. 64. In case the amount of unpaid assessments upon any lot or parcel of land shall be less than twenty-five dollars, then the same shall be collected as is hereinbefore provided in part one of this Act.

Owner may stop issuance.

SEC. 65. If any person or his authorized agent, shall at any time before the issuance of the bond for said assessment upon his lot or parcel of land present to the city treasurer his affidavit, made in conformity with the provisions of this Act, of a lot or parcel of land in said list, accompanied by the certificate of a holder of records that he is such owner of record, and with such affidavit and certificate, such person notifies said treasurer in writing that he desires no bond to be issued for the assessments upon said lot or parcel of land, then no such bond shall be issued therefor, and the payee of the warrant, or his assigns, shall retain the right to enforce collection as if said lot or parcel of land had not been so listed by the city treasurer.

Description of bonds.

SEC. 66. The bonds so issued by said treasurer shall be payable to the party to whom they issue, or order, and shall be serial bonds, as is hereinbefore provided, and shall bear interest at the rate specified in the resolution of issuance to be made and work. They shall have annual coupons attached thereto, payable in annual installments on the second day of January in each year after the date of the bond, said coupons paid, and each coupon shall be for an even annual installment of the principal of the bond. They shall have semiannual interest coupons thereto attached, the first of which shall be payable upon the second day of January or July, as the case may be, next after its date, and shall be for the interest accrued at the time said coupon is first of which shall be for the amount of interest accruing from the date of January or July, as the case may be, next preceding the maturity of said bond to the maturity thereof. The city treasurer shall, in addition to his other duties in the premises, report all coupon payments of principal upon said bonds to the street superintendent, who shall forthwith indorse the same upon the receipt of the amount of the assessment to the credit of which the same is paid, and said receipt shall be a first lien upon the property affected thereby until the bond issued for the payment thereof, and the accrued interest thereon, shall be fully paid. Said bonds, by their issuance, shall be conclusive evidence of the regularity of all proceedings thereon under this Act.

Penalty for default.

SEC. 67. Whenever, through the default of the owner of any lot or parcel of land to represent the assessment upon which such bond has been issued, or after it be issued, and payment, either upon the principal, or of the interest, has not been, or shall not be made when the same has become, or shall become, due, and the holder of the bond thereupon demands, in writing, that the said city treasurer proceed to advertise and sell said lot or parcel of land as herein provided, then the whole bond or its unpaid remainder, with its accrued interest, as expressed in said bond, shall become due and payable immediately, and on the day following shall become delinquent.

Sale of property.

SEC. 68. Upon the application of the holder of any bond that is now or shall hereafter become delinquent as hereinbefore provided, the said city treasurer shall publish twice in a newspaper of general circulation, to be designated by him, published in the city where his office is situated, a notice which must contain the date, number, and series of the delinquent bond, a description of the property mentioned in said bond, and the name of the owner of such property (if known), and if unknown, the fact shall be so stated, the amount due thereon, and a statement that unless the amount of said bond and the interest due thereon, together with the cost of publication of such notice are paid, the real property described in said bond will be sold at public auction on a day to be therein fixed, which shall not be less than fifteen nor more than thirty days from the day of the first publication of said notice, and the place of such sale, which must be the office of the said city treasurer. A like notice shall not less than fifteen days before the day of sale so fixed be served upon any such owner if known, either personally or by depositing the same in the post office at such city, addressed to such owner at his last known address, with postage thereon prepaid.

At any time prior to the sale, the owner or the person in possession of any real estate offered for sale under the provisions of this Act may pay the whole amount of said bond then due, with costs, and such bond shall thereupon be canceled; but in case such payment is not made by such owner, or person in possession, or by some one in behalf of such owner, or person in possession, the property subject thereof shall be sold at public auction to the bidder offering to pay the amount due on the bond with costs for the least portion of such lot or parcel of land offered for sale.

Treasurer's affidavit.

SEC. 69. The city treasurer, before the day of sale hereinafter provided for, must file with the city clerk a copy of the publication, with an affidavit of the publisher of such newspaper, or some one in his behalf, attached thereto, that it is a true copy of the same; that the publication was made in a newspaper, stating its name and place of publication and the date of each appearance in which such publication was made—which affidavit is prima facie evidence of all the facts stated therein.

Costs and fees.

SEC. 70. The city treasurer must collect, in addition to the amount due on such bond, the cost of the publication of such notice, and fifty cents for the certificate of sale delivered to the purchaser, as hereinafter provided.

Certificate of treasurer.

SEC. 71. The city treasurer, before delivering any certificate of sale, must, in a book kept in his office for that purpose, enter the date, number and series of the bond, a description of the land sold corresponding with the description in the certificate, the date of sale, purchaser's name, the amount paid, regularly number the descriptions on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection during office hours when not in actual use, and he shall enter on the record of the bond the words "Canceled by sale of the property," giving the date of such sale.

Lien on the property.

SEC. 72. Immediately on the sale, the purchaser shall become vested with a lien on the property, so sold to him, to the extent of his bid, and is only divested of such lien by the payment to the city treasurer of the purchase money, including costs hereon provided for, with interest thereon at the rate of one per cent per month from the date of sale.

Redemption.

SEC. 73. A redemption of the property sold may be made by the owner of the property or any party in interest, within twelve months from the date of purchase, or at any time prior to the application for a deed, as hereinafter provided. Redemption must be made in lawful money of the United States, and when made to the city treasurer he must credit the amount paid to the person named in his certificate, and pay it on demand to him or his assignees.

Recording certificate.

SEC. 74. On receiving the certificate of sale, the recorder must file it, and make an entry in a book similar to that required of the city treasurer, the fee for which shall be fifty cents, and on presentation of the receipt of the city treasurer for the total amount of the redemption money, the recorder must, without charge, mark the word "Redeemed", the date, and by whom redeemed, on the margin of the book where the entry of the certificate is made.

Deed to purchaser.

SEC. 75. If the property is not redeemed within the time allowed by the provisions of section seventy-three thereof for its redemption, the city treasurer, or his successor in office, upon application of the purchaser or his assignee, must make to said purchaser, or his assignee, a deed to the property, reciting in the deed, substantially, the matter contained in the certificate and that no person has redeemed the property during the time allowed for its redemption; the treasurer shall be entitled to receive from the purchaser two dollars for making said deed, which shall be deposited in the city treasury for the use of the city after payment has been made therefrom for the acknowledgment of said deed; *provided, however,* that the purchaser of the property, or his assignee, or agent, must, thirty days prior to the expiration of the time of the redemption, or thirty days before his application for a deed, serve upon the owner or agent of the property purchased, if named in such certificate of sale, and upon the party occupying the property, if the property is occupied, a written notice, stating that said property, or a portion thereof, has been sold to satisfy the bond lien, the date of sale, the date, number, and series of the bond, the amount then due, and the time when the right of redemption will expire, or when the purchaser will apply for a deed, and the owner of the property shall have the right of redemption indefinitely, until such notice shall have been given and said deed applied for, upon the payment of the fees, penalties, and costs in this Act required. In case of unoccupied property, a similar notice must be posted in a conspicuous place upon the property, at least thirty days before the expiration of the time for redemption, or thirty days before the purchaser applies for a deed; and no deed to the property sold, in accordance with the provisions of this act, shall be issued by the city treasurer to the purchaser of such property, until such purchaser shall have filed with such treasurer an affidavit showing that the notice heretofore required to be given has been given as herein required, which said affidavit shall be filed and preserved by the said treasurer as other records kept by him in his office. Such purchaser shall be entitled to receive the sum of fifty cents for his service

of such notice and the making of such affidavit, which sum of fifty cents shall be paid by the redemptioner at the time and in the same manner as the other sums, costs, and fees are paid.

Absolute title.

SEC. 76. SEC. 77. Whenever any railroad track or tracks of any description exists upon any street or streets on which the city council has ordered work to be done or improvements made, excepting therefrom such portions as are required by law to be kept in order or repair, by any person or company having railroad tracks thereon, the said council may, at any time thereafter, order such person or company to perform upon said excepted portion the work or improvements similar in all respects to that already ordered to be performed, under the same specifications and superintendence, with the same materials, within the same time, and to the like satisfaction and acceptance. Thereupon it shall be the duty of the clerk of said council to deliver immediately a copy of such order, certified by him to such person or company, and to make and preserve in his office a certificate of such delivery, its date, and upon whom made. Should such person or company, for thirty days, or within such extension of time as the city council may grant, thereafter refuse or neglect to make or have made such work or improvement in the manner or time ordered, it shall be the duty of the city council to have such work or improvement performed, and such refusal or neglect punished in the manner provided by law. Within fifteen days after receiving the certified copy of said order such person or company may file with the clerk of said council a written assumption of the performance of said work or improvement, according to the order, or a request to the council to have such work or improvement performed, for and at the expense of such person or company, in the manner herein provided. The failure to file such instrument within said time shall be taken and deemed to be a refusal to comply with the order. Upon reception of said assumption of the direct performance of said work or improvement, the city council shall take no further proceedings in the matter, unless such person or company neglects or fails for thirty days, or such further time as the council may grant, to comply with the provisions of the order. But if such person or company files the said request that the said council have such work or improvement performed, or fails to perform said work within thirty days, or within such further time as the council may grant, then said city council may pass a resolution of intention to perform said work, which resolution shall specify the work to be performed, and a statement that unless within thirty days after the recording of the return of the warrant, or within five days after the final decision of the council on an appeal, the said person or company shall pay the cost of said work, the street superintendent of said city shall issue bonds to represent the cost of said work, stating also that the cost of said work, in case bonds shall issue, shall be paid in ten yearly installments, and also the rate of interest (not to exceed ten per cent per annum) that the same shall bear. The subsequent procedure shall be as provided in Part I of this Act. A similar statement shall also be incorporated in all notices required to be posted or published by the provisions of Part I of this Act; also in the resolution ordering the work, advertisement for proposals, and in the contract. Whenever the person or company owning such railroad shall not have, within thirty days after the recording of the return of the warrant, or within five days after the final decision of the council, on an appeal, paid the cost of such work, the street superintendent shall issue to the contractor, or his assigns, bonds for the amount of such cost, which shall describe the franchise, tracks, and roadbed along or between which said work has been performed, and describing the same as upon the assessment and diagram, giving its assessment number. Such bonds shall also describe the work performed, giving the total amount of the cost of such work, the name of the owner of said railroad, the number of installments in which the cost of the work is to be paid, and the rate of interest which the deferred payments shall bear. Said bonds shall be in the sums of not less than one hundred dollars or more than one thousand dollars, and shall recite the total amount of the cost of such work, together with the interest thereon, as represented in said bonds, is, except state, county, and municipal taxes, a first lien upon all the track, roadbed, switches, and franchises of said railroad lying within the corporate limits of the city on any part of which said work has been performed. Said street superintendent shall also keep a record of such bonds. Whenever bonds have been issued, as herein provided, the same, together with the cost of such work and the interest thereon, shall be, except state, county, or municipal taxes, a first lien upon all the tracks, roadbed, switches, and franchises of said railroad within the corporate limits of the city or town, on any part of which said work has been performed. The sections of this Act, regarding the form, issuance, and foreclosure of street bonds, and the sale of property described therein, shall apply hereto.

No protests.

SEC. 78. None of the provisions of Part I of this Act in regard to a protest against the work shall apply to any work contemplated by the preceding section. All provisions of Part I of this Act not inconsistent with the provisions hereof shall apply hereto.

Section 1. The boundaries of any incorporated town or city, whether heretofore or hereafter formed, incorporated, reincorporated, organized, or reorganized, may be altered and new territory annexed thereto, incorporated and included therein,

and made a part thereof, upon proceedings being had and taken as in this Act provided. The council, board of trustees, or other legislative body of any such municipal corporation, upon receiving a written petition therefor containing a description of the new territory asked to be annexed to such corporation, and signed by not less than one fifth in number of the qualified electors of such municipal corporation, computed upon the number of votes cast at the last general municipal election held therein, must, without delay, submit to the electors of such municipal corporation and to the electors residing in the territory proposed by such petition to be annexed to such corporation, the question whether such new territory shall be annexed to, incorporated in, and made a part of said municipal corporation. Such question shall be submitted at a special election, to be held for that purpose, and no other; and such legislative body is hereby empowered to, and it shall be its duty to cause notice to be given of such election by the publication of a notice thereof in a newspaper printed and published in such municipal corporation, and also in a newspaper, if any such there be, printed and published outside of such corporation, but in the county in which the territory so proposed to be annexed is situated, in each case at least once a week for a period of four successive weeks next preceding the date of such election. Such notice shall distinctly state the proposition to be submitted, *i. e.*, that it is proposed to annex to, incorporate in, and make a part of such municipal corporation the territory sought to be annexed, specifically describing the boundaries thereof; and in said notice the qualified electors of said municipal corporation, and the qualified electors residing in said territory so proposed to be annexed, shall be invited to vote upon such proposition by placing upon their ballots the words "For annexation" or "Against annexation," or words equivalent thereto. Such legislative body is hereby empowered, and it shall be its duty, to establish, and in such notice of election designate the voting precinct or precincts, and the place or places at which the polls will be opened in such territory so proposed to be annexed, and also in such municipal corporation. And such place or places shall be that or those commonly used as voting places within such municipal corporation, and also that or those commonly used within such new territory, if any such there be. Such legislative body is empowered to, and it shall, appoint the officers of such election, who shall be, for each voting place in such municipal corporation, and for each voting place in said new territory, two judges and one inspector, each of whom shall be a qualified elector of the voting precinct in which he is appointed to act as an officer of such election. The ballots used at such election, the opening and closing of the polls, and the holding and conducting of such election, shall be in conformity, as far as may be, with the general laws of this State concerning elections, and the judges and inspectors of such election shall immediately on the closing of the polls, count the ballots, make up and certify the tally sheets of the ballots cast at their respective polling places, seal, and then immediately return the same as below provided, doing so, as nearly as practicable, in the manner provided in the election laws of this State; but the ballots, tally sheets, and returns shall be so returned to and deposited with the clerk of such legislative body. Such legislative body shall, at the time provided for its regular meeting next after the expiration of three days from and after the date of said election, meet and proceed to canvass said returns; and such canvass shall be completed at such meeting, if practicable, and in any event as soon as practicable, avoiding adjournment or adjournments, if possible, until said canvass is completed. Such canvass by such legislative body shall be conducted and completed as follows: The returns of the votes cast in said outside territory, so proposed to be annexed shall be canvassed separately; and the returns of the votes cast inside of said municipal corporation shall be canvassed separately. Immediately upon the completion of such canvass, said legislative body shall cause a record thereof to be made and entered upon its minutes, showing the whole number of votes cast in such outside territory, the whole number of votes cast in such municipal corporation, the number thereof cast in each in favor of annexation, and the number thereof cast in each against annexation; and if it shall appear from such canvass that a majority of all the votes cast in such outside territory, and a majority of all the votes cast inside of said municipal corporation, are in favor of annexation, the clerk, or other officer performing the duties of clerk, of such legislative body, shall promptly make and certify, under the seal of said municipal corporation, and transmit to the Secretary of State a copy of said record so entered upon said minutes, together with a statement showing the date of said election and the time and result of said canvass, which document shall be filed by the Secretary of State immediately upon the receipt thereof. From and after the date of the filing of said document in the office of the Secretary of State, the annexation of such territory so proposed to be annexed shall be deemed and shall be complete, and thenceforth such annexed territory shall be, to all intents and purposes, a part of such municipal corporation, except only that no property within such annexed territory shall ever be taxed to pay any portion of any indebtedness or liability of

such municipal corporation contracted prior to or existing at the time of such annexation, excepting as provided in section one *a* of this Act. No territory which, at the time such petition for such proposed annexation is presented to such legislative body, forms any part of any incorporated town or city, shall be annexed under the provisions of this Act.

SEC. 2. A new section is added to said Act and designated section one *a*, immediately following section one of said Act, and to read as follows:

Section 1*a*. Whenever any municipal corporation to which it is proposed to annex territory under the provisions of this Act shall have incurred, or authorized the incurring of, any bonded indebtedness for the acquisition, construction or completion of any municipal improvement or improvements, the petition presented to the legislative body of such municipal corporation, as hereinabove provided, may contain a request that the question to be submitted to the electors of such municipal corporation and to the electors residing in the territory proposed by such petition to be annexed to such corporation, shall be, whether such new territory shall be annexed to, incorporated in, and made a part of, said municipal corporation, and the property therein be, after such annexation, subject to taxation, equally with the property within such municipal corporation, to pay any bonded indebtedness of such corporation, outstanding at the date of the election to be called in pursuance of such petition, or theretofore authorized, and to be represented by bonds thereafter to be issued, incurred, or to be incurred for the acquisition, construction or completion of any such municipal improvement or improvements, specified in said petition. If such request shall be made in said petition proceedings shall be had thereon the same in all respects as upon a petition presented under the provisions of the preceding section, excepting that the notice of election shall distinctly state the proposition to be submitted, *i. e.*, that it is proposed to annex to, incorporate in, and make a part of, such municipal corporation, the territory sought to be annexed, specifically describing the boundaries thereof, and that the property therein, shall, after such annexation, be subject to taxation, equally with the property within such municipal corporation, to pay the bonded indebtedness of such municipal corporation, outstanding at the date of the said election, or theretofore authorized, and to be represented by bonds thereafter to be issued, incurred or to be incurred for the acquisition, construction, or completion of the municipal improvement or improvements mentioned in the petition presented to the said legislative body, distinctly specifying such improvement or improvements. The said notice shall, in addition, distinctly state the original amount or amounts of such indebtedness, and the amount or amounts of such indebtedness which will be outstanding at the date set for such election, and the amount or amounts of such indebtedness theretofore authorized, and to be represented by bonds thereafter to be issued and the rate of interest payable on such indebtedness; and upon the canvass of the returns of the votes cast at any election held under the provisions of this section, if it shall appear that two thirds of all the votes cast in such outside territory, and a majority of all the votes cast inside of said municipal corporation, are in favor of annexation, and not otherwise, a copy of the record of such canvass shall be transmitted to the Secretary of State in the same manner as provided in the preceding section. From and after the date of the filing of said document in the office of the Secretary of State, the annexation of such territory so proposed to be annexed, shall be deemed, and shall be, complete, and thenceforth such annexed territory shall be, to all intents and purposes a part of such municipal corporation, and the property within such annexed territory shall be taxed to pay the bonded indebtedness or liability of such corporation, specified in said notice, equally with the property within such municipal corporation as it existed prior to such annexation.

San Francisco, California, February 14, 1911.

Also:

SAN FRANCISCO, CAL., February 23, 1911.

To the Honorable the Lieutenant Governor, and Senators, of the State of California:

GENTLEMEN: Lincoln Post No. 1, Department of California and Nevada, G. A. R., hereby memorialize and respectfully petition your honorable body to vote for and pass Senate Bill No. 56, appropriating the sum of \$100,000 for the construction and equipment of a building or buildings for the use of wives and widows of dependent honorably discharged Union soldiers, sailors, and marines.

The states of Iowa, Illinois, Indiana, Wisconsin, Minnesota, Nebraska, and many others have appropriated sums not less than one hundred thousand dollars for similar purposes, and we feel that the great State of California should get in line, in caring for and housing the wives and widows of veterans of the Civil War. Our State has liberally provided for disabled veterans, but the aged wife is left to care for herself, while the husband goes sadly to the home, separated from his life companion for whom he has provided for a half century. The Old Guard, composed of more

than six thousand veterans in this State, appeal to your intelligence and patriotism and earnestly request your favorable action on said bill.

Passed by unanimous vote of Lincoln Post and respectfully submitted for your consideration.

FREDERICK STANLEY,

Commander.

C. J. HANDLEY, Adjutant.

PETITION (OUT OF ORDER).

Senator Wright asked for, and was granted, unanimous consent to introduce the following petition, which was ordered printed in the Journal:

BELLINGHAM, WASH., February 23, 1911.

To the Senate of the State of California:

Your petitioner respectfully represents that reforms in these days of modern civilization are not consummated by loud declamation and bitter invective, but rather by an appeal to common sense and reason. Imagination is the pilot which has led every onward march of our material, civic and political advance, and this all important element bodies forth in the form of poetry. I petition your honorable body to employ the sentiment expressed in the following lines in your noble efforts to protect American civilization against oriental invasion:

SHALL HISTORY BE REPEATED HERE IN OUR UNITED STATES.

By Florence Louise Hoag.

This sullen, angry, alien blood
Mixed in our veins will rule;
If we with folded hands sit down,
Bestir yourself, ye tool,
In grip of greed, ye slow of heart;
God's laws are fixed and sure,
Shall we amalgamate this mass
Or keep our heart's blood pure?
Shall we turn back the wheels of time?
Must progress wait for years
Till right can rise and gain control
Through blood and many tears?

When from that cradle in the east
Our white race westward marched;
We made to blossom with the rose
The deserts dry and parched,
We drained the swamps and felled the trees
And savage beast and man
Gave way before the onward march
Of leaders of our van,
With hope sublime our feet have trod
Where angels' garments trail,
Our eyes the sunlit summits view
Shall this age see us fail?

Greece reached her heights in frugal days
But conquests brought the slave,
These slaves and wine and luxuries
Made weaklings of her brave,
What cared this mixed blood for her creeds
Poetry in marble dressed?
Its demagogues caused inward strife
And traitors did the rest,
Republic Rome, too, fell a prey
To politicians bold,
With talons fierce, the toiling poor,
They crushed like harpies old.

Deluded Rome! Her empire rose
But to "decline and fall,"
Her splendid crimes in church and state
Had undermined the wall,
Whose toil paid for her palaces
And glittering excess?
Her foreign slaves and humble sons
Were robbed without redress,
Her privileged taxed her middle class;
Manipulated law,
(Extremes of wealth and poverty,
No favored class, can awe.)

Blind, wanton leaders! They, their own
 And country's downfall wrought;
 When o'er the Danube armed Goths
 On infamous terms were brought.
 These Gothic hordes had begged to guard
 The empire's northern parts.
 Fair words of love were on their lips
 And hatred in their hearts.
 Soon swept their fierce king, Alaric,
 With fire and blood each home
 Licentious furies reigned; when he
 With famine unlocked Rome.

The savage Vandal, Genserik,
 Destroyed Rome's fleet and turned
 Her seas to blood. His title,
 "Tyrant of the Sea," he earned.
 His northern ally, Attila,
 The awful "Scourge of God,"
 Made boast that never more grew grass
 Where once his horse had trod.
 The young, the old; the rich, the poor,
 All drank Rome's cup of woes;
 Filled up to overflowing by
 Her barbarian foes.

No country's government can stand
 That fails to realize
 That her backbone and sinews in
 Her native toiler lies.
 Whose toil pays for our palaces
 And glittering excess?
 Whose greed takes toll from hunger's bread?
 Can justice give redress?
 Much old-world flotsam, east and west,
 Is washed in through our gates.
 Shall history be repeated here
 In our United States?

QUESTION OF PERSONAL PRIVILEGE.

Senator Caminetti arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I register my vote against the passage of Assembly Bill No. 37, for the reason that the Legislature has at this session adopted, and will submit to the people, a proposed "initiative and referendum" amendment to the Constitution under the provisions of which friends of local option may obtain the same rights to initiate or refer laws for local option purposes as are therein given to friends of legislation on all other subjects affecting the people's welfare. Thus the proposed amendment carries out the principle of "equal rights to all; special privileges to none." People favoring local option by provisions of the statute should join at the coming election those who favor the initiative and referendum, in writing into our Constitution these great powers for exercise by the people on all subjects.

Also:

Senator Shanahan arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: Certain newspapers, through mistake of their correspondents, stated that I had said in discussing the Japanese question, on the floor of the Senate, that "a mass meeting might be called in San Francisco, of three hundred thousand persons to protest against the ratification of the Japanese treaty." I did not make that statement, or any statement of a similar nature, and said nothing about any meeting to consider that or any other question.

Also:

Senator Juilliard arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: My attention has been called to the scurrilous, ungentlemanly and unchristian attack made by the Rev. S. Fraser Langford last Sunday night upon certain members of this Senate, and upon Senator Wolfe and myself specially.

I assume that he is reported correctly in the "Sacramento Union" of this date, and if so, his inferences, representations and statements concerning the local option bill and the effect and aim of the amendments offered by me are unfair, unchristian and untrue. He went so far in his ministerial wrath, so I am informed, as to compare the senior Senator from San Francisco and myself unto a "party of thieves"; he referred to the Assemblyman from my district, and who sat at my desk, as a lobbyist, and applied other belittling and unkind terms toward him. His remarks and references to Senator Wolfe are so uncalled for and ungentlemanly that they need not be further noticed.

Langford is a prohibitionist, and not a local optionist, and he so admits. And this is further proven when he says: "Prohibition spells prosperity, if we learn to spell it with a local option primer."

The Senators referred to favor a fair local option law, and hence voted to so amend it, and for honestly so believing and voting have been criticised and misrepresented by a fanatical prohibitionist from the pulpit, who hoped thereby to influence through fear of like indecent, unfair and unchristian criticism, members of the Assembly to refuse to accept the amendments.

On behalf of Senator Wolfe and the Senators maltreated, I hurl back to this narrow-minded, unchristian being all the insults he has attempted in the premises.

Strike out all of the proposed constitutional amendment after the word "inhabitants," on page 1, line 9, of the printed amendment, and insert in lieu thereof the following: "as ascertained and established by the last preceding census, taken under the direction of the Congress of the United States, or by a census of said city, taken, subsequent to the aforesaid census, under the direction of the legislative body thereof, under laws authorizing the taking of the census of cities, may frame a charter for its own government, consistent with, and subject to, the constitution, or, having framed such a charter, may frame a new one, by causing a board of fifteen freeholders, who shall have been, for at least five years, qualified electors thereof, to be elected by the qualified electors of said city, at a general or special municipal election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by a vote of two thirds of all the members of the council, or other legislative body, of such city, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said city, or in pursuance of a petition of qualified electors of said city, as hereinafter provided. Such petition, signed by fifteen per centum of the qualified electors of said city computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for said city, may be filed in the office of the city clerk thereof. It shall be the duty of said city clerk, within twenty days after the filing of said petition, to examine the same and to ascertain from the record of the registration of electors of the county, showing the registration of electors of said city, whether the petition is signed by the requisite number of qualified electors of said city. If required by said clerk, the council, or other legislative body, of said city shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of

such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall present the said petition to said council, or other legislative body, at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said council, or other legislative body, shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days, nor more than sixty days, after the adoption of the ordinance aforesaid, or the presentation of said petition to said council, or other legislative body; *provided* that if a general municipal election shall occur in said city not less than twenty days, nor more than sixty days, after the adoption of the ordinance aforesaid, or the presentation of said petition to said council, or other legislative body, said board of freeholders may be elected at such general municipal election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections.

It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said council, or other legislative body, to prepare and propose a charter for said city, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the city clerk of said city, and the other in the office of the county recorder of the county in which said city is situated. Said council, or other legislative body, shall, thereupon, cause said proposed charter to be published, for at least ten times, in a daily newspaper of general circulation, printed, published and circulated in said city; *provided*, that in any city where no such daily newspaper is printed, published and circulated, such proposed charter shall be published, for at least three times, in at least one weekly newspaper of general circulation, printed, published and circulated in said city; and, in any event, the first publication of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the city clerk. Such proposed charter shall be submitted by said council, or other legislative body, to the qualified electors of said city, at a special election held not less than twenty days, nor more than forty days, after the completion of such publication; *provided*, that if a general municipal election shall occur in said city not less than twenty days, nor more than forty days, after the completion of such publication, then such proposed charter may be so submitted at such general election. If a majority of such qualified electors voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, such charter shall become the charter of such city, or, if such city be consolidated with a county, then of such city and county, and shall become the organic law thereof, and supersede any existing charter, (whether framed under the provisions of this section of the constitution or not) and all amendments thereof, and all laws inconsistent with such charter. A copy of such charter, certified by the mayor, or other chief executive officer of said city, and authenticated under the seal of such city, setting forth the submission of such charter to the electors of said city, and its ratification by them, shall, after the approval of such charter by the Legislature, be made in duplicate and deposited, one in the office of the Secretary of State and the other, after being recorded, in the office of the recorder of the county in which such city is situated, shall be deposited in the archives of the city, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the council, or other legislative body of the city, to the qualified electors thereof at a general or special municipal election held not less than twenty days, nor more than forty days, after the completion of the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said city, or for three times in at least one weekly newspaper of general circulation, printed, published and circulated in said city, if there be no such daily newspaper. If a majority of such qualified electors voting thereon at such general or special election shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments proposed by petition, as hereinafter provided, such amendment or amendments shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the Legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature, as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the Legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by fifteen per centum of the

qualified electors of the city, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, is filed in the office of the city clerk of said city, petitioning the council, or other legislative body thereof, to submit any proposed amendment or amendments to the charter of such city, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified by the city clerk, and if signed by the requisite number of qualified electors of said city, it shall be presented to the said council, or other legislative body, by the said city clerk, as heretofore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said council, or other legislative body, said council, or other legislative body, must submit the amendment or amendments set forth in said petition to the qualified electors of said city, at a general or special municipal election held not less than twenty, nor more than forty, days after the completion of the publication of such proposed amendment or amendments, in the same manner as heretofore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the council, or other legislative body. The first publication of any proposed amendment or amendments to such charter so proposed by petition shall be made within fifteen days after the aforesaid presentation of said petition to said council, or other legislative body. In submitting any such charter, or amendment or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

Every special election held in any city under the provisions of this section, for the election of a board of freeholders, or for the submission of any proposed charter or any amendment or amendments thereto, shall be called by the council, or other legislative body thereof, by ordinance, which shall specify the purpose and time of such election, and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance shall, prior to such election, be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper printed, published and circulated in said city. Such election shall be held and conducted, the returns thereof canvassed, and the result thereof declared by the council, or other legislative body of such city, in the manner that is now or may be hereafter provided by general law for such elections in the particulars wherein such provision is now or may hereafter be made therefor, and in all other respects in the manner provided by law for general municipal elections, in so far as the same may be applicable thereto.

Whenever any board of freeholders shall be elected, or any such proposed charter or amendment or amendments thereto shall be submitted at a general municipal election, the laws governing the election of city officers or the submission of propositions to the vote of electors, shall be followed in so far as the same may be applicable thereto and not inconsistent herewith.

It shall be competent in any charter framed by any city under the authority given in this section, or by amendment to such charter, to provide, in addition to those provisions allowed by this Constitution and by the laws of the State, for the establishment of a borough system of government for the whole or any part of the territory of such city, by which one or more districts may be created therein, which districts shall be known as boroughs, and which shall exercise such special municipal powers as may be granted by such charter, and for the organization, regulation, government and jurisdiction of such boroughs.

All the provisions of this section relating to the city clerk shall, in any city and county, be deemed to relate to the clerk of the legislative body thereof.

MR. PRESIDENT: The undersigned, members of the Senate Committee on Labor, Capital and Immigration, to which committee was referred Assembly Bill No. 248, beg leave to report that said bill was considered by the committee on three separate and distinct occasions, that on two of said hearings representatives of labor and representatives of those in opposition to the bill were heard at length, and that your committee not only heard arguments, but have taken evidence as to the merits of the bill.

A meeting of the committee was held on Monday evening, the 27th instant, for the purpose of taking final action thereon. At said meeting four of the committee were present, and without allowing any opportunity to amend the bill, or waiting the attendance of the absent members, the bill was reported out, without amendment, with the recommendation that it do pass, within fifteen minutes after the committee convened.

The undersigned, constituting a minority of the committee, are sincerely in favor of a just and equitable measure that will afford to overworked women the protection that their health requires, but we believe the enactment of Assembly Bill No. 248, in the form in which it was recommended by the committee, would work great hardships upon the women laborers themselves, and be unfair to the business interests of the State of California.

With a spirit of fairness to the laboring women, and with an equal desire to be fair and just to the business interests, we recommend the adoption of the following substitute for Assembly Bill No. 248.

All of which is respectfully submitted.

H. M. HURD.
LEROY A. WRIGHT.

PETITION.

Senator Wolfe presented the following telegram, which was read and referred to the Committee on Judiciary.

SAN FRANCISCO, February 28, 1911.

Hon. E. I. Wolfe, Senate Chamber, Sacramento, California:

With reference to the bills pending for cession of tide lands to the cities of Los Angeles, San Diego and Oakland, the Merchants' Association of San Francisco desires to cooperate with these cities in any reasonable effort for the improvement and maintenance of their harbors. The association, however, believes that the cession of tide lands to these cities with an opportunity for them to assume control of their respective harbors and regulate charges on shipping and with the power that they would have of raising funds for improving and maintaining the harbors by taxing the property of their citizens instead of by raising funds from charges on shipping would give them an opportunity of entering into unfair competition with the harbor of San Francisco, which is now under State control, and can be maintained only by charges upon shipping. If such unfair competition were to be permitted or encouraged by the State it might seriously affect the revenues that could be raised in San Francisco harbor from the charges upon shipping and would affect the bonds which have been issued and which have been authorized and reflect on the credit of the State. We therefore urge that in any cession of tide lands to any of these three cities some scheme be provided for State control and the State be given authority to fix at least a minimum charge on shipping. For similar reasons we are opposed to any law being passed with reference to pilot charges except a uniform law affecting all harbors alike. We would request you to present these views to the appropriate committees, and would request that you secure the publication of this communication in the Senate Journal.

THE MERCHANTS' ASSOCIATION OF SAN FRANCISCO.

M. H. ROBBINS JR., President.

Section 9. Every franchise or privilege to construct or operate street or inter-urban railroads upon any public street, highway or public property, hereafter proposed to be granted by said common council, shall be granted for a period of not greater than fifty (50) years, upon the terms and conditions as follows, and not otherwise:

An applicant for any franchise or privilege above mentioned shall file an application therefor with said common council, and thereupon said common council shall in its discretion advertise the fact of said application, together with a statement that it is proposed to grant the same, as applied for or as charged by said common council, in the official newspaper of said city. Said advertisement must state that bids will be received for such franchise and that it will be awarded to the highest bidder, and the same must be published in such newspaper once a day for ten successive days. The full publication must be completed not less than twenty days nor more than thirty days before any further action can be taken therein.

The publication must state the character of the franchise or privilege proposed to be granted, the term for which it is granted, and, the route to be traversed; that sealed bids therefor will be received up to a certain hour and day named therein, and that the successful bidder and his assigns must, during the life of said franchises, pay to the said city two per cent (2%) of the gross annual receipts of the person, partnership or corporation to whom the franchise is awarded, arising from its use, operation or possession. No percentage shall be paid for the first five (5) years succeeding the date of the franchise, but thereafter such percentage shall be payable annually, and in the event said payment is not made, said franchise shall be forfeited; *provided, further*, that if the franchise be a renewal of a right already in existence the payment of said percentage of gross receipts shall begin at once.

In case the franchise granted shall be an extension of an existing system of street railroad, then the gross receipts shall be estimated to be one half of the proportion of the total gross receipts of said system which the mileage of such extension bears to the total mileage of the whole system, and said estimate shall be conclusive as to the amount of the gross receipts of said extension.

Said advertisement shall also contain a statement that the said franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; *provided, only*, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege, a sum not less than ten per cent above the highest sealed bid therefor, and said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold, and awarded by said common council to the highest bidder therefor in gold coin of the United States. Each sealed bid shall be accompanied with cash or a certified check, payable to the treasurer of said city, for the full amount of said bid, and no sealed bid shall be considered unless said cash or check is enclosed therewith and the successful bidder shall deposit, at least, ten per cent of the amount of his bid with the clerk of said city before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately, then and in that case, his bid shall not be received, and shall be considered as void, and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit, as above mentioned. Said procedure shall be had until said franchise is struck off, sold, and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid therefor, as herein provided. Said successful bidder shall deposit with the clerk of said city, within twenty-four hours after the acceptance of his bid, the remaining ninety per cent of the amount thereof, and in case he or it shall fail to do so, then the said deposit theretofore made, shall be forfeited, and the said award of said franchise shall be void, and the said franchise shall then and there, by said common council, be again offered for sale to the highest bidder therefor.

in the same manner, and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the clerk of said city, the remaining ninety per cent of his bid, within twenty-four hours after its acceptance, the award to him of said franchise shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise shall be had unless the same shall be readvertised and again offered for sale, in the manner hereinbefore provided.

Work to construct railroads along or upon any public street or highway, a franchise for which shall have been granted in accordance with the terms of this section, shall be commenced in good faith within not more than four months from the granting of any such franchise, and if not so commenced within said time said franchise so granted shall be declared forfeited, and shall be completed within not more than three years thereafter, and if not so completed within said time said franchise so granted shall be forfeited; *provided*, that for good cause shown the common council may by resolution extend the time for completion thereof, not exceeding three months.

The owner of the franchise or privilege shall plank, pave or macadamize the entire length of the street, used by his or its track, between the rails, and for two feet on each side thereof, and between the tracks, if there be more than one, whenever ordered to do so by said common council, and shall keep the same constantly in repair, flush with the street, and with good crossings.

The said common council shall have power to regulate the rate of speed, and pass ordinances to protect the public from danger or inconvenience in the operation of such roads, and the rates of fare and charges for transporting passengers and goods thereon shall be subject to the regulation by said common council.

Two or more lines of street railway, operated under different managements, may by lease or contract, use the same street or tracks upon such terms as may have been agreed upon between the companies operating such railways; and two lines of street railway operated under different managements may be permitted to use the same street or tracks for a distance of five blocks without such lease or contract, upon payment of an equal portion for the construction of the tracks and appliances used by said railways jointly; but in no case shall a company owning or operating one line of street railway be permitted to condemn the right to occupy and use the same street or tracks for a distance of more than five blocks exclusively.

The successful bidder for any franchise or privilege struck off, sold, and awarded under this section shall file a bond running to said city, with, at least, two good and sufficient sureties, to be approved by said common council, in a penal sum by it to be prescribed and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with said common council within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise shall, by said common council, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold, or awarded, and in case that said bond shall not be so filed, the award of such franchise shall be set aside, and any money paid therefor shall be forfeited, and said franchise shall, in the discretion of said common council, be readvertised, and again offered for sale in the same manner, and under the same restrictions, as hereinbefore provided.

No clause or condition of any kind shall be inserted in any franchise or grant offered or sold under the terms of this section, which shall directly or indirectly restrict free and open competition in bidding therefor, and no clause or provision shall be inserted in any franchise offered for sale, which shall in any wise favor one person, firm or corporation, as against another, in bidding for the purpose thereof."

Amend Article VII of the charter, by adding a new section thereto, to be known as Section 4, which shall read as follows:

"Section 4. The members of the board of education shall each receive as compensation the sum of six hundred dollars (\$600.00) per annum, in monthly installments." And

WHEREAS, The said proposed amendments, and each one of them, so ratified, have been duly presented and submitted to the Legislature of the State of California, for approval or rejection, in accordance with section eight, of article eleven, of the Constitution of the State of California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, (a majority of all the members elected to each house voting for and concurring therein), That said amendments to the said charter of the said city of San Diego as proposed and submitted to, and adopted and ratified by the qualified electors of the said city of San Diego, be and the same are, and each one of them is, hereby approved as a whole without amendment or alteration for and as amendments to and as part of the charter of the said city of San Diego.

MESSAGE FROM THE GOVERNOR—(OUT OF ORDER).

On motion of Senator Juilliard, the following message from the Governor was taken up:

STATE OF CALIFORNIA, EXECUTIVE OFFICE,
SACRAMENTO, February 28, 1911.

To the Senate of the State of California:

In accordance with Section 10 of Article IV of the Constitution, I return to you herewith without my approval, Senate Bill No. 344, an Act to regulate the public service of stallions and jacks in the State of California, with my objections.

Section 4 of the Act in question designates certain diseases as transmissible or hereditary, which disqualify the animals named. The State Veterinarian, Dr. Keane, informs me, and his statement is corroborated by authorities upon the subject, that the first disease mentioned in Section 4, "moon blindness," is neither transmissible nor hereditary. In addition, a disease which is quite common and is both transmissible and hereditary, is "side bone." This is not specified in the Act. The result of the Act, therefore,—the first of its character in this State,—is to disqualify animals afflicted with certain diseases, while other animals afflicted with a disease as common and quite as serious are not disqualified. I think, therefore, that the Legislature unintentionally has discriminated in the matter. It certainly would be unjust in the first measure of this character to disqualify some animals and permit others afflicted to rest under no disqualification. For these reasons I have vetoed the bill.

Respectfully,

HIRAM W. JOHNSON,
Governor of California.

To the Honorable the Lieutenant Governor and Senators of the State of California:

GENTLEMEN: Lincoln Post, No. 1, Department of California and Nevada, Grand Army of the Republic, hereby memorialize and respectfully petition your honorable body to vote for and pass Senate Bill No. 56, appropriating the sum of \$100,000 for the construction and equipment of a building or buildings for the use of wives and widows of dependent honorably discharged Union soldiers, sailors and marines.

The states of Iowa, Illinois, Indiana, Wisconsin, Minnesota, Nebraska and many others have appropriated sums not less than one hundred thousand dollars for similar purposes, and we feel that the great State of California should get in line, in caring for and housing the wives and widows of veterans of the Civil War. Our State has liberally provided for disabled veterans, but the aged wife is left to care for herself, while the husband goes sadly to the home, separated from his life companion for whom he has provided for a half century. The Old Guard, composed of more than six thousand veterans in this State, appeal to your intelligence and patriotism and earnestly request your favorable action on said bill.

Passed by unanimous vote of Lincoln Post and respectfully submitted for your consideration.

FREDERICK STANLEY, Commander.

C. J. HANDLEY, Adjutant.

SAN FRANCISCO, CAL., February 25, 1911.

To the Senate of the State of California:

General George G. Meade Post, No. 48, heartily indorses the within resolution.

Be it resolved by the California Equestrian Association. That we are unalterably opposed to the passage, by the California State Legislature, now in session at Sacra-

mento, of Senate Bill No. 733, and its companion bill, Assembly Bill No. 964, said bills relating to health and development supervision in the public schools and in State educational institutions of the State of California, etc., for the following reasons, viz:

First—We do not believe that said bills are necessary, in that the public health is not of such a low character as to warrant such kind of legislation.

Second—The entire world now has its eyes upon the State of California, owing to the proposed Panama-Pacific Exposition, and to at this time adopt legislation which would make it appear that the standard of health in this State is so low as to warrant such legislation, when such is not the case, would very materially and morally affect the general welfare of the entire commonwealth.

Third—We are against compulsory medical requirements, in that we feel that the State has no right to invade the sacred precincts of the home for the purpose of allowing doctors, other than the regular family physician, to practice upon our youth of this State.

Fourth—We are confident that students who are just studying medicine, will, for the purposes of practice, be employed by the board created under the above referred to Acts, and the result will be to subject the citizenry to unnecessary alarm and fear as to the health of the children.

Fifth—This measure will establish a great political power, because it is a self-evident fact that if any person or set of persons is or are placed in absolute power, that sooner or later they will abuse that power, and all to the detriment of the people.

Sixth—We most emphatically deny that there is any demand for such legislation, except among those interested persons who probably expect to be benefited directly thereby in that more political jobs are created; also the present Legislature was elected just to get rid of such sort of legislation.

Seventh—This measure will increase the already overburdened taxpayer in every county and city in the State.

S. M. FISHER, AND OTHERS.

Also:

February 4, 1911.

To the Honorable Members of the Committee of Education, State Legislature, Sacramento:

DEAR SIR: The question of retirement salaries for teachers is one to be considered wholly apart from benefits to any individual or class of individuals and should be looked at from the viewpoint of efficiency and economy of public service alone.

One of the most deprecated conditions in American schools to-day, as you are aware, is the dearth of men, and, particularly of strong men in the school service, and the constant question is, "How can stronger men and more men be induced to enter and remain in the school service?" Another question, less general in application but frequently fully as vital, is "How to get rid of teachers who have grown old in the service?" Sentiment often keeps them in the work long beyond their period of usefulness, the community refusing to see one who has given his life to the work reduced to poverty-stricken old age. A further item to be considered is to what extent may teachers spend time and money in renewing their education by either travel or study. Only such teachers as do not anticipate finishing their days in school work are at present able to do anything in this line. It thus becomes true that the majority of those who travel and study after having entered the teaching service are ladies rather than men, and any who do it do so at their peril.

I wish now to call your attention to such a law as the one proposed, emphasizing these three vital points in the maintenance of a strong teaching force.

First, with reference to the education and retention of men in the service, I have found in repeated instances that young men already in the service retire from it on assuming family responsibilities.

Second, they feel that they are in a work practically sure of retirement at fifty or sixty years of age, and that the salary offered is barely sufficient to pay the ordinary bills necessary to living. This view of the same is probably correct and I have repeatedly seen my best men go and have been unable to advise them otherwise. For similar reasons young men well prepared to enter the work fail to enter it. The first apparent solution of this is the general raise in salaries. It is true that this would produce beneficial results, but I call your attention to the fact that it would attract transient teachers just as strongly as prospectively permanent teachers, and that a much larger amount would be required to thus raise salaries to be paid largely to transient people in the service than would be required to furnish retirement salaries to those only who had persisted to the end and given acceptable service. It should be noted that the certain prospect of such a retirement salary would attract the real teacher, while it would not affect the transient teacher at all, and hence our ranks would be filled to a larger degree with professional teachers than would be possible by mere raise in salary. I can not of course give comparative figures, but I should presume that a retirement salary would produce many times the effect of the same amount spent in a general raise of salaries, and I believe that your judgment must support this.

It is also to be noted that teachers who have served until old age begins to creep upon them are frequently kept by the laudable sympathy of the community

long after their period of usefulness has ended. A retirement law would make it entirely in the natural order of things for such people to leave the service or be dropped from it.

The following instance from a purely business standpoint well supports the argument that I am making: American railways have had to meet precisely similar conditions. In some lines of work they find it necessary to make a sharp old-age limit. As a result, the best men have shunned entering the service. The railways have met this situation by offering such a pension as has once more brought efficient men into their service. They have done this from the most businesslike motives and from the sole desire of increasing the efficiency of the service. I believe that our situation is entirely similar and that the remedy presented is without exception the cheapest and most efficacious possible.

Third, with regard to the matter of keeping up to the times in preparation, let me say that it is wholly out of the question to do so or to attempt to do so if merely a matter of money return or increase salary is to be the basis of it. The oculist and oculist and the physician and surgeon today take six months or a year off to study in New York or Berlin or Vienna, and are practically sure of getting back what they spend many times over. Not so the school man; he comes back quite as likely to find himself out of a job. If considerations of thrift are to govern him, he will do nothing of the kind, but will stick to his job. This in ordinary business is the proper thing to do, but in this branch of public service makes for inefficiency in the case of many a teacher having a family depending upon him. If he knew a retirement salary to await him, he would feel warranted in spending time and money to increase his usefulness to his school and his community. Under ordinary circumstances, it would be foolhardy for him to do so.

Now, gentlemen, I am so certain that my findings in this matter are absolutely correct, and apart from individual considerations, am so certain that this is the only solution of the profound problem of attracting and retaining strong teachers in the service, that I feel that you must, when you come to look into the matter, see that this is true. I certainly have full confidence that you will do what you believe to be right, and with very best wishes and cordial good will I remain,

Very truly yours,

LEWIS B. AVERY

QUESTION OF PERSONAL PRIVILEGE.

Senator Cassidy arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I favor the principle of a pension for retired school teachers, and therefore will vote for this bill. While its present terms do not entirely meet with my views on this matter, still in the interest of the school teachers, who I am satisfied are a unit on securing the establishment of the principle of a pension at this time, I yield my right to offer an amendment which would so carry out my judgment. I think the maximum limit of annuity, namely nine hundred (900) dollars, too high, and would have preferred the sum of seven hundred and fifty (750) dollars substituted therefor. The difference between the annuity maximum and minimum amounts are not exactly fair to the class teachers, in my opinion.

PRESIDENT PRO TEM. BOYNTON IN THE CHAIR.

At twelve o'clock and thirty-five minutes p. m., Hon. A. E. Boynton, President pro tem. of the Senate, in the chair.

A petition signed by electors entitled to vote for a successor of the incumbent sought to be removed, equal in number to at least twenty-five per cent of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be addressed to the council and filed with the city clerk; and said petition shall contain a general statement of the grounds for which the removal is sought, which statement is intended solely for the information of the electors; and the sufficiency of which shall not be open to review. The signatures of the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. Each such paper shall have attached thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the

best of his knowledge and belief, each signature to the paper appended as the genuine signature of the person whose name purports to be thereto subscribed. Every signature appended to any of the papers forming such petition shall be deemed and treated by the city clerk for the purpose of his examination of such petition herein provided, as the genuine signature of the person whose name it purports to be, unless such person, during the period of such examination, files with the city clerk an affidavit to the contrary. Within ten days from the date of filing such petition the city clerk shall examine and ascertain from the great register or from the affidavits or duplicate affidavits of registration, or from either, whether or not said petition is signed by the requisite number of electors entitled to vote, and if necessary, the council shall allow him extra help for that purpose and he shall attach to said petition his certificate stating that he finds the petition to be sufficient or insufficient, as the case may be. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall thereupon order and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The sufficiency or insufficiency of said petition shall, except as to the grounds for removal therein stated, be subject to judicial review, but not to review by the council. In the event action by the council shall be delayed by judicial decision, not of God, then such election shall be called by the council to be held not less than thirty nor more than forty days from the date of which the cause of delay is removed.

That Section 60 of Article IV of said charter of the city of Eureka, be amended to read as follows:

"Section 60. In addition to other duties imposed upon him by this charter or by ordinance of the council, the city engineer shall:

1. Make all surveys, inspections and estimates required by the council.

PRIVILEGE OF FLOOR OF SENATE EXTENDED.

On request of Senator Campbell, the privilege of the floor of the Senate Chamber, for this day, was unanimously extended to B. F. Wright, of Monterey.

On request of Senator Martinelli, the privilege of the floor of the Senate Chamber, for this day, was unanimously extended to W. A. Mackinder, of Sacramento.

On request of Senator Shanahan, the privilege of the floor of the Senate Chamber, for this day, was unanimously extended to James M. Murphy, of Sacramento.

QUESTION OF PERSONAL PRIVILEGE.

Senator Larkins arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: As a question of privilege regarding Minority Committee Report on Assembly Bill No. 248 as appears on page 16, of the Senate Daily Journal, dated February 25, 1911, Senator Larkins states that on Thursday night, the 23d day of February, at a meeting of the Committee of Labor, Capital and Immigration, held for the purpose of considering Assembly Bill No. 248, known as the Griffin Bill, after hearing the matter discussed by the proponents and opponents of the bill for several hours, Senator Wright, a member of that committee, made a motion, which was seconded by Senator Hurd, that the committee adjourn until eight o'clock P. M. on Monday, February 27th. At the time said meeting was held, all members thereof were present. At the said hour of eight o'clock P. M. of said Monday, February 27th, to which time said committee adjourned on the said motion of Senator Wright, the chairman and secretary of said committee, also Senators Hurd, Cutten and Bryant were present at the regular place of meeting of said committee. There were also present a large number of persons—so many in fact that it was uncomfortable to remain in said room. The chairman asked if any one had seen Senator Wright or knew anything of the other members of the committee. But no one had seen or heard anything of the absent members. Senator Bryant twice went to the Senate Chamber to find, if possible, some of the absent members, as Senator Cutten desired to go to the Finance Committee, of which he was chairman, where he had important business; but could find none of them. Fearing that Senator Cutten would leave and that the committee would not retain a quorum, and after waiting until 8:15 o'clock, or thereabouts, the committee proceeded to consider and report upon said bill. The chairman stated that it should first be determined whether the bill should be reported out as it came from the Assembly; that if such action should be taken by the committee then it would be useless to go into a long and tedious consideration of the many amendments offered at the previous meetings of said committee; that if

the committee should determine that the bill should not stand as it came from the Assembly, then each amendment should be taken up and considered in detail. It was then moved by Senator Bryant and seconded by Senator Cullen that said bill be reported back to the Senate with the recommendation: Do pass. Said motion was carried by the following vote: Larkins, Cullen, Bryant. Senator Hurd voted "No." It was then about 8:30 p. m., but none of the other members of said committee had yet appeared. Senator Cullen was anxious to go to his own committee, and a motion was made to adjourn, which motion was carried. Senator Hurd said before leaving the room he desired to make a minority report, whereupon he was accorded that privilege.

LEAVES OF ABSENCE.

Senator Sanford was, on motion of Senator Campbell, granted leave of absence until Friday, March 3, 1911.

Senator Hans was, on motion of Senator Martinelli, granted leave of absence for this day.

They shall have power to hear complaints and to correct, modify, strike out or to raise any assessment, provided that notice shall be given to the party whose assessment is to be raised.

SEC. 118. The council must finally adopt, not later than the first Tuesday in September, an ordinance or resolution levying upon the assessed valuation of the property in the city, subject to the provisions of this charter, a rate of taxation upon each one hundred dollars of valuation sufficient to raise the amounts estimated to be required in the annual budget, less the amounts estimated to be received from fines, licenses and other sources of revenue. They shall then deliver the assessment roll to the auditor, who shall compute and carry out the amount of the tax so levied upon each parcel of property contained in said assessment roll. The corrected list for each tax shall be the assessment roll of said tax for said year, and it shall be certified by the auditor as being the assessment roll of said tax.

SEC. 119. The tax levy authorized by the council to meet the municipal expenses for each fiscal year shall not exceed, except as herein provided, the rate of one dollar on each one hundred dollars of the assessed value of all real and personal property within the city.

SEC. 120. The council shall have power to levy and collect taxes in addition to the taxes herein authorized to be levied and collected, sufficient to pay the interest and maintain the sinking fund of the bonded indebtedness of the city and to provide for the establishment and support of public parks, playgrounds and free public libraries and reading rooms.

SEC. 121. All taxes assessed, together with any percentage imposed for delinquency and the cost of collection, shall constitute liens on the property assessed: every tax upon the personal property shall be a lien upon the real property of the owner thereof. The liens provided for in this section shall attach as of the first Monday in March in each year, and may be enforced by actions in any court of competent jurisdiction to foreclose such liens, or by a sale of the property affected and the execution and delivery of all necessary certificates and deeds therefor, under such regulations as may be prescribed by ordinance, *provided*, that when real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city, in like case and in like manner and with like effect and with like right of redemption, as it may be struck off and sold to the state when offered for sale for state and county taxes; and the council shall have power to provide for the procedure to be followed in such sales to the city and redemption thereafter.

SEC. 122. Money shall be drawn from the city treasury only upon warrants as herein authorized. Every demand against the city from whatever source, including the public library, when allowed by the council or proper board, shall be signed by the president and secretary or clerk of such body, and a warrant, numbered and dated the same as the demand issued and signed by the same officers, and both must, before it can be paid, be presented to the auditor, who shall satisfy himself whether the money is legally due and its payment authorized by law. If he allows it, he shall endorse upon the warrant the word "allowed," and the date of such allowance, and sign his name thereto. No demand shall be approved, allowed, audited or paid unless it specify each special item, and the date thereof.

SEC. 123. Warrants payable on demand shall be drawn upon the treasurer, or against any funds in his hands, only when at the time of drawing and issuing of such warrants there shall be sufficient money in the appropriate fund in the treasury to pay said warrants.

SEC. 124. The council shall prescribe uniform forms of accounts which shall be observed by all officers and departments of the city which receive or disburse moneys. Whenever an Act shall be passed by the state legislature calling for uniform municipal reports, the city authorities shall be governed thereby.

ARTICLE XVIII.

CONTRACTS.

SEC. 125. The city of Pomona shall not be and is not bound by any contract (except such a contract as is now or may be hereafter authorized by this charter to be made in behalf of the city by a board or officer of the city) unless the council shall have first caused notice to be published for not less than five days in a daily news-paper or posted for five days in three public places in the city, inviting proposals to perform the same, and thereafter shall have let said contract to the lowest responsible bidder furnishing security for its performance satisfactory to the council; *provided*, that any such contract shall not be made or be binding on the city unless first authorized by resolution passed by the council; that any such contract shall be made in writing, the draft thereof approved by the council and the same ordered to be, and be signed on behalf of the city by the mayor or some other person authorized thereto by resolution; and that the approval as to form of such contract by the city attorney shall be endorsed on the draft thereof before the council shall have power to approve the same; *provided, further*, that the council may, by resolution, authorize any officer, committee or agent of the city to bind the city for the payment of a sum of money, not exceeding two hundred and fifty dollars, without a contract in writing and without any previous publication or posting of notice inviting proposals.

SEC. 126. When proposals for performing any public work or furnishing materials are invited, the council may reject any and all bids if deemed advisable and ask for new bids or provide for the work to be done by the department of public works; and in case no bid is received the council may provide for the work to be done by the department of public works.

No contract shall provide for or authorize or permit the payment of more than seventy-five per cent of the contract price before the completion of the work done under said contract and the acceptance thereof by the proper officers, department or board.

It shall be the duty of the city attorney to see that all bonds relating to any such contract and required by resolution, ordinance, this charter or the general laws of the state are properly drawn, executed and delivered.

SEC. 127. The commissioner of public supplies shall be the city purchasing agent, until otherwise provided by the council, with such powers and duties as shall be prescribed by the council. The council may provide that all or any designated portion of the purchases and contracts under the jurisdiction of the council shall be made by said purchasing agent under rules to be provided therefor; and with the consent of other boards herein given the power to make purchases and contracts, the council may provide that all or a portion of such purchases and contracts may be made by said agent under similar or different rules. The council may provide that the purchasing agent may make all or any portion of the purchases of the city in the open market at the best prices obtainable and to the best advantage of the city, without advertising for bids.

ARTICLE XX.

FRANCHISES.

SEC. 129. The council shall have power to designate the terms, conditions and duration of all franchises, subject to the general laws of the state and the provisions of this charter relating thereto; *provided*, that no exclusive franchise shall ever be granted.

SEC. 130. The grant of every franchise or privilege shall be subject to the right of the city, whether reserved or not, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodations of the public, including among other things the right to pass and enforce ordinances to protect the public from danger or inconvenience in the operation of any work or business authorized by the grant of the franchise and the right to make and enforce all

such regulations as shall be reasonably necessary to secure adequate, sufficient and proper service and accommodations for the people and insure their comfort and convenience.

SEC. 131. The grant of every franchise or privilege shall be subject to the right of the city, whether reserved or not, to prescribe and regulate the rates, fares, rentals or charges made for the service rendered under such franchise. The grant of every franchise for a street suburban or interurban railroad shall provide that all United States mail carriers and all officials, policemen and firemen of the city shall at all times, while in the actual discharge of their duties, be allowed to ride on the cars of such railroad within the boundaries of the city, without paying therefor and with all the rights of other passengers.

SEC. 132. Every grant of any franchise or privilege in, over, under or along any of the streets, highways or public places in the city for railway purposes, shall be subject to the conditions that the person, firm or corporation, exercising or enjoying the same shall sprinkle, clean, keep in repair, and pave and repave so much of said street, highway or other public place as may be occupied by said railway as lies between the railway track, and between the lines of double track and for a space of two feet of said tracks.

SEC. 133. Every ordinance granting any franchise shall provide that at the expiration of the period for which the franchise was granted, the city, at its election, and upon the payment of a fair valuation therefor to be made in the manner provided in the ordinance making the grant, may purchase and take over to itself the property and plant of the grantee in its entirety, but in no case shall the value of the property of the grantee be considered or taken into account in fixing such valuation. Or it may be provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which the franchise was granted, become the property of the city, without any compensation to the grantee.

SEC. 134. Every ordinance granting any franchise may further provide that upon the payment by the city of a fair valuation in the manner provided in the ordinance, the plant and property of the grantee shall become the property of the city by virtue of the grant in payment thereunder, and without the execution of any instrument or conveyance. Or in case it is provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which it was granted, become the property of the city without any compensation to the grantee, the property and plant of the grantee shall then become the property of the city by virtue of the grant and without the execution of any instrument or conveyance.

ARTICLE XXI.

INITIATIVE.

SEC. 135. Any proposed ordinance may be submitted to the council by a petition signed by registered electors of the city, equal in number to the percentages hereinafter contained; *provided*, notice of the intention to circulate such a petition, together with a copy of the proposed ordinance and a statement in not more than two hundred words, giving the proponents' reasons for the adoption of such ordinance, shall be filed with the city clerk at least five days before such petition is circulated. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed, and that notice of the intention to circulate said petition was filed with the city clerk at least five days prior to the time any signature was appended to said petition. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and, if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay.

SEC. 136. If the petition accompanying the proposed ordinance is signed by qualified electors of the city, equal in number to fifteen per cent of the total number of registered electors at the last preceding general municipal election and contain a request that said ordinance be submitted forthwith to the vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendum vote under the provisions of Article XXII of this charter); or

(b) Within twenty-five days after the clerk shall have attached to the petition his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people.

SEC. 137. If the petition be signed by qualified electors of the city, equal in number to at least five per cent of the total number of registered electors at the last preceding general municipal election, and said ordinance be not passed by the council as provided in the preceding subdivision, then such ordinance without alteration shall be submitted by the council to the vote of the people at the next general municipal election that shall occur at any time after twenty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

SEC. 138. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the council shall cause the ordinance or proposition to be printed, and it shall be the duty of the clerk to enclose a printed copy thereof, together with a statement in not more than two hundred words, giving the proponents' (or opponents' in case of a referendum election) reasons for the adoption (or rejection) of such ordinance, and the statement, —if any, in not more than two hundred words made by the council, giving the reasons why such proposed ordinance should not be (or should be) adopted, in an envelope with a sample ballot, and mail the same to each voter at least three days prior to the election, or the council may order such ordinance or proposition, together with the reasons for and against the adoption of the same, to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballots.

SEC. 139. The ballots used for voting upon such proposed ordinance shall set forth in full the title of the proposed ordinance and shall state the general nature of the proposed ordinance and shall contain the words, "For the ordinance" and "Against the ordinance." If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, said ordinance shall take effect five days after the declaration of the official canvass, which canvass shall be made within seven days after the day of election.

SEC. 140. Any number of proposed ordinances under the initiative and any number of ordinances under the referendum may be voted upon at the same election in accordance with the provisions of this article.

SEC. 141. There shall not be held under this article of the charter more than one special election in any period of one year, unless the petitioners shall first file with the city auditor a certified check for an amount equal to the total cost of the last preceding general municipal election, for the purpose of defraying the expenses of said special election, and after said expenses are paid and deducted, the balance, if any, shall be returned to the petitioners.

SEC. 142. A substantial compliance with the provisions of this article shall be sufficient for the holding of an election hereunder, and the approval or rejection of any measure submitted thereat, and the council shall by ordinance make such further regulations as may be necessary to carry out the provisions of this article.

ARTICLE XXII.

REFERENDUM.

SEC. 143. No ordinance passed by the council shall go into effect before thirty days from the time of its final passage, except when otherwise required by the general laws of the state or by the provisions of this charter, respecting street improvements and except an ordinance making the annual tax levy and except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of its urgency and is passed by a four-fifths vote of the council; *provided*, that no grant of any franchise shall be construed to be an urgency measure but all franchises shall be subject to the referendum vote herein provided. If during said thirty days a petition signed by qualified electors of the city equal in number to at least twenty per cent of the total number of registered voters at the last preceding general municipal election, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation and it shall be the duty of the council to reconsider such ordinance; and if the same be not entirely repealed, the council shall submit the ordinance as is provided in Article XXI of this charter, to the vote of the electors of the city, either at the next general municipal election or at a special election to be called for that purpose and such ordinance shall not go into effect or become operative unless a majority of qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of Section 135, except as to the percentage of signers and shall be examined and certified by the clerk in all respects as is therein provided, and notice of the intention to circulate such petition, together with a statement, in not more than two hundred words, giving the opponents' reasons for the rejection of such ordinance, shall be filed with the clerk at least five days before such petition is circulated.

SEC. 144. Any ordinance or measure that the council or the qualified electors of the city shall have authority to enact, the council may of its own motion submit to

the electors for adoption or rejection at a general or special municipal election, in the same manner and with the same force and effect as is provided in this charter for ordinances or measures submitted on petition. At any special election called under the provisions of this charter, there shall be no bar to the submission of other questions to a vote of the electors in addition to the ordinance or measures herein provided for, if said other questions are such as may legally be submitted at such election. If the provisions of two or more measures approved or adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

SEC. 145. There shall not be held under this article of the charter more than one special election in any period of one year unless there shall be first filed with the city auditor a certified check for an amount equal to the total cost of the last preceding general municipal election, for the purpose of defraying the expenses of said special election; and after said expenses are paid and deducted, the balance, if any, shall be returned to the person or persons who filed said check.

SEC. 146. Sections 138, 139 and 142 of this charter applying to the initiative shall govern elections held under the authority of this article so far as applicable.

SEC. 147. The council shall, by ordinance, make such further regulations as may be necessary to carry out the provisions of this article.

ARTICLE XXIII.

RECALL.

SEC. 148. Every incumbent of an elective office, whether elected by popular vote or appointed thereto to fill a vacancy, shall be subject to removal from office by recall by the voters of the city. The procedure to effect such removal from office shall be as follows: A petition, signed by qualified electors of the city equal in number to at least twenty per cent of the total number of registered electors at the last preceding general municipal election, demanding an election of a successor to the person sought to be removed shall be filed with the city clerk; *provided*, that at least five days before any petition for the recall of an officer is circulated for signatures thereto, an affidavit in triplicate by, or on behalf of the person or persons proposing such recall, shall be filed with the city clerk who shall at once deliver one of said affidavits to the office of said officer sought to be recalled, and send one by registered mail to the residence of such officer. Said affidavit shall contain a statement of the intention to circulate a petition for the recall of said officer, a statement of not more than two hundred words, giving the grounds for such recall and the address of the party making the affidavit. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number, and one of the signers of each such paper shall make oath, before an officer authorized to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed, and that said affidavit was filed with the city clerk as hereinbefore prescribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors; and if necessary, the council shall allow him extra help for that purpose and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall within ten days after such amendment make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall order and fix a day for the holding of said election, not less than thirty nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

SEC. 149. The city council shall make, or cause to be made, all arrangements for the holding of such election and the same shall be conducted, returned and the result thereof declared in all respects as are other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. Other candidates may be nominated as provided in Section 95; *provided, however*, that nomination certificates may be filed at any time prior to fifteen days before the day of election.

SEC. 150. Upon both the sample and official ballots there shall be printed in not more than two hundred (200) words a statement of the reasons for demanding the recall of the officer as set forth in the recall petition, and the statement, if any, in not more than two hundred (200) words, made by the officer justifying his course in office.

SEC. 151. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall there-

upon be deemed removed from the office upon the qualification of his successor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

SEC. 152. No person petition shall be filed against any election officer until he has actually held his office for at least six months, and no second or subsequent recall petition shall be filed against the same officer for a period of six months from the time of the last recall election relating to said officer nor at any subsequent time during his term of office, unless the petitioners for such second or subsequent recall election shall first deposit with the auditor a certified check for an amount equal to the total cost of the next recall election for the purpose of defraying the expenses of the recall election petitioned for, if at the election, said officer is reelected, said check shall be returned to the petitioners, but if said officer is not recalled, said check shall be cashed and turned over to the general fund of the city.

SEC. 153. The council may, by ordinance, make such further provisions as may be necessary to carry out the provisions of this section.

ARTICLE XXIV.

COMMITTEE SUBSTITUTE FOR SENATE BILL No. 1177.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section eleven of an Act approved March 31, 1891, entitled "An Act to provide for the formation, government, operation, and dissolution of sanitary districts in any part of the State, for the construction of sewers, and other sanitary purposes; the acquisition of property thereby; the calling and conducting of elections in such districts; the assessment, levy, collection, custody, and disbursement of taxes therein; the issuance and disposal of the bonds thereof, and the determination of their

validity, and making provision for the payment of such bonds, and the disposal of their proceeds," as amended March 9, 1909, is hereby amended to read as follows:

Section 11. On the first Monday of July each year, at the hour of 7.30 p. m., the sanitary board shall meet at its usual place of meeting within said district, and proceed to organize itself into a board of equalization, and if the sanitary assessor has returned the assessment list for said year said board shall proceed to equalize the property so assessed and returned by said sanitary assessor. If said assessment list has not been returned by said sanitary assessor said board must adjourn from day to day until said assessment list has been returned, and for the purpose of adjournment one or more of the members of said board present may make said adjournment and announce the same. Upon the assessment list having been returned by the assessor, said board of equalization shall proceed to equalize the property listed on said assessment list, and said board shall continue in session as a board of equalization until the property upon the entire list returned by the assessor shall have been examined, rectified and equalized, with such reasonable interruptions during the day and from day to day as may be expedient. The board shall have power to hear complaints as to the proceedings of the assessor, and to adjudge and determine the controversy thereon, and may of its own motion raise an assessment, after such reasonable notice to the party whose assessment is to be raised, as may be ordered by the board. After the examination and rectification of the assessor's list shall have been completed, the board shall, by resolution, fix the rate of taxation for sanitary purposes, designating the number of cents on each one hundred dollars to be levied for each fund, and shall designate the fund into which the same shall be paid; but no more than fifteen cents on each one hundred dollars shall be levied for all the sanitary purposes of any one year, besides what shall be required for the payment of the principal and interest of such year upon outstanding bonds. After the entry in the minutes of the resolution fixing the rate of taxation, the sanitary board shall cause the assessor to compute the amount of the tax upon each piece of real and personal property, and enter the same upon the assessment list in a suitable place. The list, when so completed, shall be verified by the assessor and signed by the president and secretary; and the amount of the tax shall thereupon become a lien upon the property upon which it is assessed, and shall have the effect of a judgment against the person of the owner thereof, and every such lien shall have the force and effect of an execution duly levied against all the property of the delinquent; and the judgment shall not be deemed satisfied or the lien extinguished until the taxes are paid or the property sold to satisfy the same, and no statute of limitations shall apply; *provided*, that the total amount of bonds so voted for or issued at any one time shall not exceed fifteen per cent of the taxable property of the district as shown by the last equalized assessment book of the county, nor shall the bonded indebtedness of the district for the construction of sewers and other sanitary purposes ever at any one period exceed the amount of fifteen per cent of said taxable property of the district whether it be made up of one issue of bonds or of several issues.

SEC. 2. Section twenty-two and one half of an Act approved March 31, 1891, entitled "An Act to provide for the formation, government, operation, and dissolution of sanitary districts in any part of the State, for the constructing of sewers, and other sanitary purposes; the acquisition of the property thereby; the calling and conducting of election in such districts; the assessment, levy, collection, custody, and disbursement of taxes therein; the issuance and disposal of the bonds thereof, and the determination of their validity, and making provision for the payment of such bonds, and the disposal of their proceeds," as amended March 9, 1909, is hereby amended to read as follows:

Section 22. The boundaries of any sanitary districts may be altered, and enclosing contiguous territory in the same county as such sanitary district annexed thereto in the manner following:

A petition signed by the owner or owners representing more than one half of the assessed valuation of such contiguous territory proposed to be annexed as shown by the last equalized assessment book of the county in which said sanitary district is situated, designating specifically the boundaries of such contiguous territory proposed to be annexed, and the assessed valuation thereof as shown by said last equalized assessment book, and stating that such territory is not within the limits of any other sanitary district, and asking that such territory be annexed to said sanitary district, shall be presented to the sanitary board thereof, together with a duly executed bond for the sum of not less than one hundred (\$100) dollars, to be approved by said sanitary board and filed with the county treasurer as security for the payment by said petitioners of the reasonable costs of the election hereinafter provided for, in the event that, at said election, less than a majority of the votes cast are in favor of the annexation of the proposed territory to the sanitary district.

When such petition is presented and a bond approved and filed as above provided for, the sanitary board must within thirty days thereafter order that an election be held for the purpose of determining whether or not such proposed territory shall be annexed. The order must fix the day of such election, which must be within sixty days from the date of the order, and must show the boundaries of the proposed district; this order shall be entered in the minutes of the sanitary board and shall be conclusive evidence of the due presentation of a proper petitioner, and of the fact that each of the petitioners was at the time of the signing of the petition and the presentation thereof a resident and a freeholder within the limits of the proposed district to be annexed.

A copy of such order shall be posted for four successive weeks prior to the election, in three public places within the proposed district, and shall be published for four successive weeks prior to the election in some newspaper published in the district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week.

At any reasonable time prior to the day fixed for the election, the board shall select one or more polling places both within said sanitary district and the territory proposed by the petition to be annexed, and submit to the electors of such sanitary district and to the electors of the territory proposed by the petition to be annexed to such sanitary district, taken separately, the question whether such territory outside of the sanitary district already formed shall be annexed thereto and become a part thereof. The board shall appoint officers of election, both within the sanitary district and the territory proposed by the petition to be annexed, which election shall be at the usual places of voting if there be such, and make all necessary and proper arrangements for holding the election, both in the sanitary district and the territory proposed by the petition to be annexed. The ticket shall contain the words, "For Annexation to the Sanitary District" and "Against Annexation to the Sanitary District." The election shall be conducted in accordance with the general election laws of the State, so far as the same shall be applicable, except as herein otherwise provided. Every qualified elector resident within the district and in the territory proposed by the petition to be annexed for the length of time necessary to enable him to vote at a general election shall be entitled to vote at the election above provided for. After the votes shall have been announced the ballots shall be sealed up and delivered to the secretary or president of the sanitary board which shall, as soon as practicable proceed to canvass the same separately, and shall enter the result upon the minutes. Such entry shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided by this Act or by law, and of the facts stated in such entry. If at said election less than a majority of all the votes cast in the sanitary district and a majority of all the votes cast in the territory proposed by the petition to be annexed, be in favor of the annexation of the proposed territory to the sanitary district the signers of said petition shall, within ten days after canvassing of the votes of said election, pay to the sanitary board a sum of money covering reasonable costs of said election, *provided*, the same shall be not greater than the bond before given, and if said sum of money is not so paid within ten days as aforesaid, the sanitary board shall have the right of action under said bond to recover the reasonable costs of said election, and the sanitary board shall, by order disapprove said petition and enter the same in the minutes of said board and no other proceedings shall be taken in relation thereto until the expiration of one year from the presentation of said petition except to collect the costs of said election as herein provided, and if, at such election, a majority of all the votes cast in the sanitary district and a majority of all the votes so cast in the territory sought to be annexed, taken separately, be in favor of the annexation of the proposed territory to the sanitary district, the sanitary board shall pay the expenses of said election from the proper funds of the sanitary district and shall make and cause to be entered in the minutes of said board and endorsed on said petition an order approving said petition, and said petition shall thereupon be transmitted to and filed with the board of supervisors of the county in which such sanitary district is situated. Said board of supervisors, at its next regular meeting after the filing of said petition, shall by an order alter the boundaries of said sanitary district and annex thereto the contiguous territory described in said petition. Such order shall be conclusive evidence of the validity of all prior proceedings leading to such annexation and recited in said order, and from and after the same such territory shall become and be a part of such sanitary district.

The property within such territory so annexed shall be taxed together with the remainder of said district, to pay its proportion of the unpaid bonded or other indebtedness of such sanitary district existing at the time of such annexation incurred for the cost of construction, estimated as hereafter provided, of main sewers already constructed in said district, and also to pay the running expenses of said district. The engineer of such district shall, when required by the sanitary board thereof, estimate the unpaid cost of construction of all main sewers, already constructed in said district at the time of such annexation, and such estimate when approved by the sanitary board shall be final and conclusive and shall be the basis upon which said sanitary board shall tax said annexed territory.

At any time after the annexation of such contiguous territory the sanitary board may, by an order entered in the minutes, call an election within such annexed territory for the purpose of determining whether bonds shall be issued for the construction of sewers therein. Such order shall fix the day of the election and shall specify the amount of money to be raised, and shall state in general terms the purposes for which it is to be raised. A copy of which order shall be posted for four successive weeks prior to the election in at least three public places within such annexed territory in said district, and shall be published for four successive weeks

prior to the election in some newspaper published within the district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week.

At any time prior to the day fixed for the election the board shall select one polling place within said annexed territory, appoint officers of election therein, and make all necessary and proper arrangements for holding the election. The tickets shall contain the words, "For the Issuance of Bonds as Proposed by the Sanitary Board," or "Against the Issuance of Bonds as Proposed by the Sanitary Board."

The election shall be conducted in accordance with the general election laws of the State so far as the same shall be practicable, except as herein otherwise provided.

Every qualified elector, resident within such annexed territory for the length of time necessary to enable him to vote at a general election, shall be entitled to vote at the election above provided for.

After the votes shall have been announced the ballots shall be sealed up and delivered to the secretary or president of the sanitary board, which shall, as soon as practicable, proceed to canvass the same, and shall enter the result on its minutes. Such entry shall be conclusive evidence of the fact and regularity of all the prior proceedings of every kind and nature provided by this Act or by law, and of the facts stated in such entry, and if at such election two thirds of the votes cast be in favor of the issuance of bonds as proposed by the sanitary board, the said board shall thenceforth have full power and authority to issue and dispose of bonds as proposed in the order calling the election.

All bonds so issued shall be of such denomination as the sanitary board may determine except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars. Such bonds shall be payable in gold coin of the United States at the office of the county treasurer of the county wherein said district is situated and shall bear interest at a rate not exceeding five per centum per annum, which interest shall be payable semiannually in like gold coin. Not less than one twentieth part of the total issue of bonds shall be payable each year on a day to be specified by the sanitary board, but no bond shall be payable in installments, but each bond issued hereunder shall be payable in full on the date specified therefor by said board. Each bond shall be signed by the president and countersigned by the secretary of the sanitary board, and said bonds shall be numbered consecutively beginning with number one, and shall have coupons attached referring to the number of the bond to which they are attached, which coupons shall be signed by the president and countersigned by the secretary of said board.

The bonds must be disposed of by the sanitary board in such manner and in such quantities as may be determined by such board in its discretion, but no bond must be disposed of for less than its face value.

The proceeds of such sale shall be deposited with the county treasurer and shall be by him placed in the fund to be called "The sewer construction fund of annexed territory of _____ sanitary district" (naming it). The money in such fund shall be used for the purposes indicated in the order calling the election upon the question of the issuance of the bonds, and for no other purpose; *provided*, that if after such purposes are entirely fulfilled any balance remains in such fund, such balance may by the order of the sanitary board be transferred to the "bond, interest and redemption fund" for the redemption of bonds and the payment of interest thereon, issued under the provisions of this section.

If the result of the election be against the issuance of bonds no other election upon the question shall be called or held for a period of one year.

It is hereby made the duty of the sanitary board to levy each year upon the property within the said annexed territory a sufficient tax to pay off the interest accruing upon said bonds for the respective year as each falls due, and also to pay at least one twentieth of the principal of said bonds so that the entire amount of the principal and interest of said bonds shall be paid within twenty years from the date of the issuance of said bonds; and it is hereby made the duty of the tax collector, or such other person as may be charged with the duty of collecting the sanitary district taxes, to collect the tax so to be levied, and the duty of the sanitary board to order the same paid in manner and form as provided by this Act, and the duty of the county treasurer to pay the same. If, for any reason, any portion of the tax for any year remains unpaid, and in consequence thereof any portion of the interest or principal due for any year remains unpaid, the same shall be added to and levied for the next year, and be collected and paid accordingly.

The payment of the whole amount of the principal and interest of all said bonds, within twenty years from their issuance, is hereby made the imperative duty of the annexed territory; and, if necessary, for that purpose, a special tax shall be levied by the sanitary board on the property situate in said annexed territory; and it is hereby made the duty of every officer and board to do his respective part towards the levy, collection and payment of such tax; and mandamus shall issue from the superior court of the county in which the district is situated, or from any other competent court upon the application of any party interested for the purpose of compelling the performance of the duty imposed by this Act upon any and all boards and officers.

If the result of any election upon the question of the issuance of bonds for such annexed territory be in favor of such issuance, the sanitary board may, in their discretion, before such issuance, commence in the superior court of the county a special proceeding to determine their right to issue such bonds and the validity thereof, similar to the proceedings in relation to irrigation bonds provided for by an Act entitled "An Act supplemental to 'An Act to provide for the organization and government of irrigation districts, and to provide for the acquisition of water and other property, and for the distribution of water thereby for irrigation purposes,' approved March seventh, eighteen hundred and eighty-seven, and to provide for the examination, approval, and confirmation of proceedings for the issue and sale of bonds issued under the provisions of said Act," and all the provisions of said Act shall apply to and govern the proceedings so to be commenced by the sanitary board, so far as the same are applicable, and said proceedings shall be in accordance with the provisions of said Act so far as the same are applicable, and the judgment in such proceedings shall have the same effect as a judgment in relation to irrigation bonds under the provisions of said Act.

The bonds so issued by said treasurer shall be payable to the party to whom they issue, or order, and shall be serial bonds, as is hereinbefore described, and shall bear interest at the rate specified in the resolution of intention to issue same.

They shall have annual coupons attached thereto payable in annual installments the second day of January in each year after the date of the bond, until the maturity, and each coupon shall be for an even annual proportion of the principal of the bond. They shall have semiannual interest coupons thereto attached, the first of which shall be payable upon the second day of January or July, as the case may be, next after its date, and shall be for the interest accrued at that time, and the last coupon shall be for the amount of interest accruing from the second day of January or July, as the case may be, next preceding the maturity of said bonds to the maturity thereof. The city treasurer shall, in addition to his other duties in the premises, report all coupon payments of principal upon said bonds to the street superintendent, who shall forthwith indorse the same upon the margin of the record of assessment to the credit of which the same is paid and said assessment shall be a first lien upon the property affected thereby, until the bond issued for the payment thereof, and the accrued interest thereon shall be fully paid. Said coupons, from their issuance, shall be conclusive evidence of the regularity of all proceedings thereunder said street work Act, and under this Act, previous to the making of the certified list of all assessments imposed to the amount of twenty-five dollars or more by the street superintendent, to the city treasurer, and of the validity of assessing up to the date of said list.

Senate Bill No. 1141 (Committee Substitute for)—An Act to provide for the improvement of public streets, lanes, alleys, courts, places, and sidewalks, and for the construction of sewers within municipalities, and providing a system of street improvement bonds to represent the assessments for the cost of such improvement, and also for the payment of such bonds.

During second reading of the bill, the following committee substitute was submitted by committee:

COMMITTEE SUBSTITUTE FOR SENATE BILL NO. 1141.

An Act to provide for the improvement of public streets, lanes, alleys, courts, places, and sidewalks, and for the construction of sewers within municipalities, and providing a system of street improvement bonds to represent the assessments for the cost of such improvement and also for the payment of such bonds.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. All streets, lanes, alleys, places, courts, avenues, boulevards, highways, crossings, intersections, and public ways in the municipalities of this State now open, or dedicated, or which hereafter may be opened or dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places, courts, avenues, boulevards, highways, crossings, intersections, and public ways, for the purposes of this Act, and the legislative body of each municipality is hereby invested with jurisdiction to order to be done thereon any work mentioned in this Act, under the proceedings hereinafter described. Said street or streets shall be sufficiently designated for the purposes of this Act when referred to by the name or names by which they are commonly known.

SEC. 2. Whenever the public interest or convenience may require, the legislative body is hereby authorized and empowered to order the whole or any por-

tion, either in length or width of one or more of the streets, lanes, alleys, places, courts, avenues, boulevards, highways, crossings, intersections, or public ways thereof of any such city, graded or regraded, planked or replanked, paved or repaved, macadamized or remacadamized, graveled or regraveled, piled or repiled, capped or recapped, oiled or reoiled, sewerred or resewered, and to order the construction or reconstruction of sidewalks, manholes, culverts, bridges, cesspools, storm-water drains, gutters, tunnels, curbs and crosswalks, in or along the same, or to order storm-water ditches, conduits, or channels, breakwater levees, or walls of rock, or other material, to protect the same from overflow or injury, and also to order a sewer or sewers, for drainage or sanitary purposes, to be constructed in, over, or through, any right of way, granted or obtained for such purpose, and also to order storm-water drains with outlets for drainage or sanitary purposes in, over, or through any right of way, granted or obtained for such purpose; and the construction or reconstruction of any work of the character in this section enumerated, which may in its opinion be necessary to complete or to repair the improvements of any part of any work constructed under this Act or under the provisions of "An Act to provide for work upon streets, lanes, alleys, places, courts, and sidewalks, and for the construction of sewers within municipalities," approved March 18, 1885, and the several Acts amendatory thereof, and supplementary thereto.

SEC. 3. Before ordering any improvement made which is authorized by this Act, the legislative body of the city shall pass a resolution of intention so to do, by which resolution the improvement shall be briefly described, and for such description it may refer to plans and specifications on file with the city clerk or city engineer. By such resolution of intention, and the proceedings subsequent thereto, one or more of the improvements authorized by this Act may be made on one or more streets or any portion or portions thereof and shall constitute one improvement and be constructed under one contract. Whenever the proposed improvement in the opinion of said legislative body is of more than local or ordinary public benefit, it may make the expense of such improvement chargeable upon a district, which in its opinion is the district benefited by said improvement, and it shall describe the extent of said district in general terms in its resolution of intention, either by reference to street lines or block numbers, or by designating its exterior boundaries by their courses and distances from the street or streets the improvement of which is contemplated, and refer for a more particular description thereof to a map on file with the city engineer of said city, showing the exterior boundary lines of said district, and delineating block and lot numbers or containing such details as will show the location of such lines.

SEC. 4. Said resolution of intention shall be published twice in a daily, semi-weekly, or weekly newspaper, published and circulated in the said city, the second publication being in an issue of the paper published on a day subsequent to the date of the first publication. The superintendent of streets shall cause to be conspicuously posted along the line of said proposed improvement, at not more than three hundred feet in distance apart, notices of the passage of said resolution, and when in said resolution of intention the work has been made chargeable upon a district, then such notices shall also be posted along all open streets and portions of such streets contained within said district at not more than three hundred feet in distance apart but not in alleys or streets not opened or not used for general public travel. Said notice shall be headed "Notice of Proposed Improvement," in letters at least one inch in height, and shall state the fact of the passage of the resolution of intention, and briefly the improvement proposed. Such posting shall be deemed to have fulfilled the requirements hereof when there has been a substantial compliance with the foregoing provisions respecting the manner of posting, and no irregularities connected therewith shall affect the validity of the proceedings, unless the same shall have been willful or substantial. The city clerk shall also mail a printed copy of the resolution of intention to each owner of the lots fronting on said proposed improvement or contained within the assessment district, when the expenses are to be assessed upon a district, whose name and address he may obtain. For this purpose the city assessor shall upon the passage of the resolution of intention furnish the said city clerk a list of such property owners and their addresses so far as the same are shown by the records of his office, and it shall be a sufficient compliance herewith for the city clerk to deposit a copy of such resolution of intention in the post office of said city, postage prepaid, addressed to each property owner contained in the list so furnished by the city assessor. Such mailing shall not be prerequisite to acquiring jurisdiction to order the improvement, but it shall be the duty of such city clerk to mail the said copies with reasonable diligence after the passage of the resolution of intention and he shall file an affidavit showing the time and manner of his compliance with this requirement. The superintendent of streets shall, upon completing the posting, publish a notice once in a daily, semi-weekly or weekly newspaper published and circulated in said city and designated by the legislative body for that purpose, stating the fact of the completion of the posting of the notices of proposed improvement, and the date of completing such posting.

SEC. 5. The owners of a majority of the frontage of the property fronting on said proposed improvement, or when the cost of said improvement has been made chargeable upon a district, then the owners of a majority of the frontage of property fronting upon the proposed improvement, together with the owners of a majority

of the frontage of property fronting upon the streets or parts of streets contained within the limits of said assessment district, may make a written protest against said improvement within fifteen days after the date of the second publication of the resolution of intention, or within fifteen days after the publication of the notice of the completion of the posting of notices of the proposed improvement by the superintendent of streets. Such protests shall be filed with the city clerk, who shall indorse thereon the date of their reception by him, and such objections so delivered and indorsed shall, except when the work or improvement proposed to be done is the construction of any sewer or storm-water drain, be a bar for six months to any further proceedings in relation to the making of said improvement unless the owners of one half or more of the frontage as aforesaid shall, meantime, petition for the said work to be done. Objections to the extent of the district to be assessed to pay the expenses of said improvement may be made by any owner or owners of property contained in said assessment district within the same period above provided for the filing of protests against the work. Such objections shall show the amount of frontage owned by each signer together with the post office address of each objector. Whenever an objection to the extent of the proposed assessment district or to the construction of any sewer or storm-water drain shall have been filed, the legislative body of said city shall fix a time for hearing the same, and the city clerk shall notify the persons making such objections by depositing a notice thereof in the post office of said city, postage prepaid, addressed to the addresses given by each objector, at least three days prior to the time fixed for said hearing. At the time fixed for said hearing, or at the time or times at which said hearing may be adjourned, the said legislative body shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive. It may in its discretion modify the extent of the proposed assessment district, in which event a new resolution of intention shall be passed containing a description of the modified district, and said new resolution shall be published and notices thereof posted in the manner heretofore provided with respect to the original resolution of intention.

When no protests against said work or no objections to the extent of the proposed assessment district have been filed within the time above specified, or when a protest shall have been filed and is found by said legislative body to be insufficient, or when the objections to the extent of the proposed district shall have been heard, and shall have been denied, immediately thereupon the said legislative body shall be deemed to have acquired jurisdiction to order the proposed improvement. Upon acquiring jurisdiction, the said legislative body may by resolution order the improvement described in the resolution of intention to be done. Such resolution need not describe the improvement nor the extent of the assessment district when the expense of said work is to be chargeable upon a district, but may refer to the resolution of intention for such description. The superintendent of streets shall then publish a notice reciting the fact of the passage of the resolution ordering the work, and inviting sealed proposals or bids for making the improvement thereon ordered, twice in one or more daily, semi-weekly, or weekly newspapers, published and circulated in said city. He shall also cause a copy of such notice to be posted conspicuously for five days on or near the council chamber door of said legislative body. He shall state in said notices the time within which the said proposals may be filed with the city clerk, which shall not be less than ten days from the date of the first publication of the notice inviting bids, and likewise the period after the date of the signing of the contract therefor within which the contemplated improvement shall be completed.

SEC. 6. Whenever any lot, piece or parcel of land belonging to the United States, or to the State of California, or any lot, piece or parcel of land belonging to any county, city, public agent, mandatory of the government, school board, educational, penal or reform institution, or institution for the feeble-minded or the insane, and being in use in the performance of any public function, shall front upon the proposed work or improvement, or be included within the district declared by the city council in its resolution of intention to be the district to be assessed to pay the costs and expenses thereof, said city council shall, in the resolution of intention, declare whether or not said lots, pieces or parcels of land, or any of them, shall be omitted from the assessment thereafter to be made to cover the costs and expenses of said work or improvement. In the event that said lots, pieces or parcels of land, or any of them, shall by said resolution be omitted from the assessment, then the total expense of all work done shall be assessed on the remaining lots fronting on the work or improvement, or lying within the limits of the assessment district, without regard to such omitted lots, pieces or parcels of land. In the event that the council shall, in such resolution of intention, declare that said lots, pieces or parcels of land so owned as aforesaid, or any of them, shall be included in the assessment, or in the event that no declaration is made respecting such lots, pieces or parcels of land, then such sum or sums as thereafter may be assessed against such lots, pieces or parcels of land, so owned and used, shall be payable by the said city out of the general fund, unless the legislative body shall in its resolution of intention designate another fund, and the contract for said work or improvement thereafter made by the superintendent of streets shall contain a provision to that effect.

SEC. 7. The legislative body may, in its discretion, order, by resolution that the whole or any part of the cost and expenses of any of the work mentioned in this

Act be paid out of the treasury of the municipality from such fund as the council may designate, in which case it shall be so stated in the resolution of intention. Whenever a part of such cost and expenses is so ordered to be paid, the superintendent of streets, in making up the assessment heretofore provided for such cost and expenses, shall first deduct from the whole cost and expenses such part thereof as has been so ordered to be paid out of the municipal treasury, and shall assess the remainder of said costs and expenses proportionately upon the lots, fronts of lots, and lands fronting on the streets where said work was done, or liable to be assessed for such work, and in the manner in this Act provided.

SEC. 8. All proposals or bids offered shall be accompanied by a check payable to the order of the mayor of the city, certified by a responsible bank, for an amount which shall not be less than ten per centum of the aggregate proposed. The legislative body of said city shall, in open session, open, examine, and publicly decide on the said proposals or bids. It may reject any and all proposals or bids if it deems this for the public good, and also the bid of any person who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the price named in his bid, which award may be made by action noted in the minutes of said legislative body but shall not be effective unless a majority of the members of said legislative body shall have voted in favor thereof.

Notice of such award of contract shall be published twice in a daily newspaper, published and circulated in said city, or in cities where there is no daily newspaper, by one insertion in a semi-weekly or weekly newspaper so published and circulated. At any time within fifteen days from the date of the first publication of the notice of award of contract any owner of or other person having any interest in any lot or land liable to assessment who claims that any of the previous acts or proceedings relating to said improvement are irregular, defective, illegal, erroneous, or faulty, may file with the clerk of the city council a written notice specifying in what respect said acts and proceedings are irregular, defective, illegal, erroneous, or faulty. Said notice shall state that it is made in pursuance of this section. All objections to any act or proceeding prior to the time aforesaid of the notice of award relating to said improvement not made in writing in the manner and at the time aforesaid shall be waived, excepting as to the matter directly affecting the acquiring of jurisdiction by the said legislative body to order the said work of improvement. If in the opinion of said legislative body, any such specification is well taken, it may abandon the said proceedings or such portion of the same as it may deem desirable to correct or modify, and proceed as in the first instance. Within twenty days from the date of the first publication of the notice of award of contract, when no objections of the character herein mentioned are filed, the successful bidder shall enter into a contract to make said improvement at the prices specified in his bid. In the event that objections are filed, and are rejected by the legislative body, then within five days after receiving notice from the city clerk of such rejection the successful bidder shall enter into said contract. If such bidder neglects, fails, or refuses to enter into such a contract within said period, then the legislative body without further proceedings shall again advertise for proposals or bids as in the first instance, and award the contract for said improvement to the then lowest regular bidder.

SEC. 9. The superintendent of streets is hereby authorized in his official capacity to make all written contracts and receive all bonds authorized by this Act. All such contracts shall specify the time for the completion of the improvement, which shall be the period mentioned in the notice calling for bids. The superintendent may extend the time so fixed from time to time under the direction of the said legislative body, and the work shall be prosecuted with diligence from day to day to completion. The work provided for must in all cases be done under the direction and to the satisfaction of the superintendent of streets, and the materials used shall comply with the specifications, and be to the satisfaction of said superintendent of streets. In the event that the work is not prosecuted with diligence, the said legislative body may, after hearing, upon notice served upon the contractor or his bondsmen, by resolution entered in its minutes, prescribe such terms and conditions as to it may seem fit and proper before permitting the contractor to continue with the work. If thereafter the said contractor shall fail to comply with the said contract and with the terms and conditions so prescribed the said legislative body may after a hearing had in the manner above first provided declare said contract forfeited and all the rights of the contractor therein terminated. Whereupon the street superintendent shall readvertise for bids for the performance of the said work or such portion of it as may remain uncompleted, and the contract therefor shall be awarded and entered into in the same manner heretofore provided for such awarding and execution in the first instance, and upon the completion of the work, the contractor to whom it may be awarded, or his assigns, shall be entitled to an assessment issued to cover the expenses of the work done under his contract.

SEC. 10. The contractor shall, before executing the said contract, file with the superintendent of streets a good and sufficient bond satisfactory to and approved in writing by the superintendent of streets, with two or more sureties in such sum as the mayor may deem adequate, and payable to the city conditioned for the faithful

performance of the contract, and the sureties shall justify before any person competent to administer an oath in double the amount mentioned in said bond over and above all statutory exemptions. The contractor shall, before executing the said contract, file with the superintendent of streets a good and sufficient bond satisfactory to and approved in writing by said superintendent of streets in a sum of not less than of one half of the total amount payable by the terms of said contract. Such bond shall be executed by the principal and at least two sureties, who shall qualify for double the sum specified in said bond and shall be made to inure to the benefit of any and all persons, companies, or corporations, who perform labor on, or furnish materials to be used in the said work or improvement, and shall provide that if the contractor to whom said contract was awarded or any assignee of such contractor fails to pay for any materials so furnished for the said improvement, or for any work or labor done thereon, and should the sureties will pay the same to an amount not exceeding the sum specified in said bond. Any materialman, person, company or corporation, furnishing materials to be used in the performance of the work specified in said contract, or who performed work or labor upon the said improvement, whose claim has not been paid by the said contractor, person, company, or corporation to whom the said contract was awarded, may within thirty (30) days from the time said improvement is completed, file with the superintendent of streets a verified statement of his or its claim, together with a statement that the same, or some part thereof, has not been paid. At any time within ninety days after the filing of such claim, the person, company or corporation filing the same or his or its assigns may commence an action on said bond for the recovery of the amount due on said claim, together with the costs incurred in said action and a reasonable attorney's fee, to be fixed by the court, for the prosecution thereof.

SEC. 11. Before being entitled to a contract, the bidder to whom the award was made, must advance to the superintendent of streets, for payment by him, the cost of publication of the notices, resolutions, orders, and other incidental expenses and matters required under the proceedings prescribed in this Act, and such other matters as may be deemed requisite by the city council. And in case the work contemplated by the city before the letting of the contract, the incidental expenses incurred previous to such abandonment shall be paid out of the city treasury. In the event that the contractor shall abandon his contract, or his contract shall be abandoned by reason of his failure to prosecute the work with diligence, the said expenses shall be held by the city to apply on the incidental expenses already incurred, and the contractor to whom the contract may be awarded on readvertisement shall not be obliged to advance any incidental expenses, but in the event that the amount so deposited by the first contractor shall not cover the total amount of such incidental expenses, said contractor, to whom the contract is awarded after the readvertisement, shall be obliged to pay the deficit, if any there be, before being entitled to an assessment.

SEC. 12. The city engineer shall make duplicate diagrams of the property fronting upon the proposed work or improvement or contained within the assessment district when the expenses of the proposed improvement are to be assessed upon a district. Such diagrams shall show each separate lot, piece or parcel of land, with an appropriate number, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done. And when said diagrams shall have been approved by the legislative body, and the clerk has certified the fact and the date thereof, said diagrams shall be delivered to the superintendent of streets of said city, who shall as soon as the contractor of any street work has fulfilled his contract to the satisfaction of said superintendent of streets, or legislative body on appeal, proceed to estimate on the lands, lots or portions of lots fronting on said work when no district has been established of lands to be assessed, or when a district has been established, upon the lands, lots or portions of lots within said district, the benefits arising from such work, and to be received by each said lot, portion of lot or parcel of land, and shall thereupon make an assessment to cover the sum due for the work performed and specified in said contract (including the incidental expenses) and shall assess upon and against said lots and lands the total amount of the costs and expenses of such work. And in so doing he shall assess said total sum upon the several pieces, parcels, lots, portions of lots, and parcels of land upon each respectively, in proportion to the said benefits to be received by each of said several lots, portions of lots, or subdivisions of land. When the work shall not have been declared by the resolution of intention to be of more than local or ordinary public benefit, and shall not have been made assessable upon a district, the lots, pieces, or parcels of land liable to be assessed for such improvement shall be those fronting upon the street or streets improved, and those situated in the quarter blocks and irregular blocks adjoining and cornering upon the crossings or where there is a termination in the two quarter blocks adjoining and cornering on the same.

Such assessments shall cover the sum due for the work performed as specified in said contract, and shall also include all incidental expenses. Such incidental expenses shall include the compensation of the city engineer for work done by him; also the cost of printing, advertising, and posting required by this Act; also the compensation of the person or persons appointed by the superintendent of streets to take

charge of and superintend any of the work of constructing said improvements; also the expenses of making the assessment for any of the work authorized by this Act. The amount of all such incidental expenses shall be settled and allowed by the street superintendent upon itemized bills duly verified by oath of the demandor.

Said assessment shall briefly refer to the contract, and shall show the amount to be paid therefor, together with the incidental expenses, the amount of each assessment, the name of the owner of each lot, piece, or parcel of land (if known to the street superintendent); if unknown, the word "Unknown" shall be written opposite the number of the assessment, together with the amount assessed thereon. The assessments upon the respective lots, or parcels of land assessed shall be numbered to correspond with the numbers in the diagram. To said assessment shall be attached a warrant which shall be signed by the superintendent of streets, and countersigned by the mayor of said city. The said warrant shall be substantially in the following form:

By virtue hereof, I (name of superintendent of streets), of the city of _____, county of _____ (or city and county of _____,) and State of California, by virtue of the authority vested in me as said superintendent of streets, do authorize and empower (name of contractor), (his or their) agents or assigns, to demand and receive the several assessments upon the assessment hereto attached, and this shall be (his or their) warrant for the same.

(Date.)

(Name of superintendent of streets.)

Countersigned by

(Name of mayor.)

Said warrant and assessment, shall be recorded in the office of the superintendent of streets and one diagram shall be there filed. When so recorded, the several amounts assessed shall be a lien upon the lands, lots or portions of lots assessed respectively, for the period of two years from the date of said recording unless sooner discharged; and from and after the date of said recording of any warrant and assessment all owners and all other persons interested in the work provided for, shall be deemed to have notice of the contents of the record thereof.

SEC. 13. After said warrant and assessment are recorded, the same shall be delivered to the contractor, or his agent or assign, together with one of the diagrams, on demand, and by virtue of said warrant, said contractor, or his agent or assign shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in said assessment. The contractor or his assign, or some person in his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed on each lot, piece or parcel of land. If any payment be made to the contractor, his assigns or some person in his or their behalf, a receipt shall be given, which, when presented to the superintendent of streets, shall authorize him to release such assessment when demanded by the property owner. It shall be the duty of the contractor, his agent or assign, to promptly notify the superintendent of streets of all payments made to him, whereupon the said superintendent shall release assessments which have been fully paid. Whenever the name of the owner of the lot is stated as "Unknown" on the assessment, then the same contractor, or his assigns or some person in his or their behalf, shall publicly demand payment on the premises assessed. The warrant shall be returned to the superintendent of streets within thirty (30) days after its date with a "return" endorsed thereon, signed by the contractor, or his assigns or some person in his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any assessments remain unpaid in whole or in part, and the amount thereof. Thereupon the superintendent of streets shall record the return so made in the margin of the record of the warrant, and assessment. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of ten per centum per annum until paid. The superintendent of streets shall give a good and sufficient discharge of any assessment upon the presentation to him of a receipt from the said contractor, or his assigns, showing the assessment has been paid in full together with interest thereon.

Upon the recording of the assessment and warrant, the superintendent of streets shall notify the legislative body of the city of such recording, and it shall thereupon fix a time when it will hear and pass upon the assessment, and the proceedings thereon had and taken, which shall not be later than twenty days from the date of such recording, and cause notice thereof to be given by publication for five days in a newspaper published and circulated in said city, or in cities where there is no daily newspaper, for two times in a semi-weekly or weekly newspaper so published. The owners, the contractor or his assigns, and all other persons interested in the work contracted for, or in the assessment for the expenses of the same, having any objection to the assessment or any of the previous proceedings connected therewith, or who claim that the work has not been performed according to the contract in a good and substantial manner, or making any objection to the correctness or legality of the assessment or proceedings, may at any time prior to the time fixed for said hearing, file a written notice briefly specifying the grounds of their objections. At the time fixed for the hearing or at such time or times not later than ten days there-

after, to which such hearing may be postponed, the legislative body of said city shall hear and pass upon all objections so made and filed. All the decisions and determinations of said legislative body, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities, and irregularities which said legislative body might have remedied or avoided at any time during the progress of the proceedings.

SEC. 14. At any time after the period of thirty-five (35) days from the date of the said warrant, or if any appeal is filed with the legislative body as provided in Section 13 of this Act, at any time after five (5) days from the decision of said legislative body, the contractor, or his assigns, may sue in his own name the owner of the lands, lots, or portions of lots assessed and recover the amount of any assessment remaining unpaid with interest thereon at the rate of ten per cent per annum until paid. In all cases of recovery under the provisions of this Act, where personal demand has been made, and the owner has refused to pay such assessment so demanded, the plaintiff shall recover in addition to the taxable costs, a reasonable attorney's fee. When separate actions shall have been commenced for the foreclosure of the liens arising under a single proceeding, such actions may by order of the court be consolidated, where the parties defendant are identical.

Suit may be brought in the superior court, within whose jurisdiction the city is, in which said work has been done, and in case any assessments are made against lots, portions of lots, or lands, the owners whereof cannot with due diligence be found, the service of summons may be had in the manner prescribed in the Codes and laws of this State. The said warrant, assessment, and diagram, with the affidavit of demand and nonpayment, shall be held prima facie evidence of the regularity and correctness of the assessment, and of the prior proceedings and acts of the superintendent of streets and city council, upon which said warrant, assessment, and diagram, are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order said premises to be sold on execution as in other cases of the sale of real estate by the process of said courts; and, on appeal, the appellate court shall be vested with the same power to adjudge and decree a lien, as is decreed in the court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In all suits now pending or hereafter brought for recovery of street assessments, the proceedings therein shall be governed and regulated by the provisions of this Act, and also when not in conflict herewith by the Codes of this State. This Act shall be liberally construed to effect the ends of justice. The person owning the fee, or the person in whom, on the day the action is commenced, appears the record title to the lots and lands by deeds duly recorded in the county recorder's office of such county, or the person in possession of lands, lots, or portions of lots, or buildings under claim or exercising acts of ownership over the same for himself, or an executor, administrator, or guardian of the owner shall be regarded, treated, and deemed to be the "owner" for the purpose of this law, according to the intent and meaning of that word as used in this Act. The word "lot" as used in this section shall be held to mean the lots as shown by recorded plats of additions or subdivisions existing at the date of the approval of the engineer's diagram, but if there be no such recorded plat or if the owners of property have disregarded the lines of lots as platted, then the parcel of ground, or lot treated as one parcel, shall be regarded as a lot for the purposes hereof.

SEC. 15. Whenever in any suit, the lien of any assessment or reassessment, or of any bond issued to represent the amount assessed on any lot in such assessment or reassessment shall be defeated, or held invalid because a portion of the improvement ordered was for any reason without the power of the legislative department to order in said proceedings, or was not properly embraced within the contract for said work, or in the assessment made to cover the expenses, the owner of the warrant or the holder of such bond shall be entitled to a decree from the court determining what portion of said assessment shall be authorized or legal, and there shall thereafter be issued to him by the superintendent of streets within sixty days, and in accordance with the directions of such decree, a new assessment for an amount which the court shall find was the reasonable value of the portion or portions of the improvement properly and legally authorized by the proceedings, which amount shall be assessed upon the property in the same manner as provided in this Act for issuing the original assessment, which reassessment shall be a lien upon the property so reassessed for two years from the date of recording the said reassessment and warrant and filing a diagram, and may be enforced in the same manner as an original assessment could be enforced, and the holder or holders of bonds representing the original assessments shall be entitled to new bonds, on each lot, piece or parcel of land representing respectively the amount assessed by such reassessment.

Whenever in any such suit the lien of an assessment, or of a bond issued to represent the amount of such an assessment, shall be defeated or held invalid for any cause arising subsequent to the acquiring of jurisdiction by the legislative body to order said work; or when such lien shall have been defeated or held invalid for any cause, and it shall also appear that the owner of the property holding the

same at the time the notice of the award of contract was published shall have had personal knowledge of the intention to order the same or shall prior thereto have received a mailed copy of the resolution of intention, and shall not have filed a protest against the improvement or a notice of his objections to any of the proceedings such as is provided for by Section 8 of this Act, the owner of such assessment or bond shall be entitled to and shall recover from the owner of the lot, piece or parcel of land covered by said assessment, such sum as the court shall find such lot, piece or parcel of land to have been actually benefited by the said improvement, which sum, however, shall not exceed the amount which would have been properly assessable against said lot, piece, or parcel of land under the assessment or assessments made pursuant to the contract had such assessment or assessments been valid and binding.

SEC. 16. The superintendent of streets shall keep a public office in some convenient place within the municipality, and such records as may be required by the provisions of this Act. The records so kept and signed by him shall have the same force and effect as other public records, and copies therefrom duly certified may be used in evidence with the same effect as the originals. The said records shall during all office hours be open to the inspection of any person wishing to examine them free of charge.

SEC. 17. The city engineer, or where there is no city engineer, the secretary of city and county surveyor, shall be the proper officer to do the surveying and other engineering work necessary to be done under this Act, and to survey and measure the work to be done under contracts for grading and macadamizing streets, and to estimate the costs and expenses thereof, and every certificate signed by him in his official character shall be prima facie evidence in all courts in this State of the truth of its contents. He shall also keep a record of all surveys made under the provisions of this Act, as in other cases. In all those cities where there is no city engineer, the legislative body thereof is hereby authorized and empowered to appoint a suitable person to discharge the duties herein laid down as those of city engineer, and all the provisions hereof applicable to the city engineer shall apply to such person so appointed. Said city council is hereby empowered to fix his compensation for such services.

The superintendent shall, when in his judgment it is necessary, appoint a suitable person to take charge of and superintend the construction of any improvement constructed under the provisions of this Act, whose duty it shall be to see that the contract made for doing the said work is strictly fulfilled in every respect, and in case of any departure therefrom to report the same to the superintendent of streets. Such person shall be allowed such compensation as the legislative department shall fix, but not to exceed five dollars per day. Such sum shall be deemed to be incidental expenses, and shall be included in the amount of the assessment.

SEC. 18. Whenever any railroad track or tracks of any description exist upon the street or streets upon which the legislative body of any city has ordered an improvement to be made, and has excepted therefrom the portions used by the track, between the rails and for two feet on each side thereof, and between the tracks if there be more than one, the said order, unless said legislative body shall by resolution theretofore passed have declared the contrary, shall be deemed to be and constitute a requirement that the person or company having said railroad track or tracks thereon shall improve the said portion with improvements similar in all respects to, with the same materials, under the same specifications and superintendence, and to the like satisfaction as those ordered to be performed by said order ordering the work, and the resolution of intention and notice of proposed improvement shall be construed and are hereby declared to be notice to said person or company of the intention to order the same. Thereupon it shall be the duty of said person or company having such track or tracks on such street or streets to notify in writing the superintendent of streets if such person or company elects to perform such work at its own charge and expense and under its own direction, said notice must be delivered to the superintendent of streets within ten days after the first publication of notice of award of contract. The omission or neglect to make such election shall be construed as constituting the superintendent of streets the agent of the owner of said track or tracks, with authority to enter into a contract made in accordance with the provisions of this section for making the said improvements. Said superintendent of streets shall advertise for bids for the improvement of said portions of street or streets lying between the rails and for two feet on each side thereof, and between the tracks, if there be more than one. It shall be the duty of said legislative body to award the contract for the making of said improvements to the lowest regular responsible bidder. Such bidding and awarding of contracts shall be made in the same manner hereinbefore provided for the awarding of contracts for improvements, excepting that no notice of award shall be published. Immediately upon the award, the superintendent of streets shall enter into a contract with the person to whom said contract was awarded for the making of said improvement or improvements upon the portions of the street or streets described in said notice inviting bids, and at the price stated in said bid. The contractor shall execute bonds in the manner required by section ten of this Act. Upon the completion of the work and its acceptance, the street superintendent shall make a certificate of such completion together with a statement of

the amount due under the terms of said contract for the performance of said work. Such certificate shall be countersigned by the mayor of said city, and shall be recorded in the office of said superintendent of streets. The contractor shall thereupon be entitled to payment of the full amount of said contract price, and the recording of such certificate shall be sufficient notice to the owner of such track or tracks that said contract price is due and payable. In the event that such amount is not paid within thirty days from the date of the recording of said certificate, the contractor may file a sworn statement to that effect with the superintendent of streets, who shall record the same in his office in the book in which the certificate of acceptance has been recorded. Said contractor shall thereupon have a cause of action against said person or company owning said track or tracks for the amount of said contract, together with a reasonable attorney's fee, and shall also have as a security for the recovery of such amount, a first lien upon the track and franchises of said person or company, between whose rails or tracks the said work has been performed, contained within the corporate limits of the said city. In such suit, the certificate of the superintendent of streets, hereinbefore mentioned, shall be and constitute prima facie evidence of the regularity of all proceedings, and of the right of the contractor to recover judgment against said person or company. Execution may be taken out upon the entry of judgment, and levied upon any property of said person or company subject to execution. In the event that said person or company shall file the written election to perform such work at its own cost and expense and under its own direction, no further proceedings shall be taken in the matter unless such person or company neglects or fails for thirty days, or for such further time as the legislative body may grant, to make said improvement. In the event that the improvement of the portions of the street or streets above described, between the rails and for two feet on each side thereof, and between the tracks if there be more than one, shall not be made with diligence, or in all respects similar to the improvement of the rest of the street, or with the same materials or under the same specifications, and to the satisfaction of the superintendent of streets, the legislative body of said city may, by resolution entered in its minutes, prescribe such terms and conditions as to it may seem fit and proper before permitting the said person or company to continue with the said improvement. If the said person or company shall, after three days' notice of the adoption of said resolution, fail to comply with the terms and conditions so prescribed, the said legislative body may declare said person or company to have forfeited its privilege of performing such work under its own direction. Whereupon the street superintendent shall advertise for bids for the performance of such work, or such portions thereof as may remain uncompleted, and the contract therefor shall be awarded and entered into in the same manner hereinbefore provided for the awarding and execution of contracts where said person or company has not elected to make the improvement under its own direction; and upon the completion of the improvement, the contractor to whom such contract may be awarded, or his assigns, shall be entitled to a certificate from the street superintendent similar to that hereinbefore provided for, and shall have the right to collect from said person or company by suit the amount specified in such certificate in all respects the same as is hereinbefore provided where the contract is let for such improvement in the first instance.

SEC. 19. When any portion of any street, alley, or public place in said city shall be out of repair or needing reconstruction, or in a condition to interfere with the public convenience in the use thereof, it shall be the duty of the superintendent of streets to notify the owner of any lot or portion of a lot, fronting on the portion of such street, alley, or public place, so out of repair or needing reconstruction, to repair or reconstruct such portion of said street, alley, or public place, to the center line of said street, alley, or public place, in front of the property of which he is the owner, or to repair the sidewalk in front of such property in case such sidewalk shall need repair or reconstruction, and he shall state in such notice what work is required to be done and what materials shall be used in said work and how the same shall be done. If said repairs or reconstruction be not commenced within ten days after notice given, as aforesaid, and prosecuted to completion diligently, the said superintendent of streets may under authority from said legislative body let a contract for the performance of such work. He shall post notice at his office for two days inviting bids for the doing of said work of repair or reconstruction, and the contract shall be awarded by him to the lowest bidder, and a contract in writing shall be entered into with the successful bidder. Upon the completion of said repairs or reconstruction to the satisfaction of said superintendent of streets, he shall make and deliver to said contractor a certificate to the effect that said repairs or reconstruction, or both, have been properly made, and state what amount is payable by each owner for the same, which certificate shall be recorded in the office of said superintendent of streets in a book kept for that purpose, and all owners of property in front of which such improvement shall have been performed, shall be deemed to have notice of the contents of the record thereof. The contractor may make demand for the amount due by serving written notice upon the owners, referring to the certificate so recorded, and if the contractor be not paid on demand, he shall have the right to sue each owner for the amount due and payable from each respectively, and the said certificate of the superintendent of streets shall be prima facie evidence of the amount claimed for the work and materials and of the right of the contractor

to recover for the same in such action, and the amount so due and payable shall be a first lien upon the respective lots, pieces or parcels of land against which it may be charged and shall have the same effect as the lien hereinbefore provided for in section twelve of this Act and may be enforced in the same manner.

In addition, the legislative body shall have power by ordinance to prescribe the penalties that shall be incurred by any owner for neglecting or refusing to make repairs when required, which penalties shall be recovered for the use of the city by prosecution in the name of the people of the State of California, in the court having jurisdiction thereof, and may be applied, if deemed expedient, by the said legislative body in the payment of the expense of any such repairs not otherwise provided for.

SEC. 20. The legislative body may, in its discretion, determine by its resolution of intention that the whole or any part of the cost and expenses of any of the improvement mentioned in this Act shall be paid out of the treasury of the municipality from such fund as it may designate. In such case, the superintendent of streets in making up the assessment for the costs and expenses of said improvement shall first deduct from the whole costs and expenses, such part thereof as has been so ordered to be paid out of the municipal treasury, and shall assess the remainder of said costs and expenses proportionately upon the lots, piece or parcel of land fronting on the streets improved, or such as are liable to be assessed for such work, in the manner in this Act hereinabove provided.

The legislative department of any municipality in this State may, in its discretion, determine that serial bonds shall be issued to represent the cost of said improvement which shall be issued in the manner and form hereinafter provided. Said serial bonds shall extend over a period not to exceed ten years from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date, until the whole is paid, and the interest shall be payable semiannually, by coupon, on the second days of January and July, respectively, of each year, at the rate of not to exceed ten per cent per annum on all sums unpaid until the whole of said principal and interest is paid. Said bonds and interest thereon shall be paid at the office of the city treasurer of said municipality, who shall keep a fund designated by the name of said bonds, into which he shall receive all sums paid him for the principal of said bonds and the interest thereon, and from which he shall disburse such sums, upon presentation of said coupon; and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said city treasurer shall keep a register in his office which shall show the serials, number, date, amount, rate of interest, payee, and indorsers of each bond, and the number and amount of each coupon of principal or interest paid by him, and shall cancel and file each coupon so paid.

When said legislative body shall determine that serial bonds shall be issued to represent the expenses of any proposed work or improvement under this Act, it shall so declare in the resolution of intention to do said work, and shall specify the rate of interest which they shall bear. The like description of said bonds shall be inserted in all notices of said proceedings required by this Act to be either posted or published; and also a notice that a bond will issue to represent each assessment of twenty-five dollars or more remaining unpaid for thirty days after the date of the warrant, or five days after the decision of said legislative body upon an appeal, and describing the bonds, shall be included in the warrant provided for in section twelve of this Act.

SEC. 21. After the expiration of thirty days from the date of the warrant, or if an appeal be taken to the legislative body as provided in section thirteen of this Act, then five days after the final decision of said legislative body, and after the street superintendent shall have recorded the return, the street superintendent shall make and certify to the city treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars or over, upon any assessment or diagram number; and said treasurer shall thereupon make out, sign and issue to the contractor, or his assigns, payee of the warrant and assessment, a separate bond, representing upon each lot or parcel of land upon said list the total amount of the assessments against the same, as thereon shown. And if said lot or parcel of land is described upon said assessment and diagram by its number or block, or both, upon the official map of said municipality, or upon any map on file in the office of the county recorder of the county in which said municipality is situated, then it shall be in said bond a sufficient description of said lot or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map.

Said bond shall be substantially in the following form:

This bond is issued to represent the cost of certain street work upon _____, in the _____ of _____, as the same is more fully described in assessment number _____, issued by the street superintendent of said _____, after acceptance of said work, and recorded in his office. Its amount is the amount assessed in said assessment against the lot or parcel of land numbered therein, and in the diagram attached thereto, as number _____, and which now remains unpaid, but until paid, with accrued interest, is a first lien upon the property affected thereby, as the same is described herein, and in said recorded assessment with its diagram, to wit: the lot or parcel of land in said _____ of _____, county of _____, State of California, _____.

This bond is payable exclusively from said fund, and neither the municipality nor any officer thereof is to be holden for payment otherwise of its principal or interest. The term of this bond is _____ years from its date, and at the expiration of said time the whole sum then unpaid shall be due and payable, but on the second day of January of each year after its date an even annual proportion of its whole amount is due and payable, upon presentation of the coupon therefor, until the whole is paid, with all accrued interest at the rate of _____ per centum per annum. Provided, also, that if any person, or his authorized agent, shall at any time before the issuance of the bond for said assessment upon his lot or parcel of land, present to the city treasurer his affidavit, made before a competent officer, that he is the owner of a lot or parcel of land in said list, accompanied by the certificate of a searcher of records, that he is such owner of record, and with such affidavit and certificate, such person notifies said treasurer, in writing, that he desires no bond to be issued for the assessments upon said lot or parcel of land, then no such bond shall be issued therefor, and the payee of the warrant, or his assigns, shall retain his right for enforcing collection, as if said lot or parcel of land had not been so listed by the street superintendent.

The bonds so issued by said treasurer shall be payable to the party to whom they issue, or order, and shall be serial bonds, as is hereinbefore described, and shall bear interest at the rate specified in the resolution of intention to do said work.

They shall have semiannual interest coupons thereto attached, the first of which shall be payable upon the second day of January or July, as the case may be, next after its date, and shall be for the interest accrued at that time, and the last of which shall be for the amount of interest accruing from the second day of January or July, as the case may be, next preceding the maturity of said bonds to the maturity thereof. The city treasurer shall, in addition to his other duties in the premises, report all coupon payments of principal upon said bonds to the street superintendent, who shall forthwith indorse the same upon the margin of the record of the assessment to the credit of which the same is paid and said assessment shall be a first lien upon the property affected thereby, until the bond issued for the payment thereof, and the accrued interest thereon shall be fully paid. Said bonds, by their issuance, shall be conclusive evidence of the regularity of all proceedings thereto under this Act, previous to the making of the certified list of all assessments unpaid to the amount of twenty-five dollars or over by the street superintendent, to the city treasurer, and of the validity of said lien, up to the date of said list.

SEC. 22. Whenever, through the default of the owner of any lot or parcel of land upon which such bond is or may hereafter be issued or to represent the assessment upon said lot or parcel of land, payment, either upon the principal, or of the interest, has not been, or shall not be made when the same has become, or shall become due, and the holder of the bond thereupon demands in writing, that the said city

In case of unoccupied prop-

Such purchaser shall be entitled to receive the sum of fifty cents for his services of such notice and the making of said affidavit, which sum of fifty cents shall be paid by redemptioner at the time and in the same manner as the other sums, costs, and fees are paid.

Subdivision *j*. The deed, when duly acknowledged or proved, is primary evidence of the regularity of all proceedings theretofore had, and conveys to the grantee the absolute title to the lands described therein, as of the date of the expiration of the period for redemption, free of all encumbrances, except the lien for state, county, and municipal taxes.

SENATE CONSTITUTIONAL AMENDMENT No. 20.

A resolution to propose to the people of the State of California, an amendment to the Constitution of the State of California, amending section eight of article eleven of said Constitution, relating to charters of cities, and amendments thereto.

The Legislature of the State of California, at its regular session, commencing on the second day of January, in the year one thousand nine hundred and eleven, two thirds of all the members elected to each of the houses of said Legislature voting in favor thereof, hereby propose that section eight of article eleven of the Constitution of the State of California, be amended so as to read as follows:

Section 8. Any city containing a population of more than three thousand five hundred inhabitants as ascertained and established by the last preceding census, taken under the direction of the Congress of the United States, or by a census of said city, taken, subsequent to the aforesaid census, under the direction of the legislative body thereof, under laws authorizing the taking of the census of cities, may frame a charter for its own government, consistent with, and subject to, the Constitution, (or, having framed such a charter, may frame a new one,) by causing a board of fifteen freeholders, who shall have been, for at least five years, qualified electors thereof, to be elected by the qualified electors of said city, at a general or special municipal election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by a vote of two thirds of all the members of the council, or other legislative body, of such city, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said city, or in pursuance of a petition of qualified electors of said city, as hereinafter provided. Such petition, signed by fifteen per centum of the qualified electors of said city computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for said city, may be filed in the office of the city clerk thereof. It shall be the duty of said city clerk, within twenty days after the filing of said petition, to examine the same and to ascertain from the record of the registration of electors of the county, showing the registration of electors of said city, whether

the petition is signed by the requisite number of qualified electors of such city. If required by said clerk, the council, or other legislative body, of said city shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall present the said petition to said council, or other legislative body, at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said council, or other legislative body, shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days, nor more than sixty days, after the adoption of the ordinance aforesaid, or the presentation of said petition to said council, or other legislative body; *provided*, that if a general municipal election shall occur in said city not less than twenty days, nor more than sixty days, after the adoption of the ordinance aforesaid, or the presentation of said petition to said council, or other legislative body, said board of freeholders may be elected at such general municipal election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections.

It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said council, or other legislative body, to prepare and propose a charter for said city, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the city clerk of said city, and the other in the office of the county recorder of the county in which said city is situated. Said council, or other legislative body, shall thereupon, cause said proposed charter to be published, for at least ten times, in a daily newspaper of general circulation, printed, published and circulated in said city; *provided*, that in any city where no such daily newspaper is printed, published and circulated, such proposed charter shall be published, for at least three times, in at least one weekly newspaper of general circulation, printed, published and circulated in said city, and, in any event, the first publication of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the city clerk. Such proposed charter shall be submitted by said council, or other legislative body, to the qualified electors of said city, at a special election held not less than twenty days, nor more than forty days, after the completion of such publication; *provided*, that if a general municipal election shall occur in said city not less than twenty days, nor more than forty days, after the completion of such publication, then such proposed charter may be so submitted at such general election. If a majority of such qualified electors voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, such charter shall become the charter of such city, or, if such city be consolidated with a county, then of such city and county, and shall become the organic law thereof, and supersede any existing charter, (whether framed under the provisions of this section of the Constitution or not,) and all amendments thereof, and all laws inconsistent with such charter. A copy of such charter, certified by the mayor, or other chief executive officer of said city, and authenticated under the seal of such city, setting forth the submission of such charter to the electors of said city, and its ratification by them, shall, after the approval of such charter by the Legislature, be made in duplicate and deposited, one in the office of the Secretary of State and the other, after being recorded in the office of the recorder of the county in which such city is situated, shall be deposited in the archives of the city, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the council, or other legislative body of the city, to the qualified electors thereof at a general or special municipal election held not less than twenty days, nor more than forty days, after the completion of the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published, and circulated in said city, or for three times in at least one weekly newspaper of general circulation, printed, published and circulated in said city, if there be no such daily newspaper. QUESTION OF PERSONAL PRIVILEGE.

Senator Larkins arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I arise to a question of privilege regarding statements of Senator Gates in the discussion of Assembly Bill No. 248.

According to my recollection, and as I heard him, Senator Gates stated at a meeting of the Committee on Labor, Capital and Immigration, that he desired at that meeting to say a few words upon the amendments. If, however, he says that he did not say so I believe him, for I have more confidence in his veracity than I have in my hearing. But will say that I believe that I heard him say so. I have the profoundest respect for Senator Gates, and if I became unduly warm in my defense of the committee, and myself, when I thought we were assailed without reason, I hope the gentleman will pardon me, for I don't want this matter to end in this way. I hold the Senator in the highest esteem, and I hope our pleasant relations shall continue.

QUESTION OF PERSONAL PRIVILEGE.

Senator Cartwright arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I voted against receding from Senate Amendment No. 3 to the local option bill for the following reasons:

First—The bill provides that heads of households may serve wines at their homes, but it makes the purchase of wines by the head of the household so difficult as to be impracticable to those living at any considerable distance from a winery.

Second—It prohibits the sale of liquors at wholesale by wholesale houses, and confines such sales to the winery.

Third—It confiscates the property of many citizens, and allows but three months for them to readjust their business and get into some other business, which to my mind is ungenerous and unnecessarily harsh.

Fourth—Refusal to recede does not kill the bill, but merely throws it into a conference committee. I have absolute confidence in the fairness of President Wallace, and feel certain that he will appoint a conference committee that will bring in and report a much better bill than the one now under consideration.

Fifth—I have no interest in any winery, brewery, saloon, or other business enterprise manufacturing or dealing in alcoholic liquors, nor do I, or any of my family, use them in the household, excepting upon rare occasions, and then for medicinal purposes.

Also:

Senator Gates arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: Senators in this portion of the Senate Chamber, always delighted to listen to the Senator from Fresno, have been unable to hear more than one third of his argument upon this measure, owing to the fact that he has aimed his voice in the opposite direction. I desire to ask the Senator to also speak in our direction, that we, too, may hear.

Whenever any railroad track or tracks of any description exist upon the street or streets upon which the city council of any city has ordered an improvement to be made, and has excepted therefrom the portions used by the track, between the rails and for two feet on each side thereof, and between the tracks, if there be more than one, the said order, unless said city council shall, by resolution theretofore passed have declared the contrary, shall be deemed to be and constitute a requirement that the person or company having said railroad track or tracks thereon shall improve the said portion with improvements similar in all respects to, with the same materials, under the same specifications and superintendence, and to the like satisfaction as those ordered to be performed by said order ordering the work, and the resolution of intention and notice of proposed improvement shall be construed and are hereby declared to be notice to said person or company of the intention to order the same. Thereupon it shall be the duty of said person or company having such track or tracks on such street or streets to notify in writing the superintendent of streets if such person or company elects to perform such work at its own charge and expense and under its own direction, said notice must be delivered to the superintendent of streets within ten days after the first publication of notice or award of contract. The omission or neglect to make such election shall be construed as constituting the superintendent of streets the agent of the owner of said track or tracks, with authority to enter into a contract, made in accordance with the provisions of this section for making the said improvements. Said superintendent of streets shall advertise for bids for the improvement of said portions of street or streets lying between the rails and for two feet on each side thereof, and between the tracks, if there be more than one. It shall be the duty of said city council to award the contract for the making of said improvements to the lowest regular responsible bidder. Such bidding and awarding of contracts shall be made in the same manner hereinbefore provided for the awarding of contracts for improvements, excepting that no notice of award shall be published. Immediately upon the award, the superintendent of streets shall enter into a contract with the person to whom said contract was awarded for the making of said improvement or improvements upon the portions of the street or streets described in said notice inviting bids, and at the price stated in said bid. The contractor shall execute bonds in the manner required for the execution of contracts for improvements. Upon the completion of the work and its acceptance, the street superintendent shall make a certificate of such completion together with a statement of the amount due under the terms of said contract for the performance of said work. Such certificate shall be countersigned by the mayor of said city, and shall be recorded in the office of said superintendent of streets. The contractor shall thereupon be entitled to payment of the full amount of said contract price, and the recording of such certificate shall be sufficient notice to the owner of such track or tracks that said contract price is due and payable. In the event that such amount is not paid within thirty days from the date of the recording of said certificate, the contractor may file a sworn statement to that effect with the superintendent of streets, who shall record the same in his office in the book in which the certificate of acceptance has been recorded. Said contractor shall thereupon have a cause of action against said person or company owning said track or tracks for the amount of said contract, together with a reasonable attorney's fee, and shall also have as security for the recovery of such amount, a first lien upon the track and franchises of said person or company, between whose rails or tracks the said work has been performed, contained within the corporate limits of the said city. In such suit, the certificate of the superintendent of streets, hereinbefore mentioned, shall be and constitute prima facie evidence of the regularity of all proceedings, and of the right of the contractor to recover judgment against said person or company. Execution may be taken out upon the entry of judgment, and levied upon any property of said person or company subject to execution. In the event that said person or company shall file the written election to perform such work at its own cost and expense and under its own direction, no further proceedings shall be taken in the matter unless such person or company neglects or fails for thirty days, or for such further time as the

city council may grant, to make said improvement. In the event that the improvement of the portions of the street or streets above described, between the curbs and for two feet on each side thereof, and between the tracks if there be more than one, shall not be made with diligence, or in all respects similar to the improvement of the rest of the street, or with the same materials or under the same specifications, and to the satisfaction of the superintendent of streets, the city council of said city may, by resolution entered in its minutes, prescribe such terms and conditions as to it may seem fit and proper before permitting the said person or company to continue with the said improvement. If the said person or company shall, after three days' notice of the adoption of said resolution, fail to comply with the terms and conditions so prescribed, the said city council may declare said person or company to have forfeited its privilege of performing such work under its own direction. Whereupon the street superintendent shall advertise for bids for the performance of such work, or such portions thereof as may remain uncompleted, and the contract therefor shall be awarded and entered into in the same manner hereinbefore provided for the awarding and execution of contracts where said person or company has not elected to make the improvement under its own direction; and upon the completion of the improvement, the contractor to whom such contract may be awarded, or his assigns, shall be entitled to a certificate from the street superintendent similar to that hereinbefore provided for, and shall have the right to collect from said person or company by suit the amount specified in such certificate in all respects the same as is hereinbefore provided where the contract is for such improvement in the first instance.

Subdivision Thirteen. The said council may include in one resolution of intention and order any of the different kinds of work mentioned in this Act, and may include any number of streets and rights of way or portions thereof in one proceeding and one contract, and it may except therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said accepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made, *provided*, that this shall not be construed so as to affect the special provisions as to grading contained in the Act.

SEC. 3. Section thirteen of said Act is hereby amended to read as follows:

"Section 13. When any portion of any street, alley, or public place in said city shall be out of repair or needing reconstruction, or in a condition to interfere with the public convenience in the use thereof, it shall be the duty of the superintendent of streets to notify the owner of any lot or portion of a lot, fronting on the portion of such street, alley, or public place, so out of repair or needing reconstruction, to repair or reconstruct such portion of said street, alley, or public place, to the center line of said street, alley, or public place, in front of the property of which he is the owner, or to repair the sidewalk in front of such property in case such sidewalk shall need repair or reconstruction, and he shall state in such notice what work is required to be done, and what materials shall be used in said work and how the same shall be done. If said repairs or reconstruction be not commenced within ten days after notice given, as aforesaid, and prosecuted to completion diligently, the said superintendent of streets may under authority from said city council let a contract for the performance of such work. He shall post notice at his office for two days inviting bids for the doing of said work of repair or reconstruction, and the contract shall be awarded by him to the lowest bidder, and a contract in writing shall be entered into with the successful bidder. Upon the completion of said repairs or reconstruction to the satisfaction of said superintendent of streets, he shall make and deliver to said contractor a certificate to the effect that said repairs or reconstruction, or both, have been properly made, and state what amount is payable by each owner for the same, which certificate shall be recorded in the office of said superintendent of streets in a book kept for that purpose, and all owners of property in front of which such improvement shall have been performed, shall be deemed to have notice of the contents of the record thereof. The contractor may make demand for the amount due by serving written notice upon the owners, referring to the certificate so recorded, and if the contractor be not paid on demand, he shall have the right to sue each owner for the amount due and payable from each respectively, and the said certificate of the superintendent of streets shall be prima facie evidence of the amount claimed for the work and materials and of the right of the contractor to recover for the same in such action, and the amount so due and payable shall be a first lien upon the respective lots, pieces or parcels of land against which it may be charged and shall have the same effect as the lien hereinbefore provided for in section nine of this Act and may be enforced in the same manner.

"In addition, the city council shall have power by ordinance to prescribe the penalties that shall be incurred by any owner for neglecting or refusing to make repairs when required, which penalties shall be recovered for the use of the city by prosecution in the name of the people of the State of California, in the court having jurisdiction thereof, and may be applied, if deemed expedient, by the said city council in the payment of the expense of any such repairs not otherwise provided for."

If it shall appear to a superintendent of schools by the reports of the principals in the several high schools of his county that pupils living in an adjoining county are attending high school in his county, then said superintendent of schools shall compile a report showing the names of said pupils, the county from which they came and the net cost of educating each and the total cost of educating all of such pupils. Said report shall be forwarded by registered mail, to the superintendent of

schools of the county from which such pupils attend, to be by said superintendent of schools to whom such report is sent filed with the board of supervisors of such county on or before September first of each year.

Second. The cost of educating each high school pupil of any high school district shall be determined by dividing the total amount expended by the high school district for maintaining school during any school year, by the total number of new pupils enrolled in the high schools of the district during the same school year. The amount paid per pupil by the State to any high school district in any one year shall be determined by dividing the high school district's income from the state high school fund for that year, by the total number of new pupils enrolled in the high schools of the district for that year.

SEC. 3. Section 1759 of the Political Code of California is hereby amended so as to read as follows:

1759. *First.* Not later than the first Monday in September of each year the superintendent of schools of each county in which there is not a county high school shall certify to the board of supervisors and to the county auditor of such county, the total net cost, for the preceding year, of educating all high school pupils residing in such county and not in any high school district, and the estimated amount needed for that purpose for the current year.

The board of supervisors with whom such certificate is filed must, at the time of making the tax levy for that year for county purposes, levy a special tax upon all taxable property in the county not situated in any high school district, sufficient in amount to defray the net cost, for the current year, of educating all high school pupils residing in such county and not in any high school district. If it shall appear by the report of the superintendent of schools that pupils residing in one are attending high school in another county, the supervisors of the county in which said pupils live shall levy a tax as is provided by this section to pay the cost of educating such pupils. If the board of supervisors fail to make such tax levy the auditor of the county must make the same. Said tax when collected shall be paid into the county treasury and placed in a fund to be known as the high school tuition fund. The auditor shall not later than the last Monday in December and the last Monday in May of each year notify the superintendent of schools of the amount in such fund, and the superintendent of schools shall thereupon apportion the same to the several high school districts having territory in his county, or to high schools in adjoining counties as provided above, in proportion to the total net cost to each of said districts of educating its high school pupils who reside in his county outside of any high school district, as shown in his report for the preceding school year compiled as directed in section seventeen hundred fifty-eight, and certify such apportionment to the auditor. The amount so apportioned to each high school district shall be paid into the treasury of the county whose superintendent of schools has jurisdiction over such high school district, to the credit of the special fund thereof, and shall be used to maintain the high school, and paid out in the same manner as other high school funds.

Second. The superintendent of schools of a county having high school pupils attending high school in an adjoining county shall draw his order on the county auditor in favor of the superintendent of schools in which such pupils attend school, for any money belonging to any high school outside of his county as provided in this section. The county auditor of said county shall draw his warrant as directed by the superintendent of schools and the county treasurer shall pay the same. A superintendent of schools in whose favor such order is drawn shall pay the amount of said money into the county treasury, to the credit of the high school or schools educating the children from the county paying such money.

SEC. 4. This Act shall take effect at once.

Committee substitute adopted.
